First Aid Training

ITEM:	CHILD CPR TRAINING MANIKIN	
PART NUMBER:	0208000033	
BASIC FUNCTION:		
<p>1. External breast compression and artificial respiration: indicator light display, digital display device and sound prompting device;</p> <p>2. Operation methods: exercise operation</p> <p>3. Examination of carotid response: pinch the pressure ball by hand and simulate carotid pulse;</p> <p>4. Working conditions: output power is 6V, the manostat apply to various external power or direct current of batteries.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	CPR TRAINING MANIKIN	
PART NUMBER:	0208000032	
BASIC FUNCTION:		
<p>Complying with AHA (American Heart Association) 2005 guideline for CPR and ECC, GD/CPR500 provides BLS (Basic Life Support) multimedia courseware, operation process of exercise and test. The system consists of applications software basing on LAN and class management system, and provides practical, effective and detailed instrument for skills training.</p>		
<p>Features:</p> <ol style="list-style-type: none"> 1. Simulating of a patient: the changes of pupils and carotid 2. Open airway 3. CPR: instantaneous graphics displaying of data, statistic report, training evaluation for one or more person, optional sounds related to CPR. 4. Multimedia courseware: teachers and students can dialogize with each other, courseware support synchronized playing (for teaching), random playing (for self-studying), and teacher can make his rounds on training or evaluation process of students (synchronized). 5. Class management, logs recording and playback on training and evaluation processes. 6. Available standalone version and online interactive version. Standalone version can be upgraded to online interactive version. 7. Trauma modules of limbs 		
<p>Alternative Accessories:</p> <ol style="list-style-type: none"> 1. Computer with P2.0 above, 512M memory, 17" display 2. Stainless steel console car 3. First-aid operation console 4. LAN of indoor 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED CPR TRAINING MANIKIN	
PART NUMBER:	0208000031	
BASIC FUNCTION:		
<p>1. External breast compression and artificial respiration: indicator light display, digital display device and sound prompting device;</p> <p>2. Operation mode: exercise mode; examine mode</p> <p>3. Operation time: count the operation time</p> <p>4. Print: print operation result;</p> <p>5. Examination of pupil response: pupil will change into normal size after accomplishing the rescue process;</p> <p>6. Examination of carotid response: touch carotid pulse by hand; simulating spontaneous carotid pulse in compression process; simulating spontaneous carotid pulse after examine operation.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED CPR TRAINING MANIKIN	
PART NUMBER:	0208000030	
BASIC FUNCTION:		
<p>1. External breast compression and artificial respiration: indicator light display, digital display device and sound prompting device;</p> <p>2. Operation mode: exercise mode; examine mode;</p> <p>3. Operation time: count the operation time</p> <p>4. Print: print operation result</p> <p>5. Examination of pupil response: pupil will change into normal size after accomplishing the rescue process;</p> <p>6. Examination of carotid response: touch carotid pulse by hand; simulating spontaneous pulse in compression process; simulating spontaneous carotid pulse after examine operation.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	INFANT CPR TRAINING MANIKIN	
PART NUMBER:	0208000028	
BASIC FUNCTION:		
<p>1. External breast compression and artificial respiration: indicator light display, digital display device and sound prompting device;</p> <p>2. Operation methods: exercise operation</p> <p>3. Examination of carotid response: pinch the pressure ball by hand and simulate carotid pulse;</p> <p>4. Working condition: output power is 6V, the manostat apply to various external power or direct current of batteries.</p>		
SPECIFICATIONS:(As per one set)		
	Size:	60.5x21.5x37.5cm
	G.W.:	7.5kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED TRAUMA SIMULATOR	
PART NUMBER:	0208000027	
BASIC FUNCTION:		
<p>1. Washing, disinfection, hemostasia, enswathement, etc.</p> <p>2. Open fracture, truncation trauma</p> <p>Trauma evaluating modules:</p> <p>1. Facial burn: 1, 2,3 degree</p> <p>2. Laceration in forehead</p> <p>3. The wound in jaw</p> <p>4. Opened clavicular fracture and contusion wound on the chest</p> <p>5. The wound in abdomen with small intension evisceration</p> <p>6. Opened humerus fracture of right upper arm</p> <p>7. Opened fracture of right hand (including parenchyma laceration, fracture and bone tissue exposure)</p> <p>8. Gun wound in the right palm</p> <p>9. Opened fracture of right thighbone</p> <p>10. Compound femur fracture of left thigh</p> <p>11. Metal pricking wound in right thigh</p> <p>12. Opened tibia fracture of right leg</p> <p>13. Opened fracture of right foot with truncating trauma on small phalanx</p> <p>14. Burns in left forearm: 1, 2, 3 degree</p> <p>15. Truncating trauma on left thigh</p> <p>16. Closed tibia fracture of right leg and contusion wounds in left ankle and foot.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	AIRWAY INTUBATION SIMULATOR	
PART NUMBER:	0208000026	
BASIC FUNCTION:		
<p>1. Accurate anatomical marks</p> <p>2. Oral or nasal cavity intubation</p> <p>3. It allows observing the suction position from side face so as to instruct correct method of the intubation skill.</p> <p>4. Wrong operation, stomach inflation or laryngoscope compressing the teeth will activate warning prompting.</p>		
SPECIFICATIONS:(As per one set)		
	Size:	53x53x41cm
	G.W.:	17.5kg

ITEM:	ELECTRIC TRACHEA INTUBATION MODEL	
PART NUMBER:	0208000025	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Accurate anatomical marks 2. Oral or nasal cavity intubation 3. Wrong operation, stomach inflation or laryngoscope compressing the teeth will activate warning prompting; 4. One proper pupil and another mydriasis; 5. Thyrocricoid puncture position instruction 		
SPECIFICATIONS:(As per one set)		
	Size:	52.5x32x36.5cm
	G.W.:	9.5kg

ITEM:	INFANT OBSTRUCTION MODEL	
PART NUMBER:	0208000024	
BASIC FUNCTION:		
<p>Heimlich Maneuver was discovered in the seventies of the twentieth century. The method is mainly used for the first-aid of foreign body airway obstruction and breath arrest.</p> <p>The full-body lifelike infant specially designed for professional training of Heimlich Maneuver, foreign body airway obstruction provides a realistic condition for releasing of a foreign body obstruction through back blows and chest-thrust techniques.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Simulation of natural airway; 2. Airway opening and chest compression; 3. Chest rise when airway opened; 4. Simulation of foreign-body airway obstruction. 		
SPECIFICATIONS:(As per one set)		
	G.W.:	2.3kg
	Size:	48.5x15.5x30cm

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	INFANT AIRWAY MANAGEMENT MODEL	
PART NUMBER:	0208000023	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Realistic anatomy: tongue, cavum oris, pharynx, larynx, chordae vocals, trachea 2. Oral and nasal intubation 3. Lifelike material 4. Simulate head tilt to operate conveniently 5. Directly observe the expansion of lungs and stomach by insufflating air into the tube and stomach so as to verify if the tube position is right. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	NEONATE INTUBATION TRAINING MODEL	
PART NUMBER:	0208000022	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Realistic anatomy of neonate 2. Oral and nasal intubation 3. Lifelike material 4. Directly observe the expansion of lungs and stomach by insufflating air into the tube and stomach so as to verify if the tube position is right. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	COMPREHENSIVE EMERGENCY SKILLS TRAINING MANIKIN	
PART NUMBER:	0208000021	
BASIC FUNCTION:		
<p>Taking the experts and professors' advice and using experience in the first-aid field, we have been able to develop GD/ACLS8000C comprehensive emergency skills training system, with its functions being comprehensively upgraded and refined. Complying with AHA (American Heart Association) 2005 emergency guideline for CPR and ECC, the system provides many species of cardiac disease emergency cases to help physicians train clinical emergency operation procedures via friendly man-machine interface. Through dozens of animation scenes, the system provides abundant real emergency scenes to facilitate diagnosis and differential diagnosis. For different types of cardiac disease, the system provides typically auxiliary examination and drug treatment, and also supports diagnosis of cerebral vascular accident disease and treatment training.</p> <p>Features:</p> <p>(1)Simulation of vital signs: Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Simulate pupil states freely: normal, mydriasis, and myosis, etc; reproduction of carotid artery pulse, patient moaning, coughing and vomiting sound;</p> <p>(2)Respiration mode: simulation of normal respiration, sighing respiration, Cheyne-stokes respiration, Kussmaul-kien respiration and Biot's respiration</p> <p>(3)Airway management: standard oral and nasal intubation, supporting open airway by head tilt and jaw thrust; there is alarm warning if pressure is exerted on teeth; automatically monitor if the intubation site is correct by sensor; support auscultation way to detect intubation site;</p> <p>(4)CPR Operation Training: multiple breathing ways by mouth to mouth, mouth to nose and simple respirator to mouth; electronically monitor airway open, respiratory times, frequency and volume , and compression times, frequency, position and depth; automatically judge the ratio of respiration and chest compression.; showing</p>		

data in real time with English voice prompts during the entire process;

(5)AED training: Multimedia animation displays the AED operation, support real and simulative AED training; automatically external defibrillating machine provides electrode patch and electrode button; automatically monitor if ECG need defibrillation, English voice prompts during the entire process

(6)Defibrillation and pacing training: Multimedia animation displays the operation process of medical defibrillator, which can match defibrillators and pacemakers of different types and factories to achieve real defibrillation and pacing. Equipped with simulative defibrillator and pacemaker, can choose defibrillation energy, the maximal defibrillation energy is 360J; can save customer's cost for buying real defibrillators and pacemakers and achieve same effect;

(7)Usage of simulated injection pump and infusion pump: multimedia animation displays the operation process of both pump;

(8)Training and assessment: With hundreds of test questions; support ECG, emergency theoretical knowledge, emergency scenes, cases and CPR training and assessment; teachers can also include extra tests according to the teaching content;

(9)ECG monitoring: realize monitoring of simulated ECG and real ECG via finger-piece blood detecting head, storage of thousands of normal and abnormal electrocardiogram;

(10)Auscultation: dozens of sound, including normal heart sound, abnormal heart sounds, normal breathing sounds, abnormal breathing sounds, normal bowel sound, abnormal bowel sound

(11)Limbs: BP measurement training and venous puncture, highly realistic arm vein, realistic touching feeling; a characteristic of pop be felt and blood flash back when the puncture is correct;

(12)Emergency scenes script training/ assessment: with dozens of heart disease emergency scenes, covering ventricular fibrillation , pulseless ventricular tachycardia, pulseless electrocardio activity, ventricular systole, acute coronary syndrome, bradycardia, unstable tachycardia, stable tachycardia, acute apoplexy, help

physicians train clinical emergency operation of different heart disease;

(13)Provide multiple drug therapy and typically auxiliary examination, e.g.: chest x-ray, ultrasound ECG and 12-lead ECG, etc;

(14)Script/case editor: Abundant multimedia imaging vividly reproduce the real emergency scenes; the system provides a wide range of common cases; support user-editing simulated first- aid cases; changes of pathogenetic condition and students' operation process will be automatically recorded

(15)LAN teaching: teaching for all students, self-study, practice and assessment, teacher's computer can monitor all the students' computer

(16)Available for standalone version and online interactive version. Standalone version can be upgraded to online interactive version

Components:

Hardware:

- *ACLS Adult manikin
- *GD/HS7 BP measurement trainer
- *Computer console car, rescue console
- *Simple respirator, auscultator, laryngoscope, tracheal cannula, transfusion set

Software

- *LAN application software for teacher V2.0
- *LAN application software for students V2.0
- *ACLS script editor V2.0

Alternative accessories:

- 1.GD/J113 Simulated cardiac defibrillating pacer
 - *Liquid crystal display, can choose energy from 1J to 360J
 - *Can save user's cost for buying real defibrillating pacer and achieve the same effect
- 2.Real cardiac defibrillating pacer
 - *can match defibrillators and pacemakers of different factories and types to achieve real defibrillation and pacing
- 3.GD/J110-4 Advanced trauma modules of limbs

Features:

- *Simulate limbs trauma, replaceable burn skin;
- *Simulate washing, disinfection, hemostasis, enswathing of the wound, fixing and moving of the

patient; simulate open fracture and fragment treatment of various human body parts.

Wound type:

- *Open fracture of right hand
- *Laceration wound of soft tissue
- *Bone tissue exposure
- *Metal pricking wound in right thigh
- *Open fracture of right foot
- *Truncating trauma on small phalanx
- *Burns in left forearm: I, II, III degree

4.GD/J110-6 Advanced trauma evaluation modules

Features:

- *Simulate all kinds of trauma of human body, replaceable burn skin
- *Simulate wound washing, disinfection, hemostasia, enswathing, fixing and moving of patient
- *Simulate open fracture and fragment treatment of various human body sites

Wound type:

- *Facial burn: I, II, III degree
- *Laceration in forehead
- *Wound in jaw
- *Open clavicular fracture and contusion wound in chest
- *Injuries of abdomen with small intestine exposure
- *Open fracture of humerus of right upper arm
- *Open fracture of right hand
- *Lacerating wound of soft tissue
- *Bone tissue exposure
- *Gunshot wound in right palm
- *Open fracture of right thighbone
- *Compound femur fracture of right thighbone
- *Metal pricking wound in right thigh
- *Open tibia fracture of right leg
- *Open fracture of right foot
- *Truncating wound on small phalanx
- *Burns in left forearm: I, II, III degree
- *Truncating trauma on left thigh
- *Closed tibia fracture of left leg and contusion in ankle and foot

5.Simulative multi-parameter monitor

- * LCD screen supplies 12-leads ECG, saturation of blood oxygen, breathing, CO₂, blood pressure (artery blood pressure, central venous pressure, pulmonary

<p>artery pressure, non-invasive blood pressure), cardiac output, etc</p> <ul style="list-style-type: none"> *Simultaneously display chest x-ray, UCG, 12-lead ECG *Touch screen operation <p>6.GD/AED99F automatically external defibrillation machine</p> <ul style="list-style-type: none"> *Provides electrode patch and electrode button *English voice prompt *Automatically detect cardiac rhythm and analyze if defibrillation is needed 	
<p>SPECIFICATIONS:(As per one set)</p>	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	COMPREHENSIVE EMERGENCY SKILLS TRAINING MANIKIN	
PART NUMBER:	0208000020	
BASIC FUNCTION:		

Taking the experts and professors' advice and using experience in the first-aid field, we (have been able to) develop GD/ACLS8000D comprehensive emergency skills training system, with its functions being comprehensively upgraded and refined. Complying with AHA (American Heart Association) 2005 emergency guideline for CPR and ECC, the system provides many species of cardiac disease emergency cases to help physicians train the clinical emergency operation procedures via friendly man-machine interface. Through dozens of animation scenes, the system provides abundant real emergency scenes for physicians to facilitate diagnosis and differential diagnosis. For different types of cardiac disease, the system provides typically auxiliary examination and drug treatment, and also supports cerebral vascular accident disease diagnosis and treatment training.

Features:

- 1.Simulation of vital signs: Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Simulate pupil states: normal, mydriasis, and myosis, etc; carotid artery pulse, femoral artery pulse and radial artery pulse, reproduction of patient moaning, coughing and vomiting sound;
- 2.Respiration mode: simulation of normal respiration, sighing respiration, Cheyne-stokes respiration, Kussmaul-kien respiration and Biot's respiration
- 3.Real and spontaneous breathing; there is thoracic wave when breathing, adjustable respiratory frequency and depth
- 4.Airway management: standard oral and nasal intubation, incision; supporting open airway by head tilt and jaw thrust. There is alarm warning if pressure is exerted on teeth; automatically monitor if the intubation site is correct by sensor; support auscultation way to detect intubation; simulate physical signs of lockjaw, tongue edema, pharyngeal edema, laryngeal spasm, unilateral and bilateral lung obstruction, main airway

blockage

5.CPR Operation Training: multiple breathing ways by mouth to mouth, mouth to nose and simple respirator to mouth; electronically monitor airway open, respiration times, frequency and volume, and compression times, frequency, position and depth; automatically judge the ratio of respiration and chest compression; showing data in real time with English voice prompts during the whole process; if the rescue is successful, manikin's pupil would become to normal states from mydriasis, artery pulsatility and spontaneous breathing would also appear.

6.AED training: Multimedia animation displays the AED operation, support real and simulative AED training; automatically external defibrillation machine provides electrode patch and electrode button; automatically monitor if ECG need defibrillation, English voice prompts during the whole process;

7.Defibrillation and pacing training: Multimedia animation displays the operation of medical defibrillator, which can match defibrillators and pacemakers of different factories and types to achieve real defibrillation and pacing. Be equipped with simulated defibrillator and pacemaker, can choose the defibrillation energy, the maximal energy of defibrillation is 360J, can save customer's cost for buying real defibrillators and pacemakers and achieve same effect;

8.Usage of simulated injection pump and infusion pump: multimedia cartoon displays the operation process of injection pump and infusion pump;

9.Training and assessment: With a large number of test questions, support ECG, emergency theoretical knowledge, emergency scenes, cases and CPR training and assessment; teachers can also add tests according to the teaching content;

10.ECG monitoring: realize monitoring of simulated ECG and real ECG via finger-piece blood detecting head; storage of thousands of normal and abnormal electrocardiogram; Multi-parameter monitor (only for training use) with LCD touch screen supplies many parameters of 12-leads ECG, saturation of blood oxygen, breathing, CO₂, all kinds of blood pressure

(artery blood pressure, central venous pressure, pulmonary artery pressure, non-invasive blood pressure), cardiac output. Simultaneously display chest x-ray, ultrasound ECT, 12-leads ECG, etc;

11.Auscultation: normal heart sound, abnormal heart sounds, normal breathing sounds, abnormal breathing sounds

12.Puncture: thoracic cavity, abdominal cavity, liver, bone marrow and lumbar puncture, gastrointestinal decompression

13.Limbs: BP measurement training and venous puncture, highly realistic arm vein, realistic touching feeling; a characteristic of POP can be felt and blood flash back when the puncture is correct;

14.Emergency scenes script training/ assessment: with dozens of heart disease emergency scenes, covering ventricular fibrillation , pulseless ventricular tachycardia, pulseless electrocardio activity, ventricular systole, acute coronary syndrome, bradycardia, unstable tachycardia, stable tachycardia, acute apoplexy, help physicians train the clinical emergency operation of different electrocardio disease;

15.Provide multiple drug therapy and typically auxiliary examination, such as chest x-ray, ultrasound ECG and 12-lead ECG, etc

16.Script/case editor: Abundant multimedia cartoon vividly reproduce the real emergency scenes; the system provides a wide range of common cases; support user-editing simulated first-aid cases; changes of pathogenetic condition and students' operation process will be automatically recorded;

17.LAN teaching: unified teaching for all students, self-study, practice and assessment, teacher's computer can monitor all the students' computer

18.Be available for standalone version and online interactive version. Standalone version can be upgraded to online interactive version.

Components:

Hardware:

- 1.ACLS adult manikin
- 2.GD/HS7 BP measurement trainer
- 3.Computer console car, rescue console
- 4.Simple respirator, auscultator, laryngoscope, tracheal

<p>cannula, transfusion set</p> <p>Software:</p> <ol style="list-style-type: none"> 1.LAN application software for teacher V2.0 2.LAN application software for students V2.0 3.ACLS script editor V2.0 <p>Alternative accessories:</p> <ol style="list-style-type: none"> 1.GD/J113 Simulated cardiac defibrillating pacer 2.Real cardiac defibrillating pacer 3.GD/J110-4 Advanced trauma modules of limbs 4.GD/J110-6 Advanced trauma evaluation modules 5.GD/J115 Simulative multi-parameter monitor 6.GD/AED99F automatically external defibrillation machine 7.Medical breathing machine 	
<p>SPECIFICATIONS:(As per one set)</p>	

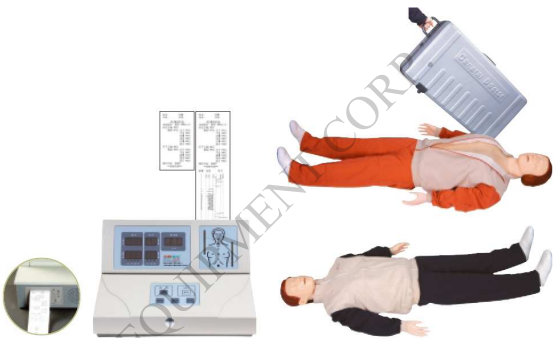

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ALS TRAINING MANIKIN	 <p>The image shows the ALS Training Manikin, a full-body manikin used for medical training. It is shown lying on its back, and a separate view shows the LCD screen with a big display. Below, a smaller image shows the manikin being used in a training scenario with medical personnel.</p>
PART NUMBER:	0208000019	
BASIC FUNCTION:		
<p>Complying with AHA (American Heart Association) 2005 guideline for CPR and ECC, GD/ALS750 provides ALS (Advanced Life Support) comprehensive training in first aid skills. The system consists of full-body manikin and a LCD with big screen. It provides a simple and practical ALS training tool.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Airway management: standard nasal and oral intubation, tracheotomy intubation, supporting to head tilt and Jaw thrust, audible feedback if pressure exerted on the teeth during intubation. 2. CPR: instantaneous displaying graphics of data, statistic report, sound directions related to CPR, result printing. <p>Alternative accessories:</p> <ol style="list-style-type: none"> 1. Rescue console 2. Trauma modules of limbs 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED CPR TRAINING MANIKIN
PART NUMBER:	0208000018
BASIC FUNCTION:	
<p>1. External breast compression and artificial respiration: indicator light display, digital display device and sound prompting device;</p> <p>2. Display dynamic pulse;</p> <p>3. Operation mode: exercise mode; examine mode;</p> <p>4. Operation time: can count and set the operation time;</p> <p>5. Sound prompting device: volume control; turning on or turning off sound prompting device;</p> <p>6. Print: Print operation result</p> <p>7. Examination of pupil response: pupil will change into normal size after accomplishing the rescue process;</p> <p>8. Examination of carotid response: touch carotid pulse by hand; simulating spontaneous carotid pulse in compression process; simulating spontaneous carotid pulse after examine operation;</p> <p>Alternative Accessories:</p> <p>1. Trauma modules of limbs</p>	
SPECIFICATIONS:(As per one set)	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED CPR TRAINING MANIKIN	
PART NUMBER:	0208000017	
BASIC FUNCTION:		
Features:		
<ol style="list-style-type: none"> 1. External breast compression and artificial respiratory: indicator light display, digital display device and sound prompting device; 2. Operation mode: exercise mode; examine mode 3. Operation time: can count and set the operation time 4. Sound prompting device: volume control; turning on or turning off sound prompting device 5. Print: print operation result 6. Examination of pupil response: pupil will change into normal size after accomplishing the rescue process; 7. Examination of carotid response: touch carotid pulse by hand; simulating spontaneous carotid pulse in compression process; simulating spontaneous carotid pulse after examine operation; 8. Working conditions: output power is 24V, the manostat apply to various external power; 		
		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED CPR TRAINING MANIKIN	
PART NUMBER:	0208000016	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. All functions of CPR300S-A 2. Output power is 12V, the manostat apply to various external power. Or adopt direct current of eight No.1 batteries. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	TRACHEOSTOMY SIMULATOR	
PART NUMBER:	0208000015	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. Trachea anatomy is standard; trachea is touchable. 2. Simulate dorsal position and neck extending 3. Percutaneous tracheostomy, including various incision: longitudinal incision, transverse incision, crisscross incision, U shape and inverted-U shape incision 4. Cricothyrotomy endotracheal intubation 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MULTI-FUNCTIONAL AIRWAY MANAGEMENT MODEL	
PART NUMBER:	0208000014	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. Anatomically accurate full sized mouth, tongue, airway, and esophagus. Perfect for placement of endotracheal tubes 2. Respiratory sound auscultation 3. oral, nasal intubation 4. oral, nasal suction 5. soft neck with cricocartilage permits classic Sellick maneuver needed to provide a better view of the vocal cords 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED HALF-BODY CPR TRAINING MANIKIN	
PART NUMBER:	0208000013	
BASIC FUNCTION:		
<p>1. External breast compression and artificial respiratory: indicator light display, digital display device and sound prompting device;</p> <p>2. Operation methods: exercise operation;</p> <p>3. Examination of pupil response: mydriasis and myosis;</p> <p>4. Examination of carotid response: pinch the pressure ball by hand and simulate carotid pulse;</p> <p>5. Working conditions: output power is 6v, the manostat apply to various external power or direct current of four NO.1 batteries, suitable for outdoor operation.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED AUTOMATIC COMPUTER CPR MANIKIN	 <p>The image shows the Advanced Automatic Computer CPR Manikin system. It includes a manikin lying on its back, a control console with a screen and buttons, a laptop displaying software, and a separate control unit. A red starburst graphic with the word 'NEW' is positioned near the manikin.</p>
PART NUMBER:	0208000012	
BASIC FUNCTION:		
<p>The manikin is suitable for social popularization of CPR, CPR training of medical colleges and health system. Guideline: AHA (American Heart Association) 2005 guideline for CPR and ECC.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. All functions of CPR300S-B 2. Class management and student IC card.IC card can be used to record operation result, play the recorded operation and evaluate processes. 3. Trauma modules of limbs 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	AED INSTRUMENT AND CPR TRAINING MANIKIN	 <p>The image shows a blue and white AED instrument next to a half-body CPR training manikin. A red starburst graphic with the word 'NEW' is positioned between them. A diagonal watermark 'CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.' is visible across the image.</p>
PART NUMBER:	0208000011	
BASIC FUNCTION:		
<p>This manikin is suitable for BLS (Basic Life support) and AED (Automated External Defibrillator) training.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Opening or closing the cover will turn on AED instrument. 2. Simulate first-aid procedure; This (only for training use) has not high tension shock motion. 3. Automatically check the position of electrode pad. 4. There are 9 internal scripts, simulating different conditions. 5. Simulate: touch the patient's body when conducting AED; the position of electrode pad is wrong or right; it is need to defibrillate or not; machine has trouble; the electricity is low. 6. Electricity management function: The system automatically checks the batteries electricity. When the electricity is low, there will be sound indicating. Between twice AED, system will enter saving power mode. If there isn't operation in 3 minutes, system will enter waiting mode. <p>Features of half-body CPR manikin:</p> <ol style="list-style-type: none"> 1. Simulate airway opening 2. External breast compression: sound prompting 3. Artificial respiration: observe the fluctuation of chest (Inhalation standard: =500/600ml-1000ml=) 4. Operation frequency: 100 times per minute (the latest international standard) 5. Operation mode: exercise mode <p>Standard Equipment:</p> <ol style="list-style-type: none"> 1. Half-body CPR manikin (1) 2. AED99D (1) 3. Remote controller (1) 4. Defibrillation electrode pad (2) 5. Guide manual (1) 		
SPECIFICATIONS:(As per one set)		

ITEM:	COMPREHENSIVE EMERGENCY SKILLS TRAINING MANIKIN
PART NUMBER:	0208000010
BASIC FUNCTION:	
<p>This product is designed according to experts experience and advice in the first-aid field and in accordance with five-year-old child anatomical characteristic. Complying with AHA (American Heart Association) 2005 emergency guideline for CPR and ECC, GD/ACLS1600 provides abundant real first-aid scenes for emergency physicians to train first aid operation process via friendly man-machine interface. The product is made of imported material with soft, elastic and not easily deformed skin, which is a good helper for pediatric teaching.</p> <p>Features:</p> <ol style="list-style-type: none"> 1.Simulation of vital signs: pupil observation, Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Pupil states: normal, mydriasis, and myosis, etc; simulate carotid arterial pulse; 2.Airway management: realistic mouth, nose, tongue, gum, pharynx, larynx, esophagus, epiglottis, trachea and tracheal ring; can practice tracheal intubation, sputum suction, oxygen inhaling and incision of tracheal nursing; there is alarm warning if pressure is exerted on the teeth during intubation. The transducer would monitor automatically if the tracheal intubation is correct, and also support auscultation to detect intubation position; 3.CPR Operation Training: multiple respiratory ways by mouth to mouth, mouth to nose and simple respirator to mouth; electronically monitor airway open, respiratory times, frequency and volume, and compression times, frequency, position and depth; automatically judge the ratio of respiration and chest compression.; showing data in real time with English voice prompts during the whole process. 4.AED training: Multimedia animation displays the AED operation, support real and simulated AED training; Provide electrode patch and electrode button through automatically external defibrillator; automatically monitor if ECG need defibrillation, English voice prompts during the whole process; 5.Defibrillation and pacing training: Multimedia 	

Venous transfusion Defibrillation CPR

animation displays the operation of medical defibrillator, which can match defibrillators and pacemakers of different factories and types to achieve real defibrillation and pacing. Be equipped with simulated defibrillator and pacemaker, can choose the defibrillation energy, the maximal energy of defibrillation is 360J, can save customer's cost for buying real defibrillators and pacemakers but achieve same effect;

6.Training and assessment: With a large number of test questions; support ECG, emergency theoretical knowledge, emergency scenes, cases and CPR training and assessment;

7.ECG monitoring: realize monitoring of simulated ECG and real ECG via finger-piece blood oxygen detecting head, storage of thousands of normal and abnormal electrocardiogram;

8.Provides many kinds of drug therapy and typically auxiliary examination, chest X-rays, UCG(Ultrasonic cardiograph) etc;

9.Emergency scenes script training /assessment, script/case editor: Abundant multimedia animation, vivid reproduction of real emergency scenes; the system provides a wide range of common cases; support user-editing simulated first- aid cases; changes of pathogenetic condition and students' operation process will be automatically recorded;

10.Child nursing: hair combing, face washing, eye washing and administering, otic drops and irrigation, oral cavity nursing, venipuncture, injection and transfusion(arm), intramuscular injection of bilateral deltoid , vastus lateralis and buttock, male and female urethral catheterization, sponge washing, bandage, replacing of clothes, cold and hot therapy;

11.Limbs joints: bend, rotation, upper and lower movement;

12.Tibia bone marrow puncture: simulate bone marrow puncturation , obvious body surface marker; outflow of simulated bone marrow indicates correct puncture position;

13.LAN teaching: unified teaching for all students, self-study, practice and assessment; teacher's computer can monitor all the students' computer;

14.Be available for standalone version and online

<p>interactive version. Standalone version can be upgraded to online interactive version.</p> <p>Components:</p> <p>Hardware:</p> <ol style="list-style-type: none"> 1.ACLS child manikin 2.GD/HS7 BP measurement trainer 3.Computer console car, rescue console 4.Simple respirator, auscultator, laryngoscope, tracheal cannula, transfusion set <p>Software:</p> <ol style="list-style-type: none"> 1.LAN application software for teacher V1.0 2.LAN application software for students V1.0 3.ACLS script editor V1.0

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	COMPREHENSIVE EMERGENCY SKILLS TRAINING MANIKIN
--------------	--

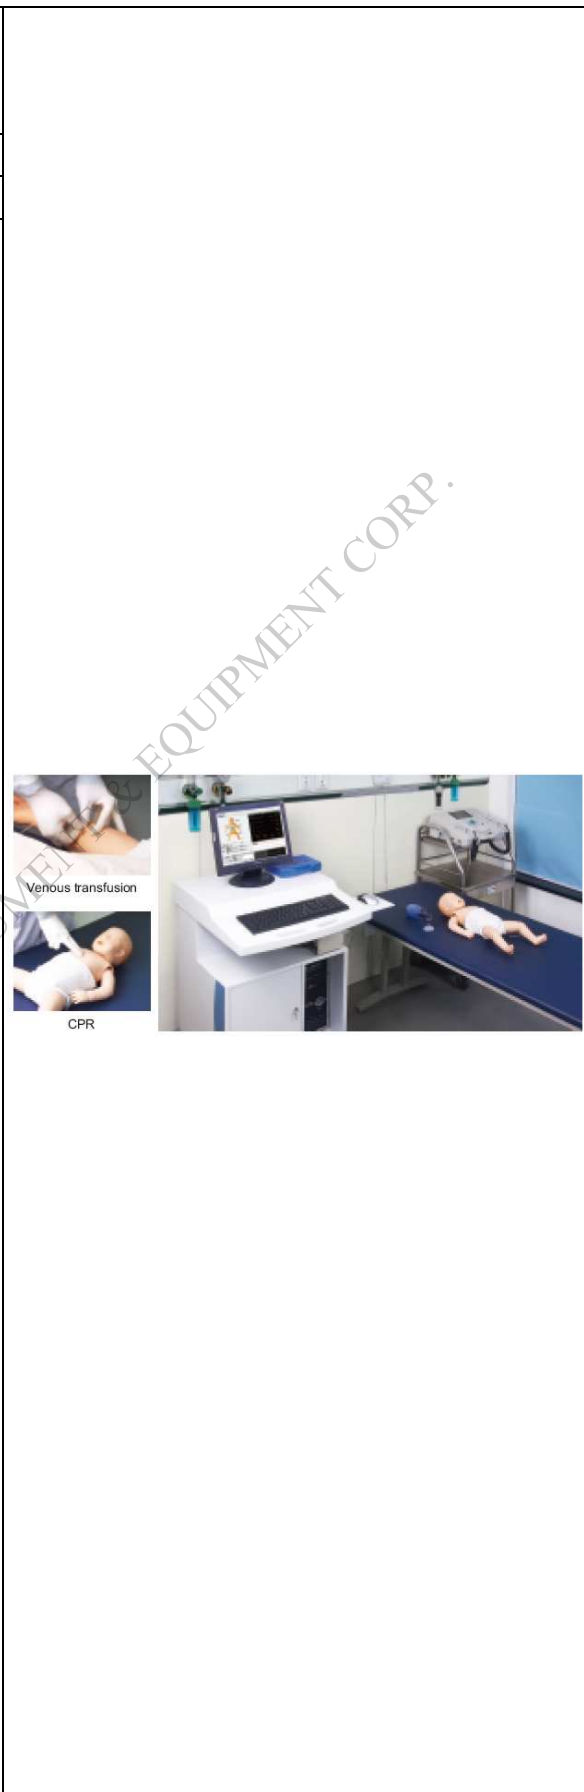

PART NUMBER:	0208000009
---------------------	-------------------

BASIC FUNCTION:

This product is designed according to experts experience and advice in the first-aid field and in accordance with the neonatal anatomical characteristic. Complying with AHA (American Heart Association) 2005 emergency guideline for CPR and ECC, GD/ACLS1500 provides different levels of training only for ACLS (Advanced Cardiac Life Support) and neonatal nursing via friendly man-machine interface, and also provides vivid and realistic emergency scenes for emergency physicians to train the first aid operation. The product is made of imported material with soft, elastic and not easily deformed skin, which is a good helper for pediatric teaching

Features:

1. Neonatal manikin, made of imported material, with soft and elastic skin
2. Exercise of placing gastric tubes: gastric lavage
3. Umbilical cord nursing: catheter intubation, ligation and cutting of the umbilical cord, fluid flows along the umbilical cord, replacing of chest skin;
4. Bone marrow puncturation: simulate bone marrow puncture in the tibial tuberosity position; obvious body surface symbol; simulated bone marrow would flow out if the puncture position is correct;
5. Simulation of vital sign: pupil observation, Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Pupil states: normal, mydriasis, and myosis, etc; simulate carotid arterial pulse;
6. Airway management: realistic mouth, nose, tongue, gum, pharynx, larynx, esophagus, epiglottis, trachea and tracheal ring; can practice tracheal intubation, sputum suction, oxygen inhaling and incision of tracheal nursing; there is alarm warning if pressure is exerted on the teeth during intubation. The transducer would monitor automatically if the tracheal intubation is correct, and also support auscultation way to detect intubation position ;
7. CPR Operation Training: multiple breathing ways by mouth to mouth, mouth to nose and simple respirator to mouth; electronically monitor airway open, respiratory

times, frequency and volume, and compression times, frequency, position and depth; automatically judge the ratio of respiration and chest compression.; show data with English voice prompts during the whole process;

8.AED training: Multimedia animation displays AED operation, support real and simulated AED training; Provide electrode patch and electrode button through automatically external defibrillator, automatically monitor if ECG need defibrillation , English voice prompts during the whole process;

9.Defibrillation and pacing training: Multimedia animation displays the operation of medical defibrillator, which can match defibrillators and pacemakers of different factories and types to realize real defibrillation and pacing. Be Equipped with simulated defibrillator and pacemaker, can choose the defibrillation energy, the maximal energy of defibrillation is 360J, can save customer's cost for buying real defibrillators and pacemakers and achieve same effect;

10.Training and assessment: With a large number of test questions; support ECG, emergency theoretical knowledge, emergency scenes, cases and CPR training and assessment;

11.ECG monitoring: realize monitoring of simulated ECG and real ECG via finger-piece blood oxygen detecting head; storage of thousands of normal and abnormal electrocardiogram;

12.Provide many kinds of drug therapy and typically auxiliary examination, chest X-rays, and UCG(Ultrasonic cardiography);

13.Emergency scenes script training/ assessment, script/case editing: a number of multimedia animation, vivid reproduction of real emergency scenes; the system provides a wide range of common cases; support user-editing simulated first- aid cases; changes of pathogenetic condition and students's operation process will be automatically recorded;

14.Neonatal nursing: hair combing, face washing, eye washing and administering, otic drops and irrigation, oral cavity nursing, venipuncture, injection and transfusion(arm), intramuscular injection in bilateral deltoid , vastus lateralis and buttock, male and female urethral catheterization, sponge washing, bandage,

<p>replacing of clothes, cold and hot therapy, umbilical cord nursing;</p> <p>15.Limbs joints: bend, rotation, upper and lower movement;</p> <p>16.LAN teaching: teaching for all students, self-study, practice and assessment, teacher's computer can monitor all the students' computer;</p> <p>17.Be available for standalone version and online interactive version. Standalone version can be upgraded to online interactive version.</p> <p>Components:</p> <p>Hardware:</p> <ol style="list-style-type: none"> 1.ACLS infant manikin 2.GD/HS7 BP measurement trainer 3.Computer console car, rescue console 4.Simple respirator, auscultator, laryngoscope, tracheal cannula, transfusion set <p>Software:</p> <ol style="list-style-type: none"> 1.LAN application software for teacher V1.0 2.LAN application software for students V1.0 3.ACLS script editor V1.0

Diameter range is 1-9mm. Pupil states: normal, mydriasis, and myosis, etc; simulating carotid arterial pulse; 2.Airway management: realistic mouth, nose, tongue, gum, pharynx, larynx, esophagus, epiglottis, trachea and tracheal ring. You can practice orotracheal intubation, sputum suction, oxygen inhaling and incision of tracheal nursing, alarm warning if pressure is exerted on the teeth during intubation. The transducer would monitor automatically if the tracheal intubation is correct, and also support auscultation way to detect intubation position; 3.CPR Operation Training: multiple breathing ways by mouth to mouth, mouth to nose and simple respirator to mouth; electronically monitor airway open, respiratory times, frequency and volume, and compression times, frequency, position and depth; automatically judge the ratio of respiration and chest compression; show data with English voice prompts during the entire process; 4.AED training: support real and simulated AED training; Provide electrode patch and electrode button through automatically external defibrillator, automatically monitor if ECG need defibrillation , English voice prompts during the entire process; 5.Defibrillation and pacing training: Can match 		

defibrillators and pacemakers of different factories and types to achieve real defibrillation and pacing. Equipped with simulated defibrillator and pacemaker, can choose the defibrillation energy, the maximal energy of defibrillation is 360J; can save customer's cost for buying real defibrillators and pacemakers and achieve same effect;

6. Drug treatment: More than 30 kinds of commonly used clinical emergency drug, a variety of dose selection, 6 kinds of administration method, coupled with clinical emergency treatment;

7. ECG monitoring: Simulated ECG monitoring and real ECG monitoring; store thousands of normal and abnormal electrocardiogram;

8. Venous infusion and blood pressure measurement training;

Alternative accessories

1. Simulated cardiac defibrillating pacer
2. Real cardiac defibrillating pacer
3. Multi-parameters monitor
4. Rescue console

SPECIFICATIONS:(As per one set)

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED ELECTRONIC HALF-BODY CPR TRAINING MANIKIN	
PART NUMBER:	0208000006	
BASIC FUNCTION:		
<p>Features: Implementation standards: Complying with AHA (American Heart Association) 2005 guideline for CPR and ECC (emergency cardiovascular care)</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Simulate standard airway open 2. Manual external breast compression with electric light display Correct compression position, yellow light will power on; Correct compression intensity (4-5 cm areas), green light will power on; Wrong compression intensity (>5cm areas), right light will power on; 3. Artificial mouth to mouth respiration (inhalation) The volume of inhalation can be judged through observing the wave of breast (volume standard <= 500/600-1000ml <=) 4. Operation frequency: the newest international standard: 100 times/minutes 5. Operation methods: training operation 		
SPECIFICATIONS: (As per one set)		

ITEM:	HALF-BODY CPR TRAINING MANIKIN	
PART NUMBER:	0208000005	
BASIC FUNCTION:		
<p>1. Simulate standard open airway, sound prompting;</p> <p>2. External breast compression:</p> <p>(1) Buzzing sound of correct compression intensity</p> <p>(2) Buzzing sound of wrong compression intensity</p> <p>3. Artificial respiration (inhalation): the volume of inhalation is observed through observing the wave of breast;</p> <p>4. Operation methods: exercise operation</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED FULL FUNCTIONAL NEONATAL NURSING AND CPR MANIKIN	
PART NUMBER:	0208000004	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. By using new material and technology; filling gas when use it, and discharging the gas when finish using; convenient to carry and be suitable for large scale training; 2. The adult would stand on the model after inflating and without any damage. Cheap cost , so each student can have one to watch and learn , can reduce training time and improve teaching quality; 3. Be suitable for multiple study places: school, home, community and outdoor, etc 4. 10 pcs per set 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED FULL FUNCTIONAL NEONATAL NURSING AND CPR MANIKIN	
PART NUMBER:	0208000003	
BASIC FUNCTION:		
<p>Designed according to the anatomic characteristics of Designed according to the infant anatomic characteristics, soft skin made of imported material, realistic touching feeling, flexible joints, and can provide full range of nursing exercise.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Pupil observation: pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Pupil states: normal, mydriasis and myosis, etc; 2. Hair combing and face washing 3. Otic drops and irrigation 4. Oral cavity care 5. Airway management: realistic mouth, nose, tongue, gum, pharynx, larynx, esophagus, epiglottis, trachea and tracheal ring, can practice tracheal intubation, sputum suction, oxygen inhaling. 6. Oral and nasal tracheal intubation 7. Incision of tracheal nursing 8. Venipuncture, injection and transfusion in arm 9. Intramuscular injection in bilateral deltoid, bilateral vastus lateralis and bilateral buttock 10. Enema 11. Urethral catheterization 12. Holistic care: sponge washing, replacing clothes, cold and hot therapy 13. Limbs joints: bend, rotation, upper and lower movement 14. CPR operation training: support many inhaling ways, e.g.: mouth to mouth, mouth to nose, simple respirator to mouth; electronic monitoring of airway open, inhaling times, frequency and volume, and compression times, frequency, site and depth; automatically judge the ratio of artificial respiration and external chest compression; show data in real time with English voice prompts during the entire process; 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED FULL FUNCTIONAL ONE-YEAR-OLD CHILD NURSING AND CPR MANIKIN
PART NUMBER:	0208000002
BASIC FUNCTION:	
<p>Designed according to the anatomic characteristics of one-year-old, soft skin made of imported material, realistic touching feeling, flexible joints, and can provide full range of nursing exercise.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Pupil observation: pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Pupil states: normal, mydriasis and myosis, etc; 2. Hair combing and face washing 3. Otic drops and irrigation 4. Oral cavity care 5. Airway management: realistic mouth, nose, tongue, gum, pharynx, larynx, esophagus, epiglottis, trachea and tracheal ring, can practice tracheal intubation, sputum suction, oxygen inhaling. 6. Oral and nasal tracheal intubation 7. Incision of tracheal nursing 8. Venipuncture, injection and transfusion in arm 9. Intramuscular injection in bilateral deltoid, bilateral vastus lateralis and bilateral buttock 10. Enema 11. Urethral catheterization 12. Holistic care: sponge washing, replacing clothes, cold and hot therapy 13. Limbs joints: bend, rotation, upper and lower movement 	
SPECIFICATIONS:(As per one set)	

ITEM:	KNEE JOINT SECTION	
PART NUMBER:	0208000001	
BASIC FUNCTION:		
<p>Designed according to the anatomic characteristics of five-year-old child, and specializing in child care training. Applying imported materials, the skin is soft and flexible, not easily deformed, realistic shape, lovely appearance, and clear internal anatomical structure. Good helper for pediatric nursing teaching and training.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Pupil observation: pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Pupil states: normal, mydriasis and myosis, etc; 2. Operations of child care: full body bandage exercise, bathing, changing clothes, hair combing, eye and ear washing and administering, and oral cavity nursing; 3. Incision of trachea nursing, blood collecting of finger and TB test 4. Airway administering: realistic mouth, nose, tongue, gum, pharynx, larynx, esophagus, epiglottis, trachea and tracheal ring, can practice tracheal intubation, sputum suction, oxygen inhaling. 5. Oral and nasal feeding 6. Gastric lavage 7. Venipuncture, injection and transfusion in arm. There is an obvious feeling when needle penetrates into veins and blood flash back indicates proper insertion. 8. Intramuscular injection in bilateral deltoid, bilateral vastus lateralis and bilateral buttock 9. Enema and placement of rectal suppository 10. Urethral catheterization 11. Holistic care: sponge bath, changing of clothes and cold and hot therapy 12. Limbs joints: bend, rotation, upper and lower movement 13. Bathing and bandage activity 14. Ostomy nursing of ileum, colon and bladder 15. Tibial bone marrow puncture: simulate the process of bone marrow puncture, obvious body surface symbol. Simulated bone marrow would outflow in the case of correct puncture. 		
SPECIFICATIONS:(As per one set)		

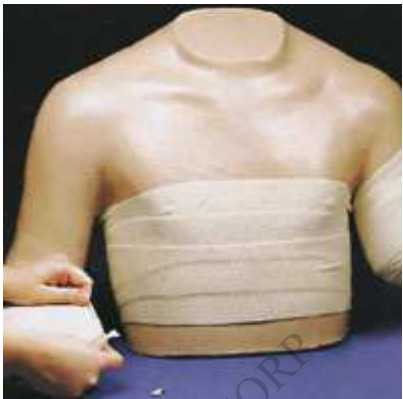

ITEM:	ADVANCED CHILD TRACHEAL INTUBATION MODEL	
PART NUMBER:	0208000000	
BASIC FUNCTION:		
<p>Features</p> <ol style="list-style-type: none"> 1. Realistic anatomical structure of mouth, pharynx and trachea of child 2. Tracheal intubation via mouth and nose 3. Head and neck of the child can be back in order to open airway 4. Test intubation by inhaling method 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

Stitching & Bandaging Training

ITEM:	ADVANCED LOW-SET BANDAGING MODEL	
PART NUMBER:	0208000110	
BASIC FUNCTION:		
<p>1. Simulate leg amputation patients, right leg cut off below the knee, left leg cut off in the middle of the thigh;</p> <p>2. Convenient and reasonable model design, bandages can bypass the buttocks and wrap to the ridge level of the iliac;</p> <p>3. Circular bandage, spiral bandage, serpiginous bandage, figure of eight bandage;</p> <p>4. Demonstrate the fixing method of the two broken end after wrapping the bandage;</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED BANDAGING MODEL OF SUPERIOR POSITION	
PART NUMBER:	0208000109	
BASIC FUNCTION:		
<p>The model is made of special material, which is soft and elastic.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Simulate head and neck, chest and upper limb amputation patient, right arm cut off from the wrist, left hand cut off from the elbow; 2. Provide many kinds of bandaging method: circular bandage, spiral bandage, serpiginous bandage, figure of eight bandage, capeline bandage, masklike bandage, monocular bandage; 3. Demonstrate the fixing method of the two broken end after wrapping the bandage; 4. Keep arms a little external rotation to facilitate the bandaging 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED TROCHAR TRAINING MODEL	
PART NUMBER:	0208000108	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Be used for insertion and puncture exercise of abdominal wall trochar; 2. Obvious anatomical layer, elastic skin and realistic touch feeling; realistic resistance feeling can be felt as needle penetrates into the skin, and characteristic of "pop" can be felt when needle has been penetrated into the skin; 3. Observe the whole insertion process of trochar through the transparent base; 4. Insertion with various types of trochar; 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED SURGICAL SUTURE LEG	
PART NUMBER:	0208000107	
BASIC FUNCTION:		
<p>1. With features of lifelike shape and realistic touch, the model suitable for cutting and suturing exercise.</p> <p>2. With wonderful elasticity and flexibility of skin, each model can be used for hundreds of times.</p>		
SPECIFICATIONS:(As per one set)		
	Size:	79x21x28cm
	G.W:	5.5kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED SURGICAL SUTURE ARM	
PART NUMBER:	0208000106	
BASIC FUNCTION:		
<p>1. With features of lifelike shape and realistic touch, the model suitable for cutting and suturing exercise.</p> <p>2. With wonderful elasticity and flexibility of skin, each model can be used for hundreds of times.</p>		
		
SPECIFICATIONS:(As per one set)		
	Size:	64x14x10.5cm
	G.W.:	2.7kg

ITEM:	INTESTINAL ANASTOMOSIS MODEL	
PART NUMBER:	0208000105	
BASIC FUNCTION:		
<p>1. Two types: 30mm and 20mm diameter.</p> <p>2. With serous layer and mucous layer, the intestinal canal can be used to exercise all kinds of anastomosis.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	SURGICAL SUTURING AND BANDAGING SIMULATOR	
PART NUMBER:	0208000104	
BASIC FUNCTION:	<p>The simulator provides commonly used surgical incisions, which simulate all kinds of female thoracic and abdominal incisions, tube drains and amputation stump. Students can practice wounds treatments of washing, disinfecting, changing dressing, bandaging and etc. The skin is dry, soft and flexible, allowing the bandages to adhere better.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Thyroidectomy 2. Mid-sternal split - with two chest tube drains 3. Right mastectomy - with simulated drain 4. Right cholecystectomy - with simulated T-tube 5. Laparotomy 6. Appendectomy 7. Left colostomy 8. Right ileostomy 9. Abdominal Hysterectomy (transverse incision) 10. Left nephrectomy (thoraco-abdominal incision) 11. Right nephrectomy (oblique incision) 12. Laminectomy 13. Sacral decubitus ulcer - stage 2 14. Right thigh amputation stump 	
SPECIFICATIONS:(As per one set)		

ITEM:	ABDOMINAL CUTTING AND SUTURING MODEL	
PART NUMBER:	0208000103	
BASIC FUNCTION:		
<p>With good flexibility, elasticity and lifelike texture, the model provides a good training aid for abdominal cutting and suturing skill. It can be used repeatedly and replaced when damaged.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Abdominal cutting and suturing training 2. Abdominal wall anatomy: skin, subcutaneous tissue, abdominal muscle and peritoneal membrane. The abdominal wall pad can be used repeatedly. 3. Inflate the balloon in peritoneal cavity and the abdominal wall will be under tension. The aim for the trainee is to enter the peritoneal cavity and close it again without bursting the balloon (damaging the intestines). 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED SUTURING LEG	
PART NUMBER:	0208000102	
BASIC FUNCTION:		
<p>People can practise cut, suturing, stitches release, enswathing, etc. The elasticity and flexibility of skin can make it for practice hundreds times. There are some initial wounds on the arm. And if all the initial wounds have been sutured, people can cut the arm in other place for new training of suturing.</p>		
SPECIFICATIONS: (As per one set)		
Weight		5.50 KG
Packing size		79*21*28 CM

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

Injection and Puncturing Training

ITEM:	UPPER-ARM INTRAMUSCULAR INJECTION SIMULATOR WITH ALARMING SYSTEM	
PART NUMBER:	0208000247	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. The right upper-arm is transparent and nerve and vessels can be seen. 2. Red light and sound will alarm if injection is too deep or the position is wrong. 3. If needle touch the nerve, the indicating light will turn on and alarming sound will appear. 4. If the injection position is right, the green light will turn on. 		
SPECIFICATIONS:(As per one set)		

ITEM:	TRAINING ARM	
PART NUMBER:	0208000246	
BASIC FUNCTION:		
Lifelike arm reproduction with multi-vein system designed for peripheral intravenous therapy.		
SPECIFICATIONS:(As per one set)		
Size:		69X13X13(CM)
Net Weight:		2(Kg)

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FULL-FUNCTIONAL TRAINING ARM	
PART NUMBER:	0208000245	
BASIC FUNCTION:		
<p>1. The peristaltic pump can simulate blood circulation.</p> <p>2. Lifelike arm reproduction with multi-vein system designed for peripheral intravenous therapy and deltoid intramuscular injection.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP

ITEM:	TRAINING HAND	
PART NUMBER:	0208000244	
BASIC FUNCTION:		
<p>1. With reasonable structure, realistic operation and durability, the model provides a good training tool of injection, hemospasia and blood transfusion;</p> <p>2. The model can be used repeatedly and the vein and skin can be replaced when damaged.</p> <p>3. The alarm instrument will indicate whether the operation is correct.</p>		
SPECIFICATIONS:(As per one set)		
	Size:	36.5x26.5x18.5cm
	G.W.:	2.5kg

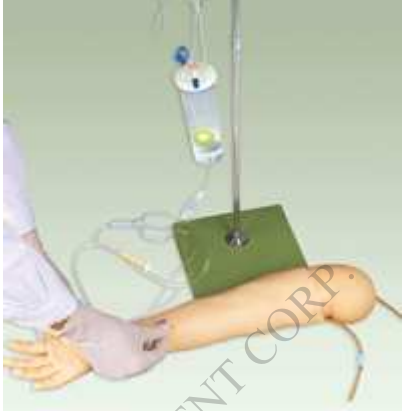

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	TRAINING HAND	
PART NUMBER:	0208000243	
BASIC FUNCTION:		
<p>1. With reasonable structure, realistic operation and durability, the model provides a good training tool of injection, hemospasia and blood transfusion.</p> <p>2. The model can be used repeatedly and the vein and skin can be readily replaced when damaged.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	INTRADERMAL INJECTION ARM	
PART NUMBER:	0208000242	
BASIC FUNCTION:		
There are eight positions for intradermal injection		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	CHILD IV TRAINING ARM	
PART NUMBER:	0208000241	
BASIC FUNCTION:		
<p>1. Simulate the arm of a child (4 years old).</p> <p>2. Lifelike arm reproduction with multi-vein system designed for peripheral intravenous therapy.</p>		
SPECIFICATIONS:(As per one set)		
	G.W.:	4kg
	Size:	64x14x10.5cm

ITEM:	ADVANCED NEONATE SCALP VENIPUNCTURE MODEL	
PART NUMBER:	0208000240	
BASIC FUNCTION:		
<p>1. The model has main veins of the scalp, including venae temporales superficiales vein and venae frontales, and can be used to infusion, injection and phlebotomy.</p> <p>2. There is obvious feeling when needle penetrates into the veins. Blood flashback indicates proper insertion.</p> <p>3. Veins and skin can be acupunctured repeatedly, and these operations won't cause leaks.</p> <p>Standard Equipment:</p> <ol style="list-style-type: none"> 1. Infusion stand, the height can be adjustable 2. Infusion bag 3. Disposable fabric cushion 4. Deluxe portable box 		
SPECIFICATIONS:(As per one set)		

ITEM:	INFANT CEPHALIC VENIPUNCTURE MODEL	
PART NUMBER:	0208000239	
BASIC FUNCTION:		
<p>1. The model represents whole infant head and necks. It consists of main cephalic veins, including venae temporales superficiales, venae frontales, vena supraorbitalis, superior sagittal sinus and etc. You can exercise scalp venipuncture, hemospasia and superior sagittal sinus puncture.</p> <p>2. There is obvious feeling when needle penetrates into the veins. Blood flashback indicates proper insertion.</p> <p>3. Veins and skin can be acupunctured repeatedly, and these operations won't cause leaks.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ELECTRONIC BUTTOCKS INTRAMUSCULAR INJECTION SIMULATOR	
PART NUMBER:	0208000238	
BASIC FUNCTION:	<p>1. The model can be worn on.</p> <p>2. Alarming sounds indicate whether the injection is correct.</p>	
		
SPECIFICATIONS:(As per one set)		
	Size:	45X19X37(CM)
	G.W.:	4Kg

ITEM:	ADVANCED BUTTOCKS INTRAMUSCULAR INJECTION SIMULATOR	
PART NUMBER:	0208000237	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. The transparent left side of the model shows internal structure including bones, muscles, nerves and veins, facilitating to compare left side with right side and avoiding damaging the nerves and veins. 2. Correct intramuscular injection sites can be palpated. 3. A buzzer and two color flashing lights will warn students if the needle position is incorrect. 		
SPECIFICATIONS:(As per one set)		
	Size:	39x40x41cm
	G.W.:	4kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BUTTOCKS INTRAMUSCULAR INJECTION SIMULATOR	
PART NUMBER:	0208000236	
BASIC FUNCTION:		
<p>1. There is a mark to show the right position for injection; 2. The inject pad can be taken out for replacement</p>		
SPECIFICATIONS:(As per one set)		
	Size:	30x22.2x19.5cm
	G.W.:	1.1kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	INJECTION TRAINING PAD	
PART NUMBER:	0208000235	
BASIC FUNCTION:		
<p>1. This model is a wearable set.</p> <p>2. The simulator can be used in injection training, infusion training, blood transfusion and hemospasia training.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MULTI-FUNCTIONAL INTRAMUSCULAR INJECTION TRAINING PAD	
PART NUMBER:	0208000234	
BASIC FUNCTION:		
<p>1. The model is divided into three layers: skin, subcutis and muscle.</p> <p>2. With features of lifelike shape, realistic touch and it is suitable for three kinds of injection skills training: intradermic injection, hypodermic injection and intramuscular injection.</p>		
Specifications:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP

ITEM:	INTRAMUSCULAR INJECTION TRAINING PAD	
PART NUMBER:	0208000233	
BASIC FUNCTION:		
<p>1. The model is divided into three layers: skin, subcutis and muscle.</p> <p>2. Wearable design makes it a convenient simulator for training.</p>		
SPECIFICATIONS:(As per one set)		

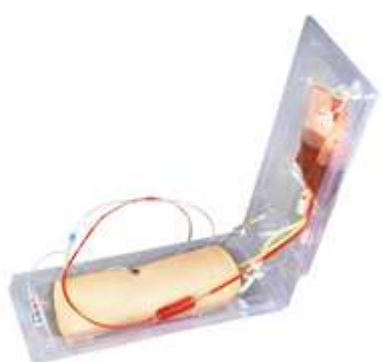

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	INJECTION TRAINING PAD	
PART NUMBER:	0208000232	
BASIC FUNCTION:		
The skin is realistic and the needle hole is not apparent.		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ARTERIAL ARM STICK KIT	
PART NUMBER:	0208000231	
BASIC FUNCTION:		
<p>1. Lifelike adult male arm reproduction with infusible arteries designed for training the proper arterial puncture procedure for blood gas analysis.</p> <p>2. Deltoid intramuscular injection</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	TRAINING ELBOW	
PART NUMBER:	0208000230	
BASIC FUNCTION:		
<p>1. With reasonable structure, realistic operation and durability, the model provides a good training tool of injection, hemospasia and blood transfusion.</p> <p>2. The model can be used repeatedly and the vein and skin can be readily replaced when damaged.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED INFANT ACCESS SIMULATOR	
PART NUMBER:	0208000229	
BASIC FUNCTION:	<p>This simulator permits instruction and training in the skills associated with injection, infusion and metachysis. The venous system consists of scalp vein, left and right arm veins, femoral vein, great saphenous vein, small saphenous vein and umbilical vein.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Scalp vein (brow scalp veins, superficial temporal veins) puncture, venous injection, infusion and metachysis 2. The median basilic vein on the right and left arm 3. Right leg-femoral vein 4. Right leg-great aphenous and small aphenous veins 5. Umbilical vein 	
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED INTRAMUSCULAR INJECTION TRAINING MODEL	
PART NUMBER:	0208000228	
BASIC FUNCTION: 1. Structure of left gluteal: osteal marks, gluteal muscles, ischiadic nerve and veins 2. Left gluteal can be taken off. So it is easy to observe internal structure and make sure position of ischiadic nerve and veins. 3. Gluteal intramuscular injection training		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	UPPER-ARM INTRAMUSCULAR INJECTION SIMULATOR	
PART NUMBER:	0208000227	
BASIC FUNCTION:		
<p>1. The simulator is wearable.</p> <p>2. Red light and sound will alarm if injection is too deep or the position is wrong.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED MALE BLADDER PUNCTURE SIMULATOR	
PART NUMBER:	0208000226	
BASIC FUNCTION:		
<p>1. Accurate anatomical structure, obvious signs of bone, with foreskin for male;</p> <p>2. Urethral catheterization , bladder washout and puncture operation;</p> <p>3. Bladder can be replaced, can inject fluid into bladder to achieve the state of filling;</p> <p>4. Confirm the filling of bladder by percussion, puncture training can be repeated, realistic puncture resistance as in real human, there is obvious feeling when the puncture is correct;</p> <p>5. Physiological stenosis of urethra, real urethral catheterization operation</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED FEMALE BLADDER PUNCTURE MODEL	
PART NUMBER:	0208000225	
BASIC FUNCTION:		
<p>1. Accurate anatomical structure, obvious signs of bone, exposure of female urethra;</p> <p>2. Urethral catheterization , bladder washout and puncture operation;</p> <p>3. Bladder can be replaced, can inject fluid into bladder to achieve the state of filling;</p> <p>4. Confirm the filling of bladder by percussion; puncture training can be repeated, realistic puncture resistance as in real human, there is obvious feeling when the puncture is correct;</p> <p>5. Physiological stenosis of urethra, real urethral catheterization operation</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED ELDER VENIPUNCTURE TRAINING ARM	
PART NUMBER:	0208000224	
BASIC FUNCTION:		
<p>1. Simulate Asian elderly male right arm, elbow joint is slightly external rotation, thin skin, not very clear blood vessel;</p> <p>2. Fine anatomical structure, with cephalic vein, basilic vein, medial cubital vein; all vessels can puncture;</p> <p>3. Provide training of punctuation, infusion and haemospasia, etc. Puncture resistance can be felt during puncturing, there is obvious feeling when needle penetrates into the vein, and simulated blood flash back indicates correct puncture.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED INFANT VENIPUNCTURE LEG MODEL	
PART NUMBER:	0208000223	
BASIC FUNCTION:		
<p>Simulate infant left leg and design the skeleton, skin, muscle and blood vessel according to the anatomical characteristic of infant leg. The model is life size and made of imported plastic material.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. There is obvious feeling when needle penetrates into the vein. And blood flash back indicates proper insertion. 2. Provide trainings of instep venipuncture, great saphenous venipuncture, small saphenous venipuncture and heel puncture.. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED PEDIATRIC VENIPUNCTURE HAND MODEL	
PART NUMBER:	0208000222	
BASIC FUNCTION:		
<p>1. The model consists of simulated pediatric arm model and electronic blood circulation device, with realistic blood flow and real operation;</p> <p>2. Life size of pediatric left arm, made of imported thermoplastic material, soft skin, and with obvious osteal identification marker;</p> <p>3. Bendable back of hand, provide training of opisthenar venipuncture, haemospasia and transfusion. There is obvious feeling when needle penetrates into veins. And blood flash back indicates proper insertion;</p> <p>4. Exercise of deltoid injection;</p> <p>5. With clear basement support, beautiful and convenient.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED YOUNG CHILDREN VENIPUNCTURE ARM MODEL	
PART NUMBER:	0208000220	
BASIC FUNCTION:		
<p>1. Life size of infant left arm, made of imported thermoplastic material, soft skin and have obvious osteal identification marker;</p> <p>2. Bendable back of hand, provide training of opisthenar venipuncture, haemospasia and transfusion. There is obvious feeling when needle penetrates into the vein. And blood flash back indicates proper insertion.</p> <p>3. Exercise of deltoid injection.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ROTATABLE RADIAL ARTERY PUNCTURE ARM MODEL
--------------	---

PART NUMBER:	0208000220
---------------------	-------------------

BASIC FUNCTION:

The model can simulate artery haemospasia, artery injection and artery transfusion under the simulative arterial blood pressure. It can be rotated through mechanical device, which can move the damaged artery and avoid vascular leakage after puncturation. So the operation training can be repeated. This model is suitable for medical college, nursing academy, health school and clinic workers to teach and exercise artery puncture. Rotate the radial artery if the simulative arterial blood is damaged. Wrist skin and blood vessel can be replaced if they are damaged. The model is made from imported PVC plastic material and stainless steel model which is injected through high temperature, with features of reasonable structure, realistic operation, solid and durable, sterilization and cleaning of non-deformation.

Features:

1. Radial artery arm model, provide trainings of artery haemospasia, artery injection and transfusion, etc;
2. Squeeze the air ball to simulate the arteriopalms and real arterial blood pressure;
3. There is obvious feeling when needle penetrates into the artery, and blood flash back indicates proper insertion;
4. The damaged radial artery site can be rotated through mechanical device;

SPECIFICATIONS: (As per one set)

ITEM:	ADVANCED ARTERY PUNCTURE MODEL	
PART NUMBER:	0208000219	
BASIC FUNCTION:		
<p>1. Consist of simulative hand model and electronic blood circulation device, real blood flow, radial artery palpation, realistic touching feeling;</p> <p>2. Pulsation speed and strength can be adjusted;</p> <p>3. Designed according to the anatomy of Asian male adult left wrist, made of imported thermoplastic material with soft skin and obvious signs of bone;</p> <p>4. Palm upward, radial artery puncture, haemospasia, infusion, there is obvious feeling when needle penetrates into the artery and blood flash back indicates proper insertion, unclear pinpoint after repeated puncture;</p> <p>5. With transparent basement support, beautiful and convenient;</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED INFANT ARTERIAL INJECTION MODEL	
PART NUMBER:	0208000218	
BASIC FUNCTION:		
<p>1. Made according to the infant left forearm and life size, with obvious osteal identification marker;</p> <p>2. Simulating radial artery pulse by pulse bulb manually, and confirm the injection site;</p> <p>3. Providing trainings of radial artery puncture, haemospasia, and transfusion. There is obvious feeling when needle penetrates into the vein. And blood flash back indicates proper insertion;</p> <p>4. Fixed on the clear basement support and can be operated on the table, convenient and beautiful.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED INFANT ARTERIOPUNCTURE TRAINING ARM	
PART NUMBER:	0208000217	
BASIC FUNCTION:		
<p>1. Life size of infant right arm and obvious osteal identification marker;</p> <p>2. Simulate radial artery pulse by pulse bulb manually, and confirm the injection site;</p> <p>3. Provide trainings of Radial artery puncture, haemospasia, transfusion; there is obvious feeling when needle penetrates into the vein, and blood flash back indicates accurate insertion.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED INSULIN INJECTION TRAINING PAD	
PART NUMBER:	0208000216	
BASIC FUNCTION:		
<p>The pad is made of imported plastic material with soft and elastic skin and cloth elastic can be worn in the specific site of the patient for self-injection of insulin drug, such as: abdomen, thigh, upper arm, etc. The length and tightness can be adjusted. And the thickness of the pad is suitable for different specifications of injection syringe. The hard plate in the back would prevent wearing situation of pad.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	CENTRAL VENOUS CATHETERIZATION AND INTRAMUSCULAR INJECTION SIMULATOR	
PART NUMBER:	0208000215	
BASIC FUNCTION:	<ol style="list-style-type: none"> 1. Internal jugular artery, carotid, subclavian vein, femoral artery and vein; 2. Puncture training of internal jugular vein, subclavian vein and femoral vein; 3. Long cannula catheterization training; 4. Simulative carotid and femoral artery pulse; 5. Subclavian anatomy structure; 6. Femoral anatomy structure 	
SPECIFICATIONS:(As per one set)		
	Size:	97x28x62cm
	G.W.:	15kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	CENTRAL VENOUS CATHETERIZATION SIMULATOR	
PART NUMBER:	0208000214	
BASIC FUNCTION:		
<p>The cervicular veins are filled with red simulative blood for internal jugular vein and subclavical vein puncturing use. Squeeze bulb can simulate carotid artery pulse. With accurate anatomy, palpation is exactly the same as on a patient. Replacing of the internal tubing and skin is extremely easy.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Cervical anatomical landmarks are quite clear and indicate structures of the sternal notch, clavicle, right cervical ribs, sternocleidomastoid and etc. 2. Venous system in the deep part of left neck consists of common carotid artery, internal jugular vein, external jugular vein, subclavical vein and brachiocephalic vein. 3. Internal jugular vein puncture and cannulation can be exercised. 4. Subclavical vein puncture and cannulation can be exercised. 5. Carotid artery pulse can be simulated. 6. The skin and veins can be replaced and students will feel an apparent when the needle has been thrust into the vein. 		
SPECIFICATIONS:(As per one set)		

ITEM:	PICC LINE	
PART NUMBER:	0208000213	
BASIC FUNCTION:		
<p>The model is suitable for central venipuncture of internal carotid vein and subclavical vein and peripheric venipuncture (arm veins) of cephalic vein. The cervical veins and arm veins can be filled with simulative blood.</p> <p>Features:</p> <ol style="list-style-type: none"> 1.The model is a simulative right half of adult torso with right arm. There are apparent anatomical marks: clavicle, suprasternal notch, sternocleidomastoid muscle, pectoralis major muscle, ribs and deltoid muscle. 2. Lifelike veins: superior vena cava, internal jugular vein, subclavical vein, cephalic vein, basilic vein and median cubital vein, etc. 3.With apparent anatomical marks, the model can be used to train puncture and catheterization of internal carotid vein, subclavical vein, cephalic vein and heart catheterization. 4. The skin and veins can be replaced. Students will feel an apparent "pop" when puncture needle has been thrust into the veins. 		
SPECIFICATIONS:(As per one set)		
Size:	77x24x53cm	
G.W.:	15kg	

ITEM:	LUMBAR PUNCTURE MODEL	
PART NUMBER:	0208000212	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. In order to facilitate observing the shape of lumbar, the place of the L1 and L2 is uncovered. 2. L3, L4, L5 spinous process and sacrococcyx are the functional positions for puncturing. Clear marks on these parts facilitate to skills training, including lumbar anesthesia, epidural anesthesia and caudal anesthesia. 3. The exercise process can be operated in sitting position or lateral position. 		
SPECIFICATIONS:(As per one set)		
Size:		48x29x50cm
G.W.:		12kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BONE MARROW PUNCTURE AND FEMORAL VENIPUNCTURE SIMULATOR	
PART NUMBER:	0208000211	
BASIC FUNCTION:		
<p>This product is produced to help intraosseous infusion training. With femoral venipuncture simulator, femoral venipuncture can be simulated too.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. There are realistic anatomy of thighbone and shinbone. 2. If intraosseous puncture is succeeded, you can feel a "pop". And liquid return can be obtained. 3. The puncture structure can be replaced. There are 10 set of puncture bone supplied with the model. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PLEURAL DRAINAGE MANIKIN	
PART NUMBER:	0208000210	
BASIC FUNCTION:		
<p>This manikin is an ideal teaching aid of pneumothorax decompression and closed chest drainage of hydropneumothorax.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Pneumothorax decompression, closed chest drainage of hydropneumothorax and drainage tube care after operation can be practiced. 2. There are two visual windows in right thorax to show each layer of anatomical structures. 3. Pneumothorax decompression training closed drainage of ydropneumothorax training and thoracocentesis training in the left thorax. 4. The color, volume and viscosity of the drainage solution can be regulated. 5. The puncture cushion and drainage wounds cushion can be replaced. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED COMPREHENSIVE PUNCTURE AND PERCUSSION EXAMINATION TRAINING MANIKIN	
PART NUMBER:	0208000209	
BASIC FUNCTION:		
<p>Comprehensive puncture and percussion examination skills training are the important part of Multimedia integrated clinical skills training laboratory system which is the important subject of national education science. Tenth Five-Year. The simulative standard patient is a young man simulator, which is prostrate position, supine position, head leans to left side; with flexible and durable material and obvious signs of bones, clavicle, costal bone, intercostal space, bellybutton, articulation of pubis, anterior superior iliac spine, sternocleidomastoid muscle, crural ligament, all these tissues are in accordance with real human anatomical position and can be touched according to anatomical knowledge and find the correct needle point. The system consists of host computer and manikin.</p> <p>Realistic Manikin</p> <ol style="list-style-type: none"> 1. Automatically pulse of carotid artery and femoral artery 2. Percussion: aeropleura position and extent, liver border of dullness , shifting dullness in abdomen; 3. Liver puncture septic surgery operation, patient may groan; 4. Replaceable bone marrow puncture modules 5. Voice prompts for correct and wrong puncture <p>Convenient and flexible console</p> <ol style="list-style-type: none"> 1. Convenient to move, simple fixation and stable; 2. Manikin's body position can be changed easily, supine position, sitting position, semi-sitting position and right arm reclining, etc; 3. Select button on the control desk, with body contour, instruct the needle site; 4. Liver puncture: can choose breath holding prompts to limit the puncture time, puncturing during the breath holding time is correct ; <p>Realistic simulation of operation process, provide 11 kinds of operation and puncture training</p> <ol style="list-style-type: none"> 1. Sterile operation 2. Right internal jugular vein puncture 3. Right subclavian vein puncture 		

4. Right femoral vein puncture 5. Left aeropleura puncture 6. Left pleural effusion puncture 7. Liver puncture septic 8. Abdominal puncture 9. Pericardial chamber puncture 10. Intracardiac injection 11. Anterior superior iliac spine bone marrow puncture	
SPECIFICATIONS:(As per one set)	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED COMPREHENSIVE PUNCTURE SKILLS TRAINING MANIKIN(ANTEVERTED SITTING POSITION)	
PART NUMBER:	0208000208	
BASIC FUNCTION:		
<p>The product is designed for improving medical workers, thoracic and lumbar puncture skills. It provides repeated practice without bring suffering to patients, to achieve the purpose of proficient and rapid completion of the operation.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. The manikin backward sits in the armchair, arms put on the edge of the chair back, and head puts in the forearm; 2. Distinct body surface symbols, can touch armpit, the seventh cervical vertebra, thoracic vertebra, bladebone, costal bone, intercostals space and lumbar; 3. Thoracic puncture and lumbar puncture; 4. Thoracic puncture; <ol style="list-style-type: none"> 1) Various puncture site: the seventh to ninth intercostals puncture of infrascapular line and the fifth to sixth intercostal puncture of axillary midline; 2) When needle penetrates through the partial pleura, needle resistance disappears, connect the syringe and extract the pleural effusion; 5. Lumbar puncture <ol style="list-style-type: none"> 1) Realistic simulated waist anatomical structure with skin and subcutaneous tissue; 2) Touch feeling as in human body when the spinal needle penetrates into all layers of organization; 3) A feeling of “pop” can be felt when the puncture is correct, collect cerebrospinal fluid and measure pressure of cerebrospinal fluid in the special cases; 4) With a part of the lumbar spine skeleton model, help understand the structure and function of the waist; 5) One of the puncture modules can directly observe the anatomical characteristics of the lumbar spine skeleton and directly see the spinal needle position; 6) Can realize two people on the operation of lumbar pucture; 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED NEONATAL PERIPHERAL AND CENTRAL VEIN INTUBATION MODEL	
PART NUMBER:	0208000207	
BASIC FUNCTION:		
<p>Designed according to the physiological and anatomical characteristic of neonate, made of imported plastic material, soft and elastic skin, easy to clean, and provide technology of inserting into central vein catheter via peripheral vein.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Transparent chest wall and made of special material, perspective effect of bilateral venous channel; 2. Correct anatomical position: basilica vein, cephalic vein, jugular vein, subclavian vein and superior vena; 3. Direct observation of rib and heart, measure the correct inserted length of catheter; 4. Transparent part of the superior vena and visible of the ductal position in the case of correct catheterization, or the catheter is invisible; 5. Exercise of standard venous catheterization position; 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

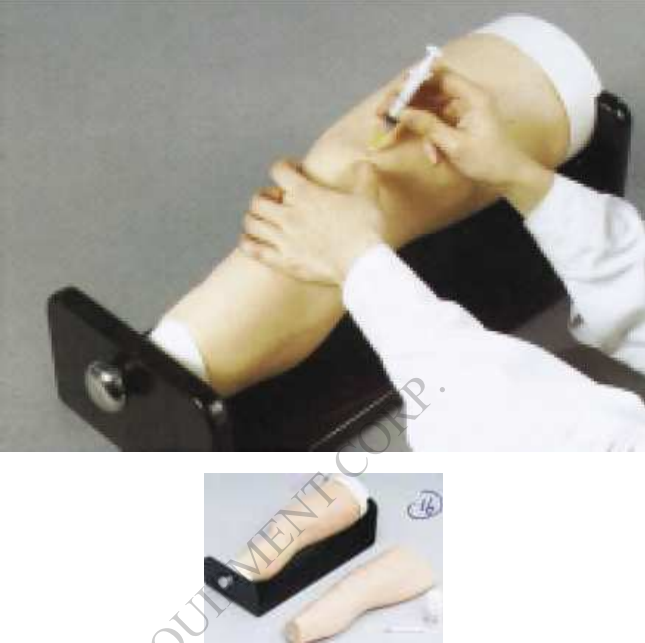

ITEM:	ADVANCED INFANT LUMBAR PUNCTURE MODEL	
PART NUMBER:	0208000206	
BASIC FUNCTION:		
<p>1. Life size infant, side lying on the lamina dura bed, head bend to the chest, both hands hold knees, bend knees to the abdomen and low back bend, also can be in sitting position;</p> <p>2. Accurate bone markers: obvious interspace of spinous process and posterior superior iliac spine;</p> <p>3. Puncture position: 3-4 lumbar intervertebral space;</p> <p>4. Realistic touch feeling and a characteristic of "pop" can be felt when needle penetrates into veins, outflow of simulated cerebrospinal fluid proves correct puncture position;</p> <p>5. With spare canalis spinalis and puncture needle;</p>		
SPECIFICATIONS:(As per one set)		

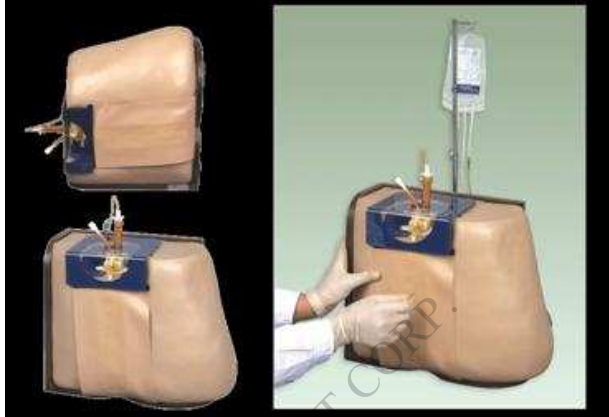

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED INFANT BONE MARROW PUNCTURE MODEL	
PART NUMBER:	0208000205	
BASIC FUNCTION:		
<p>1. Provide infant legs tibia puncture operation and realistic sense of needle; there is an obvious feeling when needle penetrates into veins and outflow of simulated bone marrow;</p> <p>2. Recovery of pinhole on facies ossea</p> <p>3. Provide four side puncture of the tibial rod</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED ELECTRONIC SHOULDER JOINT INTRACAVITARY INJECTION MODEL	
PART NUMBER:	0208000204	
BASIC FUNCTION:		
<p>1. Standard anatomical structure, scapula, clavicle, humerus, deltoid, biceps muscle of arm and important ligament of shoulder joint, train palpation technology of shoulder puncture positioning;</p> <p>2. Standard position study for puncture and injection;</p> <p>3. Six different parts for puncture and injection</p> <p>1) Cavity of shoulder joint (anterior aspect)</p> <p>2) Cavity of shoulder joint (rear aspect)</p> <p>3) Subacromial bursitis</p> <p>4) Acromioclavicular joint</p> <p>5) Mecistocephalic tendinous sheath of biceps muscle of arm</p> <p>6) Suprascapular nerve block</p> <p>4. Intelligent evaluation system: the green light on the control box will indicate correct puncture site;</p> <p>5. Skin surface can be washed by subs.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED ELECTRONIC ELBOW JOINT INTRACAVITARY INJECTION MODEL	
PART NUMBER:	0208000203	
BASIC FUNCTION:		
<p>1. Standard anatomical structure with internal condyle of humerus, external condyle of humerus, cubital nerve, ulna, radial bone and cavity of elbow joint;</p> <p>2. Therapy site of golf elbow and tennis elbow;</p> <p>3. Right arm elbow bend and can rotate along a fixed axis;</p> <p>4. Yellow light indicates correct pressure pain point, green light on the control box indicates correct puncture site, red light indicates wrong puncture site when the needle inserts into the cubital nerve of the rear internal condyle of humerus;</p> <p>5. Used for therapy training of soft tissue intra-articular injection for elbow injury and inflammation.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED ELECTRONIC KNEE JOINT INTRACAVITARY INJECTION MODEL	
PART NUMBER:	0208000202	
BASIC FUNCTION:		
<p>Made of imported polymer materials, clear layers of skin and muscle, with integrated knee anatomical structure, and manifest body surface symbols.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Can puncture repeatedly, standard puncture sites facilitate to acupuncture and there is realistic feeling when needle inserts into veins; 2. A single valve can inject simulated liquid of bursa mucosa into bursa mucosa repeatedly; 3. Automatic sealing of bursa mucosa; 4. Skin surface can be cleaned by suds. 		
SPECIFICATIONS:(As per one set)		

ITEM:	VERTEBRAL ACUPUNCTURING SIMULATOR	
PART NUMBER:	0208000200	
BASIC FUNCTION:		
<p>There are 5 numbers printed in the waist area. No.1 and No.2 are uncovered. it helps people to observe the vertebral structure. No.3, No.4 and No.5 are functional position. They have remarkable marks to distinguish.</p> <p>It can used in the training of:</p> <ol style="list-style-type: none"> 1.general anesthesia 2.waist anaesthetize 3.epidural anaesthetize 4.sacrococcygeal anaesthetize 5.when the needle get in at the right depth, the simulative cerebrospinal fluid will come out. 		
SPECIFICATIONS: (As per one set)		
Weight	12 kg	
Packing size	48*29*50 cm	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP

Clinical Training Model

ITEM:	ADVANCED RECTAL TOUCH EXAMINATION MODEL	 
PART NUMBER:	0208000300	
BASIC FUNCTION: Prostate examination mainly relies on rectal touch, which is the most simple examination method for BPH and must be carried out. <ol style="list-style-type: none"> 1. Clear anatomical structure: prostate gland, glandula seminalis, rectum and anus; 2. Four prostate palpation modules: normal size as chestnuts, I degree of hyperplasia as egg, II degree of hyperplasia as duck's egg, III degree of hyperplasia as goose's egg; 3. Four rectal touch modules: normal rectum, rectum cancer A, rectum cancer B, porctopolypus; 4. Cervical canal module; 5. Support enema operation 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED NASAL HEMORRHAGE MODEL	
PART NUMBER:	0208000301	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Simulate an adult head and neck; 2. Accurate anatomic structure with nasal and nasal septum; 3. Simulate all clinical symptoms of epistaxis and train students ability to deal with contingency; 4. Provide trainings of simple hemostasis, cauterization and nasal packing; 5. Green light indicates successful hemostasis; 6. Can control the speed and amount of bleeding 		
Specifications:(As per one set)		

ITEM:	ADVANCED EAR DIAGNOSTIC MODEL
PART NUMBER:	0208000503
BASIC FUNCTION:	
<p>1. Totally 11 kinds of normal or diseased ear drum:</p> <ol style="list-style-type: none"> 1) Acute otitis media 2) Acute otitis media without obvious signs 3) Abnormal secretion of middle ear 4) Tympanosclerosis 5) Myringotomy 6) Ear wax (a little big) 7) Acute middle ear infection 8) Otitis media (case 1) 9) Otitis media (case 2) 10) Effusion of posterior ear drum 11) Perforation of ear drum 	
SPECIFICATIONS:(As per one set)	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED EAR INSPECTION MODEL	
PART NUMBER:	0208000304	
BASIC FUNCTION:		
<p>Simulation of right ear, standard intra-aural examination site</p> <ol style="list-style-type: none"> 1. Accurate anatomical structure of auricle, external auditory canal, tympanic membrane; 2. Ear lesion examination via otoscope; 3. Provide 24 kinds of ear lesion components for convenient replacing; 4. Including: <ol style="list-style-type: none"> 1) Normal auricle 2) Injury of auricle 3) Benign tumor of auricle 4) Malignant tumor of auricle 5) Normal tympanic membrane 6) Tympanic membrane hyperemia 7) Retracted tympanic membrane 8) Small tympanic membrane perforation 9) Whole tympanic membrane perforation 10) Traumatic perforation of tympanic membrane 11) Dry central perforation of the posterior 12) Myringotomy with insertion of tube 13) Bullous myringitis 14) Herpes blisters on the tympanic membrane 15) Eardrum Tympanosclerosis 16) Tympanosclerosis crescentic sclerosis plaques 17) Serous otitis media effusion 18) Congestive early acute otitis media 19) Acute otitis media 20) Purulent otitis media 21) Chronic suppurative otitis media 22) Pearl-tumor 23) Foreign body in ear 24) Ear washing and drops 5. Earwax clean-up operation practice 		
SPECIFICATIONS:(As per one set)		
Size:	79cm*27cm*8.5cm	

ITEM:	ADVANCED EAR IRRIGATION MODEL	
PART NUMBER:	0208000505	
BASIC FUNCTION:		
	Practice irrigation of auditory canal to avoid the risk of direct irrigation for patient.	
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED OCULAR INSPECTION MODEL OF RETINOPATHY	
PART NUMBER:	0208000307	
BASIC FUNCTION:		
<p>Replacement of different eyeground diseases, slide simulates common clinical ophthalmopathy, including:</p> <ol style="list-style-type: none"> 1. Normal retina 2. Subhyaloid hemorrhage 3. Age-related retina macular degeneration/colloid bodies 4. Central retinal vein occlusion 5. Retinal separation 6. Ischemic fundus papillopathy 7. Hypertensive retinopathy 8. Papilledema 9. Excavation of optic disc 10. Optic atrophy 11. Mild background diabetic retinopathy 12. Background (pure) diabetic retinopathy 13. Preproliferative diabetic retinopathy 1 14. Preproliferative diabetic retinopathy 2 15. Hypertrophic diabetic retinopathy 16. Diabetic retinopathy <p>*Realistic affection, easy to replace and operate; *In favor of repeated contrast observation; *Provides 16 kinds of retinopathy accessories;</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED COMPREHENSIVE SURGICAL SKILLS TRAINING MODEL	 
PART NUMBER:	0208000308	
BASIC FUNCTION:		
<p>The model provides trainings of incision, suturing and ligaturing of skin, blood vessel, intestinal canal and deep tissue.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Skin modules: surgical incision, suturing, ligaturing, ligature cutting and dermal suture out of skin; 2. Intestinal canal module: two types of 20mm and 30mm diameter, practice ring clamp, discussion, anastomosis, ligaturing and cutting of intestinal canal; 3. Blood vessel module: practice ring clamp, cutting and ligaturing of blood vessel; 4. Deep ligature module: practice deep ligaturing in the narrow space; 5. Small size, portable, replaceable modules 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ASEPTIC OPERATION TRAINING MODEL	
PART NUMBER:	0208000309	
BASIC FUNCTION:		
<p>With good flexibility, elasticity and lifelike texture, the model provides a good training aid for aseptic skill. The model can be used repeatedly.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Disinfection skill training 2. Abdominal wall anatomy: skin, subcutaneous tissue, abdominal muscle and peritoneal membrane. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	NAILS EXTRACTING TRAINING KIT	
PART NUMBER:	0208000310	
BASIC FUNCTION:		
Provide one stand and three finger tips. The finger tips can be replaced.		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MULTI-FUNCTIONAL MINOR OPERATION KIT	
PART NUMBER:	0208000311	
BASIC FUNCTION:	<ol style="list-style-type: none"> 1. Three kinds of skin modules: sebaceous gland resection module, lipoma resection module and common skin diseases management module. 2. Each module consists of three pathological changes: skin tag, nevus and seborrheic keratosis. 3. And these pathological changes can be resected. 	
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	LOCAL ANESTHESIA TRAINING KIT	
PART NUMBER:	0208000312	
BASIC FUNCTION:		
<p>Features:</p> <p>Provide a skin anesthesia training piece and a ring infiltration anesthesia training piece.</p> <p>GD/LV4-1</p> <p>Three kinds of surface markers represent various minor operation areas.</p> <p>GD/LV4-2</p> <p>Ring configuration is suitable for local anaesthesia of finger and toe</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	COMPREHENSIVE SURGERY SKILLS TRAINING MODEL	
PART NUMBER:	0208000313	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Suture training modules 2. Intestinal canal (30mm; 50mm) 3. Vessels 4. Surgical knotting training model 5. Adult suture leg 6. Adult suture arm 7. Suture instruments 8. Instruction CD 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	SURGICAL KNOTTING TRAINING MODEL	
PART NUMBER:	0208000314	
BASIC FUNCTION:		
<p>1. The material is transparent plexiglass. So instruction and training can be observed directly.</p> <p>2. Almost all kind of surgical knotting methods can be performed on this model.</p> <p>3. Simulative veins can be replaced.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED SUTURE TRAINING KIT	
PART NUMBER:	0208000315	
BASIC FUNCTION:		
<p>1. Combined special surgical suture training module and matching tool kit, the model is the best tool for beginners to improve their surgical suture skill.</p> <p>2. With wonderful elasticity and flexibility of skin, each model can be used for hundreds of times.</p> <p>3. The modules can be replaced.</p> <p>4. There are one instruction disc and one set of surgical instruments in the kit.</p> <p>5. The model provides a practical tool for suturing training of clinical surgery and is one of the most common teaching tools.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PNEUMOTHORAX TREATING MODEL	
PART NUMBER:	0208000316	
BASIC FUNCTION:		
<p>The model is a half torso of an adult. With lifelike shape and realistic chest anatomy, the model provides a practical training tool for clinical teaching. It is suitable for medical college, nursing school and clinical workers to demonstrate and exercise pneumothorax treating.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Anatomy structure: clavicle, suprasternal notch, angle of sternum, cervical rib and spatia intercostalia. 2. Use pneumothorax needle to exercise decompression of tension pneumothorax. 3. The lung bag can be used repeatedly. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PERITONEAL DIALYSIS SIMULATOR	
PART NUMBER:	0208000317	
BASIC FUNCTION:		
<p>The simulator is designed to introduce the essentials of Continuous Ambulatory Peritoneal Dialysis (CAPD) procedures and care to patients, students, and nurses. The realistic torso offers a lifelike method to demonstrate and practice peritoneal dialysis.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PROSTATE EXAMINATION MODEL	
PART NUMBER:	0208000318	
BASIC FUNCTION:		
<p>Basing on different degrees of prostate carcinoma, we design four interchangeable prostates:</p> <ol style="list-style-type: none"> 1. Benign, slightly enlarged, but normal prostate gland simulates benign stage. 2. Prostate with two discreet, hard nodules (one is at left lobe; the other is at right lobe) simulate beginning stage. 3. Prostate with easily palpable large mass simulate intermediate stage. The small nodule has increased in size and has become an external hard mass on the surface of the gland. 4. Prostate with malignant invasive cancer simulate terminal stage. This gland is totally replaced with carcinoma. The entire gland will feel hard and irregular. 		
SPECIFICATIONS:(As per one set)		
	Size:	53x32x37cm
	G.W.:	5.5kg

ITEM:	DIGITAL REMOTE CONTROLLED INFANT SIMULATOR	COMPUTER DIAGNOSTIC	
PART NUMBER:	0208000402		
BASIC FUNCTION:			
<p>The multifunctional product consists of infant, auscultation control box and remote controller. The infant is made of imported plastic, with realistic skin and realistic spermary in the oschea. And it has functions of heart and lung auscultation and basic nursing.</p> <p>Features:</p> <p>Heart and lung auscultation:</p> <ol style="list-style-type: none"> 1. Adopting high-fidelity technology editing and sound recording is saved in the voice chip, can be controlled by Single Chip Micycoco; 2. The simulator can reproduce dozens of the reserved heart and lung auscultation sound of the corresponding parts, which is taken from clinical patient with realistic sound, and can provide auscultation of phonocardiogram conduction and lung sound, and tremor palpation of corresponding parts; 3. Indicate the auscultation site automatically according to the choice of sound auscultation 4. With remote control of teaching and public address broadcast <p>Infant nursing:</p> <ol style="list-style-type: none"> 1. Provide tracheal and stomach intubation via mouth and nose; 2. Great saphenous vein and small saphenous vein puncture; 3. Nursing practice , replacement of clothes and rectal temperature measurement; 4. Radial artery pulse is synchronous with cardiac frequency; 5. Adjustable parameters 			
SPECIFICATIONS:(As per one set)			

ITEM:	ONLINE VERSION OF MEDICAL EXAMINATION SKILLS TRAINING SYSTEM	
PART NUMBER:	0208000405	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. LAN teaching 2. Entire software design 3. After quitting the teaching system, other software system can be entered immediately. 4. A lot of teaching methods are provided, including synchronous teaching for all members, group teaching, the students practicing and reviewing by themselves, teachers and students calling talkback, class and group discussion, all member discussion, online examination, class management, achievements searching, achievements printing 5. The model can connect with display console or big television screen 6. Convenient maintenance and up-grade <p>System Configuration:</p> <p>Teacher Console</p> <ol style="list-style-type: none"> 1. One P4 computer (optional equipment) 2. One 17" flat computer display (optional equipment) 3. One set of installation software of cardiopulmonary auscultation teaching 4. One system controllers 5. One auscultation manikin 6. One electronic simulative stethoscope 7. One teacher console table, one display table and one computer counter 8. One sound box 9. One headphone 10. One printer (optional equipment) 11. One hub/exchange server 12. One system manual <p>Student test-bed</p> <ol style="list-style-type: none"> 1. One P4 computer (optional equipment) 2. Nursing Manikin

ITEM:	MULTI-FUNCTIONAL TRAINING ARM	IV
PART NUMBER:	0208010042	
BASIC FUNCTION:		
<p>1. Lifelike arm reproduction with multi-vein system designed for peripheral intravenous therapy.</p> <p>2. Deltoid intramuscular injection.</p>		
		
SPECIFICATIONS:(As per one set)		
Size:	78.5x21x27.5cm	
G.W.:	8kg	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED INTRAVENOUS TRANSFUSION MODEL	LEG
PART NUMBER:	0208010041	
BASIC FUNCTION:		
<p>1. Simulate Asian adult left lower limb, slightly external abduction and rotation, highly simulated skin, fine skin texture, soft and elastic;</p> <p>2. Accurate anatomical structure, great saphenous vein, superficial vein of interfemurium , superficial vein of lateral femoris, small saphenous vein, dorsal venous network of foot, all blood vessel can puncture;</p> <p>3. Provide exercise of blood vessel puncture, transfusion and haemostasis. Puncture resistance can be felt during puncturing, there is obvious feeling when needle penetrates into the blood vessel, and simulated blood flash back indicates successful puncture.</p>		
SPECIFICATIONS:(As per one set)		

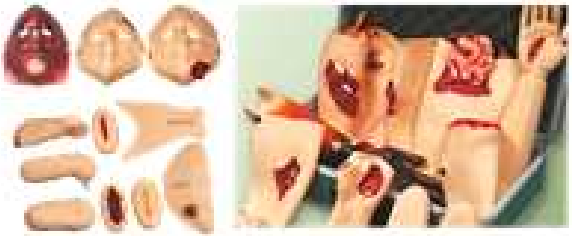

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	NURSING MANIKIN	
PART NUMBER:	0208010040	
BASIC FUNCTION:	<p>This up-graded edition H120A. Except all GD H120A, also has blood pressure measurement carotid artery pulse.</p>	
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	TRAUMA NURSING CARE MANIKIN	
PART NUMBER:	0208010039	
BASIC FUNCTION:		
<p>1. All functions of 0208010001 are reserved.</p> <p>2. Traumas consists of:</p> <ol style="list-style-type: none"> 1) Facial burn: I, II, III degree. 2) Laceration in forehead. 3) The wound in jaw. 4) Opened clavicular fracture and contusion wound on the chest. 5) The wound in abdomen with small intension evisceration. 6) Opened humerus fracture of right upper arm 7) Opened fracture of right hand (including parenchyma laceration, fracture and bone tissue exposure). 8) Gun wound in the right palm 9) Opened fracture of right thighbone 10) Compound femur fracture of left thigh 11) Metal pricking wound in right thigh 12) Opened tibia fracture of right leg 13) Opened fracture of right foot with truncating trauma on small phalanx 14) Burns in left forearm: I, II, III degree 15) Truncating trauma on left thigh 16) Closed tibia fracture of right leg and contusion wounds in left ankle and foot. 17) Chest wall section and suture incision 18) Abdomen wall section and suture incision 19) Thigh section and suture incision 20) Tear of the thigh skin 21) Infective ulcer of thigh 22) Foot sphacelus, decubitus ulcers of first, second, third toes and heelstick 23) Amputation stump of upper arm 24) Amputation stump of leg 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED TRAUMA ACCESSORIES	
PART NUMBER:	0208010038	
BASIC FUNCTION:		
<p>1. The model consists of 20 modules, which simulate most kinds of wounds of body, including burn, laceration, contusion, opened fracture, gun wound and etc.</p> <p>2. This model is vivid and all parts have good touch.</p> <p>3. It is suitable for first-aid training of surgical trauma, and can be used to simulate bleeding, hemostasis, washing, disinfection, enswathing of the wound.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	NURSING MANIKIN (MALE)	
PART NUMBER:	0208010037	
BASIC FUNCTION:		
<p>This manikin is upgraded from 0208010074.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Hair and face washing, hair combing 2. Eye and ear washing and administering 3. Mouth cavity and artificial teeth care 4. Endotracheal intubation 5. Sputum suction 6. Oxygen inhaling 7. Oral and nasal feeding 8. Gastrolavage 9. Main organs in thoracic cavity 10. Venipuncture, injection, blood transfusion (Arm) 11. Deltoid subcutaneous injection 12. Vastus lateralis injection 13. Thoracic cavity, abdominal cavity, liver, bone marrow and lumbar puncture 14. Enema 15. Female urethral catheterization 16. Male urethral catheterization 17. Female bladder irrigation 18. Male bladder irrigation 19. Ostomy 20. Buttocks intramuscular injection 21. Main organs in abdominal cavity 22. Holistic nursing care: sponge bath, replacing clothes, cold and heat therapy. 23. Limbs joints: bend, rotation and upper or lower movement 24. Trauma evaluation and care: washing, disinfection, enswathing of the wound, hemostasis and bandaging. 		
SPECIFICATIONS:(As per one set)		

ITEM:	FULL FUNCTIONAL NURSING (FEMALE) MANIKIN	
PART NUMBER:	0208010036	
BASIC FUNCTION:		
<p>This manikin is upgraded from 0208010074.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Hair and face washing, hair combing (with artificial hair) 2. Eye and ear washing and administering 3. Mouth cavity and artificial teeth care 4. Endotracheal intubation 5. Sputum suction 6. Oxygen inhaling 7. Oral and nasal feeding 8. Gastrolavage 9. Breast care and inspection 10. Venipuncture, injection, blood transfusion (Arm) 11. Deltoid subcutaneous injection 12. Vastus lateralis injection 13. Thoracic cavity, abdominal cavity, liver, bone marrow and lumbar puncture 14. Enema 15. Female urethral catheterization 16. Female bladder irrigation 17. Ostomy 18. Buttocks intramuscular injection 19. Main organs in abdominal cavity 20. Holistic nursing care: sponge bath, replacing clothes, cold and heat therapy. 21. Limbs joints: bend, rotation and upper or lower movement 		
SPECIFICATIONS:(As per one set)		

ITEM:	BASIC COMBINATION NURSING MANIKIN	
PART NUMBER:	0208010035	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Hair and face washing 2. Eye and ear washing and administering 3. Mouth cavity and artificial teeth care 4. Endotracheal intubation 5. Sputum suction 6. Oxygen inhaling 7. Oral and nasal feeding 8. Gastrolavage 9. Main organs in thoracic cavity 10. Breast care and inspection 11. Venipuncture, injection, blood transfusion (Arm) 12. Deltoid subcutaneous injection 13. Vastus lateralis injection 14. Thoracic cavity, abdominal cavity, liver, bone marrow and lumbar puncture 15. Enema 16. Female urethral catheterization 17. Male urethral catheterization 18. Female bladder irrigation 19. Male bladder irrigation 20. Ostomy 21. Buttocks intramuscular injection 22. Main organs in abdominal cavity 23. Holistic nursing care: sponge bath, replacing clothes 		
SPECIFICATIONS:(As per one set)		

ITEM:	BASIC NURSING MANIKIN
PART NUMBER:	0208010034
BASIC FUNCTION:	
<p>This is a set of nursing training simulator, which is specifically designed for professional nursing training, including an arm, buttock, upper torso and middle torso.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Hair and face washing 2. Eye and ear washing and administering 3. Mouth cavity care 4. Endotracheal intubation 5. Oxygen inhaling 6. Nasal feeding 7. Oral and nasal tracheal intubation 8. Gastrolavage 9. Venipuncture, injection, blood transfusion (Arm) 10. Deltoid subcutaneous injection 11. Vastus lateralis injection 12. Enema 13. Female urethral catheterization 14. Male urethral catheterization 15. Female bladder irrigation 16. Male bladder irrigation 17. Ostomy 18. Buttocks intramuscular injection 19. Main organs in abdominal cavity 	
SPECIFICATIONS:(As per one set)	

ITEM:	ADVANCED NURSING BABY	
PART NUMBER:	0208010033	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Head, neck and limbs can be moved freely. The chest skin can be replaced. 2. Cephalic venipuncture 3. Umbilical venipuncture 4. Oral and nasal intubation nursing 5. Care of gastrolavage, enema and urethral catheterization 6. Ostomy 7. Deltoid subcutaneous injection and buttocks intramuscular injection 8. Holistic nursing care: sponge bath, replacing clothes, lactation and diaper changing 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

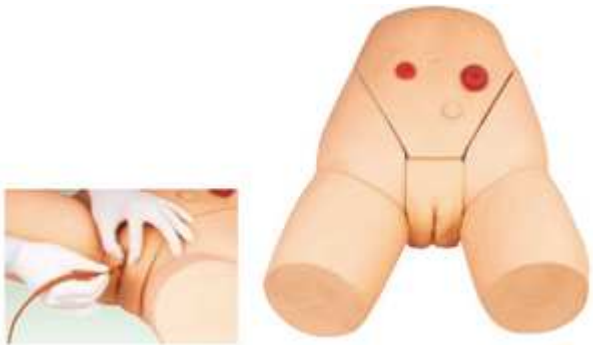

ITEM:	TRANSPARENT MALE URETHRAL CATHETERIZATION SIMULATOR	
PART NUMBER:	0208010032	
BASIC FUNCTION:		
<p>1. We design this simulator basing on the normal human anatomy.</p> <p>2. The external genitalia are lifelike. Students can observe the organs in the pelvis, such as bladder, rectum.</p> <p>3. The whole catheterization process can be seen because of the transparent abdominal wall.</p> <p>4. The resistance will be felt when intubating, just as in real human. The external genitalia can be replaced.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	TRANSPARENT FEMALE URETHRAL CATHETERIZATION SIMULATOR	
PART NUMBER:	0208010031	
BASIC FUNCTION:		
<p>1. We design this simulator basing on normal human anatomy.</p> <p>2. The external genitalia are lifelike. Students can observe the organs in the pelvis, such as bladder, uterus and rectum.</p> <p>3. The whole catheterization process can be seen because of the transparent abdominal wall.</p> <p>4. The resistance will be felt when intubating, just as in real human. The external genitalia can be replaced.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	MALE CATHETERIZATION TRAINING SIMULATOR	 <p>The image shows a male catheterization training simulator. It consists of a large, realistic-looking male torso with a penis and urethra. Two red circular ports are visible on the upper abdomen. An inset image on the left shows a close-up of a hand inserting a catheter into the urethra of the simulator.</p>
PART NUMBER:	0208010030	
BASIC FUNCTION:		
<p>1. General urethral catheterization process can be operated.</p> <p>2. There are resistance when advance the catheter through mucosal fold, bulb of urethra and intraurethral sphincter.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FEMALE CATHETERIZATION TRAINING SIMULATOR	
PART NUMBER:	0208010029	
BASIC FUNCTION:		
<p>1. General urethral catheterization process can be operated.</p> <p>2. There are resistance when advance the catheter through urethral sphincter.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	NASOGASTRIC FEEDING AND TRACHEA INTUBATION CARE TRAINING SIMULATOR	
PART NUMBER:	0208010028	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. Hair and face washing 2. Eye and ear washing and administering 3. Mouth cavity care 4. Endotracheal intubation 5. Oxygen inhaling 6. Nasogastric intubation 7. Sputum suction 8. Oral and nasal cavity intubation 9. Carotid artery pulse 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED SUCTION TRAINING MODEL	
PART NUMBER:	0208010027	
BASIC FUNCTION:		
<p>1. The suction catheter skills training through nose and mouth.</p> <p>2. Suction tube and Yankin catheter can be inserted into nasal cavity and oral cavity, and simulated sputum can be suctioned.</p> <p>3. Suction tube can be inserted into tracheal opening site through tracheal cannula, and intrabronchial suction can be practiced.</p> <p>4. By opening the one side part of the face, the position of inserted tube can be confirmed, and the anatomical structure of nasal cavity, oral cavity and cervical part can be learned.</p> <p>5. Simulated sputum is set into nasal cavity, oral cavity and trachea to enhance the effectiveness of training for obtaining actual technique.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	ELECTRONIC URETHRAL CATHETERIZATION AND ENEMA TRAINING SIMULATOR	
PART NUMBER:	0208010026	
BASIC FUNCTION:		
<p>1. Male urethral catheterization: Lift the penis, simulating extending the urethra bend (curvatura prepubica). Gently introduce the catheter into the meatus and slowly advance it through the urethra (through cavernous body of urethra, membranous urethra and prostatic urethra). If the operation is correct, the green light will power on. Advance the catheter about 18-20cm and the red light will power on. The return of urine into the collection tubing signifies that the catheter is in the proper position.</p> <p>2. Female urethral catheterization: Gently introduce the catheter into the meatus and slowly advance it proximally 4cm through the urethra. The catheter will arrive at bladder and the red light will power on. The return of urine into the collection tubing signifies that the catheter is in the proper position.</p> <p>3. Enema: Introduce the catheter into the anus and advance it about 10cm through the anal canal.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	FEMALE URETHRAL CATHETERIZATION SIMULATOR	
PART NUMBER:	0208010025	
BASIC FUNCTION:		
<p>1. Female internal genitalia and external genitalia 2. The students can directly observe catheterization process.</p>		
SPECIFICATIONS:(As per one set)		
Size:		14X15X16(CM)
Net Weight:		0.35(Kg)

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MALE URETHRAL CATHETERIZATION SIMULATOR	
PART NUMBER:	0208010024	
BASIC FUNCTION:		
<p>1. Male internal genitalia and external genitalia 2. The students can directly observe catheterization process.</p>		
SPECIFICATIONS:(As per one set)		
Size:		21X14X18(CM)
Net Weight:		0.4(Kg)

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADULT TRACHEOTOMY CARE SIMULATOR	
PART NUMBER:	0208010023	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Precise anatomy: pharynx, epiglottis, trachea, esophagus, position of tracheotomy, cricoid and left, right bronchial trees 2. Tracheotomy care 3. Sputum suction 4. Suction via oral cavity 5. Clean and care of tracheal cannula 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ENEMA AND ASSISTED DEFECATION TRAINING SIMULATOR	
PART NUMBER:	0208010022	
BASIC FUNCTION:		
<p>1. Simulate bed patient and old people, who can't defecate by themselves.</p> <p>2. The abdominal wall can be opened so as to students directly observe the operation.</p> <p>3. Disassembly and washing is very simple.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	OSTOMY CARE SIMULATOR	
PART NUMBER:	0208010021	
BASIC FUNCTION:		
<p>The model is designed to help introduce the essentials of ostomy care. The anatomy of latero-abdominal median incision, colostomy, ileostomy are carefully reproduced to provide lifelike functions and appearance.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. The anatomy of colostomy and ileostomy are carefully reproduced to provide lifelike functions and appearance. The model can be operated in erect position or side-lying position. 2. Intubation feeding can be actually operated in the ileostomy. 3. Ostomy care can be operated in the colostomy, including excretion of synthetic stool, irrigation and stool bag care. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	CHILD TRACHEOTOMY CARE MODEL	
PART NUMBER:	0208010020	
BASIC FUNCTION:	<ol style="list-style-type: none"> 1. Precise anatomy: pharynx, epiglottis, trachea, esophagus, position of tracheotomy, cricoid and left, right bronchial trees 2. Tracheotomy care 3. Sputum suction 4. Suction via oral cavity 5. Clean and care of tracheal cannula 	
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	DENTAL CARE MODEL	
PART NUMBER:	0208010019	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. This model is enlarged approx. 5 times. 2. It can be used for the training of tooth brushing, dental care, etc. 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED NURSING MANIKIN	
PART NUMBER:	0208010018	
BASIC FUNCTION:		
<p>The system consists of a full-body female manikin and a vital signs simulator. The whole model can simulate all basic nursing and advanced nursing skills, including non-invasive blood pressure measurement; auscultation of heart sounds; breath sounds and bowel sounds; vital signs of pulse, BP, ECG.</p> <p>Features:</p> <p>Basic nursing</p> <ol style="list-style-type: none"> 1. Hair and face washing, hair combing 2. Eye and ear washing and administering 3. Mouth cavity and artificial teeth care 4. Endotracheal intubation 5. Incision of tracheal nursing 6. Sputum suction 7. Oxygen inhaling 8. Oral and nasal feeding 9. Gastrolavage 10. Venipuncture, injection, blood transfusion (Arm) 11. Deltoid subcutaneous injection 12. Vastus lateralis injection 13. Thoracic cavity, abdominal cavity, liver, bone marrow and lumbar puncture 14. Breast care and inspection 15. Enema 16. Female/male urethral catheterization 17. Female/male bladder irrigation 18. Ostomy drainage 19. Colostomy 20. Buttocks intramuscular injection 21. Holistic nursing care: sponge bath, replacing clothes, cold and heat therapy. 22. Limbs joints: bend, rotation and upper or lower movement 23. Trauma evaluation and care: washing, disinfection, enswathing of the wound, hemostasis and bandaging. <ol style="list-style-type: none"> 1) Breast section and suturing care 2) Chest wall section and wound suturing care 3) Abdominal wall section and wound suturing care 4) Closed drainage of thoracic cavity care 		

<p>5) Drainage of cavitas pericardialis care</p> <p>6) T-tube drainage postoperative care</p> <p>7) Abdonimal drainage care</p> <p>8) Pneumothorax puncture care</p> <p>9) Surgical trauma of thigh and incision suturing care</p> <p>10)Thigh skin laceration care</p> <p>11)Thigh inflection ulcer care</p> <p>12)Foot sphacelus, crushing injury of first, second,third toes and heelstick care</p> <p>13)Amputation stump of upper arm and wound nursing</p> <p>14)Amputation stump of leg and wound nursing</p> <p>15)Wearable pressure sore care</p> <p>Advanced nursing vital signs features:</p> <p>1. Pupil observation, pupil LCD is CSTN pseudo-color, 65k color,RGB.Diameter range is 1-9mm, pupil states: normal, mydriasis and myosis,etc;</p> <p>2. Non-invasive blood pressure measurement: systolic and diastolic pressure may be set individually in steps of 1mmHg</p> <p>3. Systolic pressure 0-300mmHg, diastolic pressure:0-300mmHg</p> <p>4. Korotkoff sound volume in ten steps, 0-9</p> <p>5. Sound:</p> <p>1) Groan, vomit, cough and simultaneous breath</p> <p>2) Auscultation and identification of heart sound, breath sound and bowel sound;</p> <p>6. CPR operation training: support many inhaling ways, such as: mouth to mouth, mouth to nose and simple respirator to mouth,etc;electronically monitor airway open, inhaling times, frequency, volume, compression times, frequency ,site and depth; automatically judge the ratio of artificial respiration and external chest compression; data display in real time, with English voice prompts during the entire process;</p> <p>7. Pulse, carotid artery /radial artery pulse control</p> <p>8. Case programming of vital signs parameter display: pulse , BP, oxygen, ECG, etc</p> <p>9. Intubation: check whether the intubation is correct or not , and support palpation way to detect intubation site</p>	
<p>SPECIFICATIONS:(As per one set)</p>	

ITEM:	MULTI-FUNCTIONAL NURSING MANIKIN (FEMALE)	
PART NUMBER:	0208010017	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Hair and face washing, hair combing and sponge bath 2. Mouth cavity care 3. Endotracheal intubation 4. Oxygen inhaling 5. Nasal feeding 6. Gastrolavage 7. Intracardiac injection 8. Closed chest cardiac resuscitation 9. Pneumothorax 10. Breast care 11. Liver puncture 12. Chest drainage 13. Abdominal drainage 14. Bone marrow puncture 15. Lumbar puncture 16. Deltoid subcutaneous injection 17. Venipuncture injection 18. Blood transfusion (Arm) 19. Vastus lateralis injection 20. Female urethral catheterization 21. Female bladder irrigation 22. Buttocks intramuscular injection 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	SWALLOW MECHANISM SIMULATOR	
PART NUMBER:	0208010016	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. The mechanism of swallow 2. The causes of mistaking swallow 3. Correct posture of eating 4. The relationship between the angle of neck and mistaking swallow 5. Emergency rescue for mistaking swallow 6. Swallow training with oral cavity care 7. Intubation feeding 8. Internal absorption of oral cavity 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HAND AND ELBOW COMBINED INTRAVENOUS TRANSFUSION TRAINING ARM	
PART NUMBER:	0208010015	
BASIC FUNCTION:		
<p>The product combines lightweight, fine details and convenience together. This self-contained trainer is packaged in a plastic case that can be converted into a work station. It is an ideal way to teach venous puncture technology.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. The arm skin is made of imported material, life-like vein in the skin surface is visible and palpable; 2. Veins are accessible at the antecubital fossa and along the forearm, making it possible to practice venipuncture at any of the common sites; 3. When puncturing through skin and veins, the skin will roll as you palpate the vein. A realistic flashback will be observed when the needle is accurately inserted into the veins. Under common use, a hundred of puncture can be operated; 4. Can perform IVS and introduce over veins 		
SPECIFICATIONS:(As per one set)		

ITEM:	ONLINE VERSION OF NURSING SKILLS TRAINING SYSTEM
PART NUMBER:	0208010014
BASIC FUNCTION:	
<p>The system is designed for clinical basic and advanced standard nursing training. It consists of a full-body male manikin, a vital signs simulator, multi-parameter simulated monitor controller and a computer. The system can simulate all basic nursing and advanced nursing skills, including non-invasive blood pressure measurement, auscultation and identification of normal and abnormal heart sounds, breath sounds and bowel sounds, vital signs of pulse, blood pressure and ECG. The system also applies to skills training for rural physicians and supplies emergency operation skills of CPR and external defibrillation, etc. Combined with text, auditory image and video, the system has many functions, such as log report, saving and report printing. Its birth will fill the gaps, marking China's nursing education model joins up with the developed countries.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Simulation of vital signs: Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Simulate pupil states: normal, mydriasis, and myosis, etc; carotid artery pulse, femoral artery pulse and radial artery pulse, reproduction of patient moaning, coughing and vomiting sound; 2. Respiration mode: simulation of normal respiration, sighing respiration, Cheyne-stokes respiration, Kussmaul-kien respiration and Biot's respiration; 3. Real and spontaneous breathing; there is thoracic wave when breathing, adjustable respiratory frequency and depth; 4. Airway management: standard oral and nasal intubation, incision, open airway by head tilt and jaw thrust. If pressure is exerted on the teeth, it would alarm. Automatically monitor if the intubation site is correct by sensor; support auscultation way to detect intubation position; simulate physical signs of lockjaw, tongue edema, pharyngeal edema, laryngospasm, unilateral and bilateral lung obstruction, main airway blockage; 	

5. CPR Operation Training: multiple breathing ways by mouth to mouth, mouth to nose and simple respirator to mouth; electronically monitor airway open, respiratory times, frequency and volume , and compression times, frequency, position and depth; automatically judge the ratio of aspiration and chest compression.; showing data in real time with English voice prompts during the entire process;
6. AED training: Multimedia animation displays the AED operation; AED provides electrode patch and electrode button; automatically monitor if ECG need defibrillation; English voice prompts during the entire process;
7. Defibrillation and pacing training: Multimedia animation displays the operation of medical defibrillator, which can match defibrillators and pacemakers of different factories and types to achieve real defibrillation and pacing. Equipped with simulated defibrillator and pacemaker; can choose the defibrillation energy, the maximal energy of defibrillation is 360J; can save customerâ€™s cost for buying real defibrillators and pacemakers and achieve same effect;
8. Usage of simulated injection pump and infusion pump: multimedia animation displays the operation process of both pumps;
9. Training and assessment: With a large number of test questions, support nursing scenes, cases and CPR training and assessment;
10. ECG monitoring: realize monitoring of simulated ECG and real ECG via finger-piece blood detecting head; storage of thousands of normal and abnormal electrocardiogram;
11. Auscultation: normal heart sound, abnormal heart sounds, normal breathing sounds, abnormal breathing sounds;
12. Puncture: thoracic cavity, abdominal cavity, liver, bone marrow and lumbar puncture;
13. Limbs: Blood pressure measurement, deltoid subcutaneous injection, vastus lateralis injection. Venipuncture, injection, infusion(arm), and buttocks intramuscular injection;
14. Basic nursing: Hair washing and combing, face

washing, ear washing and drops, oral cavity care, artificial teeth care, sputum suction, oxygen inhaling, oral and nasal feeding, gastrolavage, gastrointestinal decompression, enema, stoma drainage, male/female urethral catheterization, male/female bladder irrigation;

15. Holistic nursing: bend, rotation and upper and lower movement of limbs joints, sponge bath, replacing clothes, cold and hot therapy;

16. Nursing scenes script training/ assessment: the system consists of dozens of scenes, covering patient nursing of Medical department, surgery, emergency and ICU, and test the handling of the key point knowledge of nursing operation via interactive multimedia courseware. Provide multiple drug therapy and typically auxiliary examination, such as chest x-ray, ultrasound ECG and 12-lead ECG, etc;

17. Script/case editing: support user-editing simulated nursing cases, changes of progression of disease and students' operation will be automatically recorded;

18. LAN teaching: teaching for all students, self-study, practice and assessment, teacher's computer can monitor all the students' computer;

19. Available for standalone version and online interactive version. Standalone version can be upgraded to online interactive version;

Components:

1. Comprehensive nursing manikin
2. GD/HS7 BP measurement trainer
3. Computer console car, rescue console
4. Simple respirator, auscultator, laryngoscope, tracheal cannula, transfusion set

Software:

1. LAN application software for teacher V2.0
2. LAN application software for student V2.0
3. ACLS script editor V2.0

Alternative accessories:

1. GD/J113 Simulated cardiac defibrillating pacer
 - 1) Can choose the defibrillation energy, the max energy can reach to 360J;
 - 2) Can save user's cost for buying real defibrillating pacer and achieve the same effect
2. Real cardiac defibrillating pace
 - 1) can match defibrillators and pacemakers of different

<p>factories and types to achieve real defibrillation and pacing;</p> <p>3. GD/J110-4 Advanced trauma modules of limbs</p> <p>Features:</p> <ol style="list-style-type: none"> 1) Simulate limbs trauma, replaceable burn skin; 2) Simulate washing, disinfection, hemostasis, enswathing of the wound, fixing and moving of the patient; 3) Simulate open fracture and fragmentation treatment of various human body sites; <p>Wound type:</p> <ol style="list-style-type: none"> 1) Open fracture of right hand 2) Laceration wound of soft tissue 3) Bone tissue exposure 4) Metal pricking wound in right thigh 5) Opened fracture of right foot 6) Truncating trauma on small phalanx 7) Burns in left forearm: I, II, III degree <p>4. GD/J110-16 Advanced trauma evaluation modules</p> <p>Features:</p> <ol style="list-style-type: none"> 1) Simulate all kinds of trauma of human body, replaceable burn skin 2) Simulate wound washing, disinfection, hemostasia, enswathing, fixing and moving of patient; 3) Simulate open fracture and fragmentation treatment of various human body sites <p>Wound type:</p> <ol style="list-style-type: none"> 1) Facial burn: I, II, III degree 2) Laceration in forehead 3) Wound in jaw 4) Open clavicular fracture and contusion wound on the chest 5) Injuries of abdomen with small intestine exposure 6) Open fracture of humerus of right upper arm 7) Opened fracture of right hand, Lacerating wound of soft tissue, Bone tissue exposure 8) Gunshot wound in right palm 9) Open fracture of right thighbone 10) Compound femur fracture of right thighbone 11) Metal pricking wound in right thigh 12) Open tibia fracture of right leg 13) Open fracture of right foot 14) Truncating trauma on small phalanx 	
--	--

<p>15) Burns in left forearm: I, II, III degree</p> <p>16) Truncating trauma on left thigh</p> <p>17) Closed tibia fracture of left leg and contusion in ankle and foot</p> <p>5. GD/J115Multi-media monitor</p> <p>1) LCD screen supplies 12-leads ECG, saturation of blood oxygen, breathing, CO2, blood pressure (artery blood pressure, central venous pressure, pulmonary artery pressure, non-invasive blood pressure), cardiac output,etc;</p> <p>2) Simultaneously display chest x-ray</p> <p>3) Touch screen operation</p> <p>6. GD/AED99F automatically external defibrillation machine</p> <p>1) Provides electrode patch and electrode button</p> <p>2) Chinese voice prompts</p> <p>3) Automatically detect cardiac rhythm and analyze if defibrillation is needed</p>	
<p>SPECIFICATIONS:(As per one set)</p>	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HIGH INTELLIGENT COMPREHENSIVE NURSING MANIKIN	
PART NUMBER:	0208010013	
BASIC FUNCTION:		
<p>This manikin is upgraded from GD/H125. Except all the functions of GD/125, it has many other functions, such as: CPR modules, pupil observation, liquid crystal simulation pupil, realistic states of normal, mydriasis, and myosis, automatically monitor tracheal intubation site through sensor, detect intubation site via auscultation. With all the basic nursing functions and CPR function, which include basic nursing, non-invasive blood pressure measurement, CPR, simulation of carotid artery pulse, and is the newest product in our country.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. All the functions of GD/H125 2. Extra functions: <ol style="list-style-type: none"> 1) Pupil observation, Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Pupil states: normal, mydriasis, and myosis, etc; 2) Endotracheal intubation, automatically monitor whether the tracheal intubation is correct or not through sensor, support auscultation to detect intubation site; 3) CPR: electronic monitoring of airway open, volume, times and frequency of blowing, and compression site, times and depth; 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED FULL-FUNCTIONAL ELDERLY NURSING MANIKIN	
PART NUMBER:	0208010012	
BASIC FUNCTION:		
<p>The manikin is designed according to the physiological characteristic of old male people for the basic clinical nursing training. The product consists of full-body male elderly manikin and non-invasive blood pressure simulator; with about 50 kinds of nursing functions; made of imported PVC material, fine quality, environmental protection, realistic shape as human, easily washable, these help nursing workers understand and care for old people when they are nursing.</p> <p>Basic nursing functions:</p> <ol style="list-style-type: none"> 1. Hair and face washing 2. Pupil observation, Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Simulate pupil states freely: normal, mydriasis, and myosis, etc; 3. Eye and ear washing and administering 4. Removal and insertion of hearing aid 5. Mouth cavity and artificial teeth care 6. Endotracheal intubation, automatically monitor whether the tracheal intubation is correct or not through sensor; support auscultation to detect intubation site; 7. Incision of trachea nursing 8. Sputum suction 9. Oxygen inhaling 10. Oral and nasal feeding 11. Gastrolavage 12. Venipuncture, injection, transfusion(arm) 13. Deltoid subcutaneous injection 14. Vastus lateralis injection 15. Thoracic cavity, abdominal cavity, liver, bone marrow and lumbar puncture 16. Enema 17. Male/female urethral catheterization 18. Male/female bladder injection 19. Male prostate examination(with foreskin) 20. Stoma drainage 21. Colostomy 22. Buttocks intramuscular injection 		

<p>23. Large area of sacral ulcer</p> <p>24. Cancer tumor contrast</p> <p>25. Cleavage lines contrast</p> <p>26. Holistic nursing : sponge bath, replacing clothes, cold and hot therapy</p> <p>27. Realistic limbs joint, stiff simulated joints, truck may lean forward, can sit in the wheelchair</p> <ol style="list-style-type: none"> 1) Truck- rotation, flexibility 2) Neck- rotation, flexibility, lateral curvature 3) Shoulder and buttock- endoduction, abduction, rotation, flexibility 4) Elbow-internal rotation, external rotation 5) Knee- internal rotation, external rotation 6)Wrist-internal rotation, flexibility, stretching, bending 7)Ankle- introversion, eversion, endoduction, abduction <p>28. Non-invasive blood pressure measurement</p> <ol style="list-style-type: none"> 1)Systolic and diastolic pressure may be set individually in steps of 1mmHg 2)Systolic pressure 0-300mmHg, diastolic pressure 0-300Hg 3) Korotkoff sound volume in ten steps, 0-9 	
<p>SPECIFICATIONS:(As per one set)</p>	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED FULL-FUNCTIONAL ELDERLY NURSING MANIKIN	
PART NUMBER:	0208010011	
BASIC FUNCTION:		

The manikin is designed according to the physiological characteristic of old male people for the basic clinical nursing training. The product consists of full-body female elderly manikin and non-invasive blood pressure simulator; with about 50 kinds of nursing functions; made of imported PVC material, fine quality, environmental protection, realistic shape as human, easily washable, these help nursing workers understand and care for old people when they are nursing.

Basic nursing functions:

1. Hair and face washing
2. Pupil observation, Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Simulate pupil states freely: normal, mydriasis, and myosis, etc;
3. Eye and ear washing and administering
4. Removal and insertion of hearing aid
5. Mouth cavity and artificial teeth care
6. Endotracheal intubation, automatically monitor whether the tracheal intubation is correct or not through sensor; support auscultation to detect intubation site;
7. Incision of trachea nursing
8. Sputum suction
9. Oxygen inhaling
10. Oral and nasal feeding
11. Gastrolavage
12. Venipuncture, injection, transfusion(arm)
13. Deltoid subcutaneous injection
14. Vastus lateralis injection
15. Thoracic cavity, abdominal cavity, liver, bone marrow and lumbar puncture
16. Breast nursing, mammary gland examination
17. Enema
18. Male/female urethral catheterization
19. Male/female bladder injection
20. Stoma drainage
21. Colostomy
22. Buttocks intramuscular injection

<p>23. Large area of sacral ulcer</p> <p>24. Cancer tumor contrast</p> <p>25. Cleavage lines contrast</p> <p>26. Holistic nursing : sponge bath, replacing clothes, cold and hot therapy</p> <p>27. Realistic limbs joint, stiff simulated joints, truck may lean forward, can sit in the wheelchair;</p> <ol style="list-style-type: none"> 1) Truck- rotation, flexibility 2) Neck- rotation, flexibility, lateral curvature 3) Shoulder and buttock- endoduction, abduction, rotation, flexibility 4) Elbow-internal rotation, external rotation 5) Knee- internal rotation, external rotation 6)Wrist-internal rotation, flexibility, stretching, bending 7)Ankle- introversion, eversion, endoduction, abduction <p>28. Non-invasive blood pressure measurement</p> <ol style="list-style-type: none"> 1)Systolic and diastolic pressure may be set individually in steps of 1mmHg 2) Systolic pressure 0-300mmHg, diastolic pressure 0-300Hg 3) Korotkoff sound volume in ten steps, 0-9 	
<p>SPECIFICATIONS:(As per one set)</p>	

ITEM:	ADVANCED WEARABLE ELDERLY ACTION SIMULATION SUIT	
PART NUMBER:	0208010010	
BASIC FUNCTION:		
<p>Modern society is gradually entering the elderly age, so experiencing of old people's life is beneficial for experiencing old people's physiological and psychological ideas, so as to achieve more scientific clinical care for elderly patients.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Designed basing on the physiological changes of old people, fine and environmental material, washable; 2. Be able to wear Simulated Elderly Action Suit to experience old people's life and the aging feeling of the specific part of the body, and provides better understanding for old people's feeling; 3. Adjustable cured angle of the back and body 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED WEARABLE SIMULATION SUIT FOR ELDERLY HEMIPARALYSIS NURSING	
PART NUMBER:	0208010009	
BASIC FUNCTION:		
<p>Through experiencing patients' life, for example, the inconvenience of hemiparalysis patient caused by cerebrovascular disease and cerebral trauma, to experience the physiological and psychological ideas so as to provide more scientific clinical care for hemiparalysis patient.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Designed according to the physiological changes of hemiparalysis patient, fine and environmental material, washable; 2. Experience left-right hemiparalysis 3. Stiff joints because of fixation by the restriction device, tightness of rubber band can be adjusted ; 4. Trainer can experience the importance of crutches; 5. Shoes are designed for old and disabled people, portable and antiskid 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED NEONATAL UMBILICAL CORD NURSING MODEL	
PART NUMBER:	0208010008	
BASIC FUNCTION:		
<p>1. Female newborn systemic model, moveable head and limbs;</p> <p>2. Realistic umbilical cord with umbilical vein and artery;</p> <p>3. Umbilical cord ligation and nursing, realistic touch feeling, the enough length of umbilical cord can be used continually;</p> <p>4. Neonatal basic nursing: lactation, sponge washing, wearing clothes, changing diapers;</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED MULTI-FUNCTIONAL THREE-YEAR-OLD CHILD NURSING MANIKIN	
PART NUMBER:	0208010006	
BASIC FUNCTION:		
<p>Designed according to the anatomical characteristics of three-year-old child, and specializing in child care training. Applying imported materials, the skin is soft and flexible, not easily deformed, realistic shape, lovely appearance, and clear internal anatomical structure. Good helper for pediatric nursing teaching and training.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Pupil observation. Pupil LCD is CSTN pseudo-color, 65k color, RGB. Diameter range is 1-9mm. Pupil states: normal, mydriasis, and myosis, etc. 2. Operations of child care: full body bandage exercise, bathing, changing clothes, hair combing, eye washing and administering, otic drops and irrigation , mouth cavity care, blood collection of finger and TB test. 3. Airway administering: realistic mouth, nose, tongue, gum, pharynx, larynx, esophagus, epiglottis, trachea and tracheal ring, can practice tracheal intubation, sputum suction, oxygen inhaling; 4. Oral and nasal feeding 5. Gastrolavage 6. Venipuncture, injection, transfusion (Arm). There is an obvious feeling when needle penetrates into vein. And blood flash back indicates proper insertion; 7. Intramuscular injection in bilateral deltoid, bilateral vastus lateralis and bilateral buttock; 8. Enema, placement of rectal suppository 9. Urethral catheterization 10. Holistic care: sponge bath, replacing clothes, cold and heat therapy 11. Limbs joints¼šBend, rotation, upper and lower movement 12. Bathing and bandaging activity 13. Ostomy nursing of ileum, colon and bladder 14. Tibial bone marrow puncture: simulate the process of bone marrow puncture, obvious body surface symbol. Simulated bone marrow would outflow in the case of correct puncture. 		
Specifications:(As per one set)		

ITEM:	ADVANCED PARENTERAL ALIMENTATION NURSING MODEL	
PART NUMBER:	0208010005	
BASIC FUNCTION:		
<p>The model is used for patient's parenteral alimentation treatment and care through central vein intubation, provides trainings of central vein intubation, related disinfection, puncture and fixing operation.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Simulate normal adult male size, accurate and real anatomical structure, translucent design is conducive for sterical observation of internal skeleton, blood vessel, heart and part of lungs; 2. Transparent design for clear observation of internal jugular vein and subclavian venous channel; 3. Cutaneous covering in the puncture site of right side chest; 4. The heart part can be opened to see the tricuspid valve with red marker 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MULTIFUNCTIONAL TRANSPARENT GASTRIC LAVAGE TRAINING MODEL	
PART NUMBER:	0208010004	
BASIC FUNCTION:		
<p>The model simulates a male adult upper body structure, with anatomical structure of nasal cavity, oral cavity, teeth, tongue, uvula, reply, vocal cord, trachea, bronchi, lungs, esophagus, stomach, liver, diaphragmatic muscle, and small intestine. The simulator is made of imported material with realistic touch feeling; and the stomach is made of high intensity transparent material, which is convenient to observe, can directly observe the realistic organs and structures of chest cavity and abdominal cavity and the gastric lavage process.</p> <p>Features</p> <ol style="list-style-type: none"> 1. Open chest wall skin to expose thoracic viscera and organs, such as stomach and lung, can examine if the operation is correct; 2. Insertion of gastric tube through mouth or nose: nasal feeding, gastrolavage, haemostasis and gastroscopy operation, simulated gastric fluid can be extracted when the operation is correct; After finishing operation, the fluid in the digestive tract can be eliminated from body; 3. Endotracheal intubation via mouth or nose: Sputum suction and oxygen inhaling, etc; 4. Postoperative care for incision of tracheal and oral cavity care; 5. Manually generated carotid arterial pulse 6. Can be placed for many postures, such as supine position, left-lateral position, sitting position, etc; 7. LCD bilateral pupil, the pupil can easily adjust the size, presentation signs of organophosphorus pesticide poisoning; 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED WEARABLE MALE URETHRAL CATHETERIZATION SIMULATOR	
PART NUMBER:	0208010003	
BASIC FUNCTION:		
<p>1. Simulate real urethral catheterization operation training, realistic genitalia can carry out real urethral catheterization and genital care operation;</p> <p>2. Fixed on bracket, can be operated on table;</p> <p>3. With water-proof shorts which can be worn outside of clothes to operate, suitable for a group of two students to practice</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED WEARABLE FEMALE URETHRAL CATHETERIZATION MODEL	
PART NUMBER:	0208010002	
BASIC FUNCTION:		
<p>1. Simulate real urethral catheterization operation training, realistic genitalia can carry out real urethral catheterization and genital care operation;</p> <p>2. Fixed on bracket, can be operated on table;</p> <p>3. With water-proof shorts which can be worn outside of clothes to operate, suitable for a group of two students to practice;</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

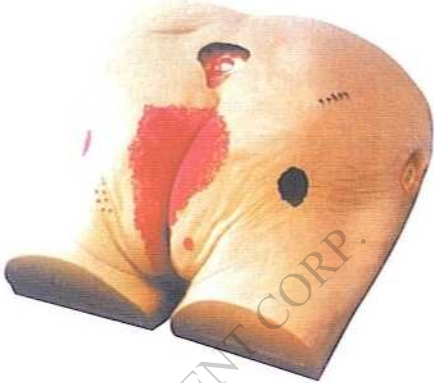

ITEM:	ADVANCED WEARABLE ARTIFICIAL DEFECATION TRAINING SIMULATOR	
PART NUMBER:	0208010001	
BASIC FUNCTION:		
<p>1. Wearable design and suitable for a group of two students to exercise</p> <p>2. Made of imported material, soft skin, real operation process.</p> <p>3. With cloth elastic, length and tightness can be adjusted</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED DIABETIC FOOT NURSING MODEL	
PART NUMBER:	0208010000	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Designed for nursing of foot pathological changes caused by diabetes 2. No.1, 2, 3 invasive traumas with minor foot infection 3. Display severe foot diseases, such as toe amputation, Charcot foot and gangrene, etc; 4. Soft and elastic model material, bendable toes 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

Bedsore Care Nursing

ITEM:	DECUBITUS WOUND CARE SIMULATOR	
PART NUMBER:	0208010100	
BASIC FUNCTION:		
<p>This model is simulated from a 74-year-old patient. It looks and feels like the realistic one.</p> <p>Measurement of wound length, depth, undermining and tunneling;</p> <p>The positions of wounds;</p> <p>Dressing mode (including alginate biosynthetic, collagen, gauze, hydrocolloids, skin substitutes, transparent films and wound filters), and easy to be taken off.</p> <p>Some additional complications displayed;</p> <ul style="list-style-type: none"> * All four stages of pressure ulcers of undermining, tunneling, sinus track, fistula, slough, infection, and exposed bone. * Eschar, a sutured wound, herpes, and candidates. 		
SPECIFICATIONS: (As per one set)		
Weight	2.60 kg	
Packing size	37x19,5x29.5 cm	

ITEM:	STAGE DECUBITUS ULCER CARE MODEL	
PART NUMBER:	0208010101	
BASIC FUNCTION:		
<p>1. 4 pieces of module of various stages</p> <p>2. The students can wear on the model.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

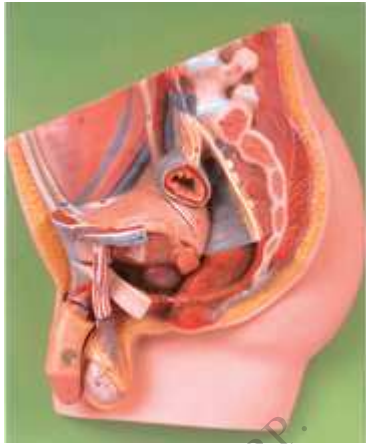

ITEM:	ADVANCED BLOOD PRESSURE TRAINING ARM	
PART NUMBER:	0208010201	
BASIC FUNCTION:		
<p>1. The model is suitable for medical college, nursing academy, health school and clinic workers to teach and exercise blood pressure measurement skills.</p> <p>2. The product can be used as stand-alone, or cooperated with other products.</p>		
SPECIFICATIONS:(As per one set)		
	Size:	77.5x20.5x26.5cm
	G.W.:	7.2kg

Measuring Training

ITEM:	ADVANCED BLOOD PRESSURE TRAINING ARM	
PART NUMBER:	0208010201	
BASIC FUNCTION:		
<p>1. The model is suitable for medical college, nursing academy, health school and clinic workers to teach and exercise blood pressure measurement skills.</p> <p>2. The product can be used as stand-alone, or cooperated with other products.</p>		
SPECIFICATIONS:(As per one set)		
	Size:	77.5x20.5x26.5cm
	G.W.:	7.2kg

Skeletal Model

ITEM:	Scattered Bone Model of Human Skeleton (Free bone)	
PART NUMBER:	0208020043	
BASIC FUNCTION:	Beautifully packaged in the aluminum suitcase	
SPECIFICATIONS:(As per one set)		
	Material:	Imported PVC

ITEM:	MEDIAN SECTION OF MALE PELVIS	
PART NUMBER:	0208020042	
BASIC FUNCTION:		
<p>1. The model consists of 4 parts and is mounted on a board.</p> <p>2. Shows rectum, bladder with prostate and testicular duct, and external genital organs.</p>		
SPECIFICATIONS:(As per one set)		
Size:		27cm*10cm*25cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MEDIAN SECTION OF FEMALE PELVIS	
PART NUMBER:	0208020041	
BASIC FUNCTION:		
<p>1. The model shows female genital organs with bladder and rectum.</p> <p>2. The model is mounted on a board and separated into 2 parts.</p> <p>3. 27 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		25cm*9.5cm*24.5cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	VERTEBRAL COLUMN WITH PELVIS	
PART NUMBER:	0208020040	
BASIC FUNCTION:	<p>The model shows arteria vertebralis, spinal cord, spinal nerves, connected ganglion cells, and consists of occipital bone, cervical, thoracic and lumbar vertebrae, sacrum, coccyx, upper parts of ilium.</p>	
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	VERTEBRAL COLUMN	
PART NUMBER:	0208020039	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	
G.W.:	3.6KG	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	COLORED ADULT SKULL	
PART NUMBER:	0208020038	
BASIC FUNCTION:		
Separated into 16 parts		
SPECIFICATIONS:(As per one set)		
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADULT SKULL	
PART NUMBER:	0208020037	
BASIC FUNCTION:		
Mounted on a base		
SPECIFICATIONS:(As per one set)		
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	CHILD SKULL	
PART NUMBER:	0208020036	
BASIC FUNCTION:		
Can be separated into 2 parts		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 14x12x16cm
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

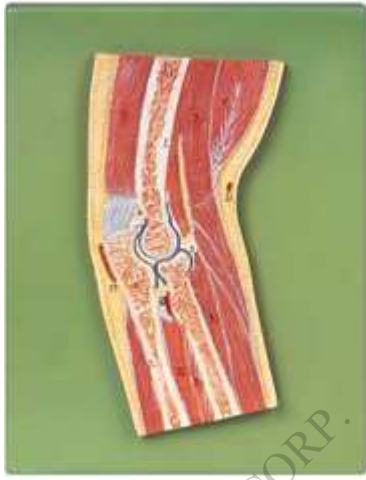

ITEM:	INFANT SKULL	
PART NUMBER:	0208020035	
BASIC FUNCTION:		
Be separated into 2 parts		
SPECIFICATIONS:(As per one set)		
Size:		Life size,8.5x10x12.5cm
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MALE PELVIS	
PART NUMBER:	0208020032	
BASIC FUNCTION:		
<p>Consists of two upper parts of ilium, sacrum and coccyx, fourth and fifth lumbar vertebrae, as well as disc and symphysis.</p>		
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	
G.W.:	1.6kg	

ITEM:	SHOULDER JOINT SECTION	
PART NUMBER:	0208020031	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ELBOW JOINT SECTION	
PART NUMBER:	0208020030	
BASIC FUNCTION:		
14 positions are displayed		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	KNEE JOINT SECTION	
PART NUMBER:	0208020029	
BASIC FUNCTION:		
17 positions are displayed.		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HIP JOINT SECTION	
PART NUMBER:	0208020028	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HAND SECTION	
PART NUMBER:	0208020027	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FOOT SECTION	
PART NUMBER:	0208020026	
BASIC FUNCTION:		
8 positions are displayed.		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

ITEM:	JOINT SERIES	
PART NUMBER:	0208020025	
BASIC FUNCTION:		
Including: Shoulder Joint Elbow Joint Hip Joint Knee Joint Hand Joint Foot Joint		
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Imported PVC and paint	

ITEM:	85CM WHOLE BODY SKELETON MODEL	
PART NUMBER:	0208020024	
BASIC FUNCTION:		
Metal hanger, normal erect posture, limbs can be removable, display bony framework and physical relations		
SPECIFICATIONS:(As per one set)		
Size:		85cm
Material:		Imported PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	LUMBAR VERTEBRA MODEL	
PART NUMBER:	0208020023	
BASIC FUNCTION:		
<p>The picture shows the, Cervical vertebra Model Thoracic Vertebra Model Lumbar Vertebra Model</p>		
SPECIFICATIONS:(As per one set)		
	Size:	Life size, fixed on the base plate
	Material:	Imported PVC

ITEM:	THORACIC VERTEBRA MODEL	
PART NUMBER:	0208020022	
BASIC FUNCTION:		
<p>The picture shows the, Cervical vertebra Model Thoracic Vertebra Model Lumbar Vertebra Model</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, fixed on the base plate
Material:		Imported PVC

ITEM:	CERVICAL VERTEBRA MODEL	
PART NUMBER:	0208020021	
BASIC FUNCTION:		
<p>The picture shows the, Cervical vertebra Model Thoracic Vertebra Model Lumbar Vertebra Model</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, fixed on the base plate
Material:		Imported PVC

ITEM:	VERTEBRAL COLUMN	
PART NUMBER:	0208020020	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Life size, metal wire series, stainless steel holder	
Height:	70cm	
Material:	Imported PVC	

ITEM:	SKULL SEPARATION MODEL
PART NUMBER:	0208020019
BASIC FUNCTION:	
	
SPECIFICATIONS:(As per one set)	
Material:	Imported PVC
Size:	12x21x16cm

ITEM:	TEMPORAL BONE MODEL	
PART NUMBER:	0208020018	
BASIC FUNCTION:		
		
SPECIFICATIONS:(As per one set)		
	Size:	400x420x300mm
	Material:	Imported PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	AMPLIFIED ETHNOCIDIC BONE	
PART NUMBER:	0208020017	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
	Size:	Four times of life size
	Material:	Imported PVC

ITEM:	AMPLIFIED ALARY BONE	
PART NUMBER:	0208020016	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Two times of life size, mounted on the base plate	
Material:	Imported PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ARM SCAPULAR AND COLLAR BONE	
PART NUMBER:	0208020015	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size, metal wire series
Material:		Imported PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ARM BONE MODEL	
PART NUMBER:	0208020014	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Life size, metal wire series	
Material:	Imported PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BENCHTOP HIGH SPEED REFRIGERATED CENTRIFUGE	
PART NUMBER:	0208020013	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Life size, metal wire series	
Material:	Imported PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PALM BONE MODEL	
PART NUMBER:	0208020012	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size, metal wire series
Material:		Imported PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BONE OF LOWER LIMB WITH HIP BONE	
PART NUMBER:	0208020011	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
	Size:	Life size, metal wire series
	Material:	Imported PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BONES OF LOWER LIMB	
PART NUMBER:	0208020010	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Life size, metal wire series	
Material:	Imported PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BONES OF FOOT	
PART NUMBER:	0208020008	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Life size, metal wire series	
Material:	Imported PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ELBOW JOINT WITH FUNCTIONAL MUSCLES	
PART NUMBER:	0208020007	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PALM ANATOMY	
PART NUMBER:	0208020006	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Imported PVC and paint	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PLANTAR ANATOMY	
PART NUMBER:	0208020004	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PELVIS WITH LUMBAR SPINE AND FEMORAL HEAD	
PART NUMBER:	208020003	
BASIC FUNCTION:		
<p>Features: Size: Life size, metal wire series, fixed on the base plate Material: Imported PVC and paint</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FEMALE PELVIS	
PART NUMBER:	0208020002	
BASIC FUNCTION:		
<p>The model consists of the two upper parts of ilium, sacrum and coccyx, fourth and fifth lumbar vertebrae, as well as discs and symphysis.</p>		
SPECIFICATIONS: (As per one set)		
Weight		1.8 kg
Packing size		22*20*23 cm
Material		PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

Muscle Blood vessels and Nerves Model

ITEM:	MUSCLES OF MALE	
PART NUMBER:	0208020147	
BASIC FUNCTION:		
Features:		
1. This model consists of 18 parts, such as muscle of chest wall and abdomen, muscles of upper and lower limbs, skull, etc;		
2. It shows the structure of head, neck, torso, upper and lower limbs, muscles, muscle tendon, ligaments, etc.		
		
SPECIFICATIONS:(As per one set)		
Size	Model 1:	78X16X12CM
	Model 2:	Life size, 170x40x20cm
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BRAIN WITH ARTERIES	
PART NUMBER:	0208020146	
BASIC FUNCTION:		
<p>The brain separates into 8 parts 12 pairs of cranial nerves and the basilar arteries 129 positions displayed.</p>		
SPECIFICATIONS: (As per one set)		
Weight	1.5 KG	1PC/CTN
Packing size	21.5*20*25CM	
Material	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ELECTRIC HEART BEAT AND BLOOD CIRCULATION MODEL	
PART NUMBER:	0208020145	
BASIC FUNCTION:		
Features: The model demonstrates cardiac cycle and blood circulation.		
SPECIFICATIONS:(As per one set)		
	Size:	49cmX23cmX91cm

ITEM:	ELECTRIC COMPENSATORY CIRCULATION OF PORTAL VEIN MODEL	
PART NUMBER:	0208020144	
BASIC FUNCTION:		
<p>Features: Demonstrate compensatory circulation in normal condition and obstruction condition.</p>		
SPECIFICATIONS:(As per one set)		
Size:		49x23x91cm

ITEM:	DUAL SEX TORSO WITH OPEN BACK: 32-PART	
PART NUMBER:	0208020143	
BASIC FUNCTION:	<p>1. This sexless, life-size torso is accurate in all of its detailing.</p> <p>2. Anatomical structures of the major body systems are numbered and identified on the accompany key. The head is sectioned to expose one half of the brain.</p> <p>3. The neck is dissected through the ventral surface to show muscular, neural, vascular, and glandular structures. The thorax and abdomen are completely open, for an unrestricted view of the internal organs and associated structures.</p> <p>4. The back is dissected, revealing the muscular layers, vertebral column, spinal cord, and nerve branches.</p>	
SPECIFICATIONS:(As per one set)		
Size:	Life size, 83cm*36cm*20cm	
Material:	Advanced PVC and paint	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	TRANSPARENT TORSO WITH MAIN NEURAL AND VASCULAR STRUCTURES	
PART NUMBER:	0208020142	
BASIC FUNCTION:		
		
SPECIFICATIONS:(As per one set)		
Size:	height 105cm	
Material:	Advanced PVC and paint	

ITEM:	CIRCULATORY SYSTEM MODEL	
PART NUMBER:	0208020141	
BASIC FUNCTION:		
<p>1. Introduce main arteries and veins of the body.</p> <p>2. 81 positions are displayed.</p>		
Specifications:(As per one set)		
Size:	1/2 time of life size, 86cm*30cm*5cm	
Material:	Advanced PVC and paint	

ITEM:	MAGNIFIED ARTERY AND VEIN	
PART NUMBER:	0208020140	
BASIC FUNCTION:	<ol style="list-style-type: none"> 1. The model shows magnified artery and vein. 2. 23 positions are displayed. 	
		
SPECIFICATIONS:(As per one set)		
Size:	76cm*49cm*8.5cm	
Material:	Advanced PVC and paint	

ITEM:	LYMPHATIC SYSTEM	
PART NUMBER:	0208020139	
BASIC FUNCTION:		
<p>1. The model indicates the structure of the lymphatic system.</p> <p>2. 23 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		57cm*31cm*21.5cm
Material:		Advanced PVC and paint

ITEM:	BRAIN WITH ARTERIES	
PART NUMBER:	0208020138	
BASIC FUNCTION:		
<p>1. The model shows arterial network of vessels.</p> <p>2. Separated into 9 parts: Frontal and parietal lobes Temporal and occipital lobes Brainstem Cerebellum Basilar artery</p> <p>3. 127 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	EYEBALL AND ORBIT WITH VESSELS AND NERVES	
PART NUMBER:	0208020137	
BASIC FUNCTION:	<p>1. Consists nine parts, including orbit, eyeball wall, sclerotic, choroids, retina, vitreous body, extraocular muscles, etc.</p> <p>2. 97 positions are displayed.</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	28cm*32cm*41.5cm	
Material:	Advanced PVC and paint	

ITEM:	NEURON MODEL	
PART NUMBER:	0208020136	
BASIC FUNCTION:		
<p>1. Consists of two parts, including neuron body and neuron fiber.</p> <p>2. Shows neuraxon hillock, dendritic arbor, neurofilament, etc.</p> <p>3. 15 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		2500 times life size, 38.5cm*28cm*13cm
Material:		Advanced PVC and paint

ITEM:	SPINAL CORD IN THE SPINAL CANAL	
PART NUMBER:	0208020135	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. 120,000 times life size 2. Shows neuraxon, presynaptic membrane, synaptic vesicle, mitochondrion, neurofilament, etc. 3. 9 positions are displayed. 		
SPECIFICATIONS:(As per one set)		
Material:	120,000 times life size, 16cm*14cm*11cm	
Size:	Advanced PVC and paint	

ITEM:	NERVOUS SYSTEM	
PART NUMBER:	0208020134	
BASIC FUNCTION:		
<p>1. The model shows the structure of central nerves, peripheral nerves, including spinal nerves radiated from central system to other parts of body.</p> <p>2. 33 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		1/2 time life size, 83cm*30cm*15cm
Material:		Advanced PVC and paint

ITEM:	SPINAL CORD AND SPINAL NERVES	
PART NUMBER:	0208020133	
BASIC FUNCTION:		
<p>1. Shows brain, cerebral nerves, spinal cord and spinal nerves.</p> <p>2. 47 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		1/2 life size, 73cm*25cm*16cm
Material:		Advanced PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	SKELETAL MUSCLE FIBER WITH MOTOR END-PLATE	
PART NUMBER:	0208020132	
BASIC FUNCTION:		
<p>1. Inner membrane of skeletal muscle fiber, nucleus of fibroblast, nucleus of muscle cell, actin filament, myofibrilla, neuraxon, end-plate, presynaptic membrane, postsynaptic membrane, etc.</p> <p>2. 19 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		4000 times life size, 17.5cm*15.5cm*16cm
Material:		Advanced PVC and paint

ITEM:	SPINAL CORD WITH NERVE BRANCHES	
PART NUMBER:	0208020131	
BASIC FUNCTION:		
<p>1. Shows anatomy of spinal cord and nerves</p> <p>2. 21 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		5 times life size
Material:		Advanced PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FIFTH CERVICAL VERTEBRAE	
PART NUMBER:	0208020130	
BASIC FUNCTION:		
<p>1. Fifth cervical vertebrae with spinal artery, spinal vein, spinal nerve, etc.</p> <p>2. 40 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		7 times life size, 7.5cm*32cm*24cm
Material:		Advanced PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	CERVICAL VERTEBRAE WITH SPINAL CORD	
PART NUMBER:	0208020129	
BASIC FUNCTION:		
<p>1. Cervical vertebrae, spinal artery, spinal vein, spinal nerve, etc.</p> <p>2. 21 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	10cm*20cm*16.5cm	
Material:	Advanced PVC and paint	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	THORACIC VERTEBRAE WITH SPINAL CORD	
PART NUMBER:	0208020128	
BASIC FUNCTION:		
<p>1. Shows spinal nerves, spinal ganglion and spinal cord in cross-section.</p> <p>2. 22 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	9cm*18.5cm*18.5cm	
Material:	Advanced PVC and paint	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	SYMPATHETIC NERVOUS SYSTEM	
PART NUMBER:	0208020127	
BASIC FUNCTION:		
<p>1. This model shows the outlook of automatic nervous system, including sympathetic nervous system and parasympathetic nervous system. The sympathetic one shows in yellow color and parasympathetic one in red.</p> <p>2. 53 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		2/3 life size. 67cm*20.5cm*7.5cm
Material:		Advanced PVC and import paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	LUMBAR VERTEBRAE WITH SPINAL CORD AND CAUDA EQUINA NERVE	
PART NUMBER:	0208020126	
BASIC FUNCTION:		
<p>1. Lumbosacral enlargement, conus medullaris, terminal thread, cauda equine nerve, lumbar nerve, etc.</p> <p>2. 11 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		13.5cm*16cm*17.5cm
Material:		Advanced PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP

ITEM:	NERVES AND VESSELS IN THE FACIAL SKULL	
PART NUMBER:	0208020125	
BASIC FUNCTION:		
<p>1. The model shows the muscles, nerves, vessels, trigeminal nerve, facial nerve</p> <p>2. 100 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		21cm*32cm*19cm

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MOUTH, NOSE, PHARYNX AND LARYNX WITH VESSELS AND NERVES	
PART NUMBER:	0208020124	
BASIC FUNCTION:		
<p>1. The model shows the interior parts of the cavity of mouth and pharynx with network of vessels and trigeminal nerve.</p> <p>2. 51 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 21cm*3.5cm*13.5cm
Material:		Advanced PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HALF HEAD WITH VESSELS	
PART NUMBER:	0208020123	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. The model included mimic muscular system with the main superficial arteries, veins and nerves and the area of the neck. 2. 100 positions are displayed. 		
SPECIFICATIONS:(As per one set)		
Size:		27cm*10cm*20cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HEAD WITH MUSCLES	
PART NUMBER:	0208020122	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. Separated into 10 parts 2. Cranium, eye, cerebral falx, right half of the brain, left half of the brain, cervical vein 3. 100 positions are displayed. 		
SPECIFICATIONS:(As per one set)		
Size:		27cm*17cm*21cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HEAD AND NECK WITH BLOOD VESSELS, NERVES AND BRAIN	
PART NUMBER:	0208020121	
BASIC FUNCTION:		
<p>1. Separated into 19 parts, such as:</p> <p>Mimic muscular system with the deep-set muscles</p> <p>Left temporomaxillary articulation</p> <p>Sternocleidomastoid muscle</p> <p>Carotid trigone</p> <p>Trapezium muscle</p> <p>Pectoral major muscle</p> <p>Deltoid muscle</p> <p>Clavicle</p> <p>Eyes with muscled and nerves</p> <p>Cranium</p> <p>Brain with arteries</p> <p>2.190 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	34cm*37cm*20.5cm	
Material:	Advanced PVC and painted by hand with imported paint	

ITEM:	ELECTRIC MODEL OF AUTONOMIC NERVES	
PART NUMBER:	0208020120	
BASIC FUNCTION:		
The model shows the operative paths of lower centrum, sympathetic and parasympathetic nerves.		
SPECIFICATIONS:(As per one set)		
Material:	Advanced PVC	
Size:	60cm*24cm*85cm	

ITEM:	FEMALE PELVIS	
PART NUMBER:	0208020119	
BASIC FUNCTION:		
<p>1. This model shows pelvis and its ligaments, nerves, perineum, etc.</p> <p>2. 50 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 21cm*30cm*22cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADULT SKULL WITH COLORED MUSCLES	
PART NUMBER:	0208020118	
BASIC FUNCTION:	Separated into 3 parts.	
SPECIFICATIONS:(As per one set)		
	Material:	Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADULT SKULL	
PART NUMBER:	0208020117	
BASIC FUNCTION:		
<p>Can be separated into 3 parts, cranial sinuses on the root and base of skull and artery is identified by colors.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 17x13.5x23.5cm
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADULT SKULL WITH BLOOD VESSELS AND NERVES	
PART NUMBER:	0208020116	
BASIC FUNCTION:	Can be separated into 10 parts	
SPECIFICATIONS:(As per one set)		
Size:	Life size, 20x13x18cm	
Material:	Imported PVC and paint	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MUSCLES OF MALE	
PART NUMBER:	0208020115	
BASIC FUNCTION:		
69 positions are displayed. Shows the topography of muscles.		
SPECIFICATIONS:(As per one set)		
Size:		50cm*24.5cm*10cm
Material:		Imported PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MUSCLES OF ARM WITH MAIN VESSELS AND NERVES	
PART NUMBER:	0208020114	
BASIC FUNCTION:	<p>Features: 1. The model shows the network of blood vessels and nerves in the right arm, short and long extensor muscle of the radial wrist with branchioradial muscle, round pronator muscle, superficial flexor muscle of the fingers. 2. Separated into 6 parts and 87 positions displayed.</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	85cm*23cm*18cm	
Material:	Imported PVC and paint	

ITEM:	MUSCLES OF LEG WITH MAIN VESSELS AND NERVES	
PART NUMBER:	0208020113	
BASIC FUNCTION:	<p>Features: 1. The standing model shows the most important blood vessels and nerves in the left leg, greatest gluteal muscle, tensor muscle of the broad fascia, sartorius muscle, strait muscle of the femur, semi-membranous muscle, semitendinous muscle, biceps muscle of the femur, digitorum longus muscle, triceps muscle of the calf. 2. Separated into 10 parts and 82 positions are displayed.</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	87cm*12cm*17cm	
Material:	Imported PVC and paint	

ITEM:	MUSCLES OF HAND WITH MAIN VESSELS AND NERVES	
PART NUMBER:	0208020112	
BASIC FUNCTION:		
<p>Features: 1. The model shows the networks of blood vessels and nerves, ligamentous apparatus. 2. Separated into 5 parts and 42 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		22.5cm*13.5cm*5.5cm
Material:		Imported PVC and paint

ITEM:	NORMAL, FLAT, ARCHED FOOT	
PART NUMBER:	0208020111	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	

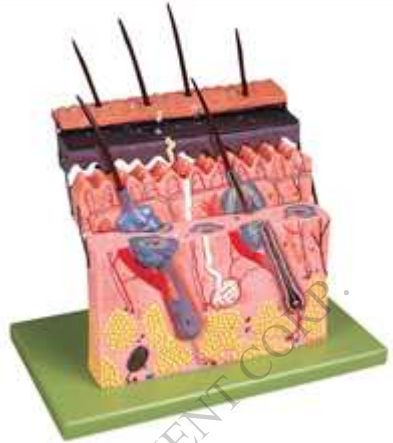

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FOOT ANATOMY	
PART NUMBER:	0208020110	
BASIC FUNCTION:		
		
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MEDIAN SAGITTAL SECTION MODEL OF FOOT	
PART NUMBER:	0208020109	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
	Size:	Life size
	Material:	Advanced PVC

ITEM:	MUSCLES OF FOOT WITH MAIN VESSELS AND NERVES	
PART NUMBER:	0208020108	
BASIC FUNCTION:		
Features: 1. Show the network of blood vessels and nerves, ligmentous apparatus; 2. Separated into 9 parts and 52 positions are displayed		
		
SPECIFICATIONS:(As per one set)		
Size:	20x9x33cm	
Material:	Imported PVC and paint	
G.W.	1.2kg	

ITEM:	SKIN SECTION	
PART NUMBER:	0208020107	
BASIC FUNCTION:		
<p>Features: 1. Shows layers of skin, first rudiments of hair, sweat gland, sense organs of skin. 2. Separated into 4 parts and 25 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		30cm*22.5cm*4cm
Material:		Imported PVC and paint

ITEM:	SKIN BLOCK	
PART NUMBER:	0208020106	
BASIC FUNCTION:		
<p>Features: 1.The model shows the scalp with hair in different planes of section. 2. 26 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	70 times life size, 23cm*22cm*11cm	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HUMAN SKELETON WITH ONE-SIDE PAINTED MUSCLES	
PART NUMBER:	0208020105	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		168cm (Male) 162cm (Female)
Material:		Advanced PVC

ITEM:	HUMAN BODY MUSCLES WITH INTERNAL ORGANS	
PART NUMBER:	0208020104	
BASIC FUNCTION:	<p>Features: The model is placed on the base plate, consists of male head, neck, torso and upper and lower limbs; comparative display of skin, muscles, thoracic cavity, abdominal cavity and pelvic cavity, etc; can be dissected into 28 parts; 240 positions are displayed;</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	Life size, (Height) 170cmX (Width) 60cmX (Depth) 20cm	
Material:	Imported PVC and paint, color matching by computer, advanced color painting	

ITEM:	ELECTRIC MODEL OF HYPOTHALAMIC HYPOPHYSAL SYSTEM	
PART NUMBER:	0208020103	
BASIC FUNCTION:	Demonstrate the relationship between the hormone secreting from hypothalamus or pituitary body and different target organs.	
		
SPECIFICATIONS:(As per one set)		
Size:	49x23x91cm	
Material:	Advanced PVC	

ITEM:	HUMAN TORSO WITH HEAD EXCHANGEABLE GENITALIAS	
PART NUMBER:	0208020101	
BASIC FUNCTION:		
<p>The model separated 20 parts as follows:</p> <ul style="list-style-type: none"> Eye with nerves and muscles; Female thoracic wall; Half of the lung removable; Heart; Liver; Stomach; Small and large intestine with duodenum; Pancreas; Opening appendix; Right kidney; Pelvic vessels; Female and male reproductive organs; Torso 		
SPECIFICATIONS: (As per one set)		
Weight	14.5 kg.	
Size	(h)90cm x (w)40cm x (t)25cm	
Material	Advanced PVC	
Packing size	101*43*28 cm	

ITEM:	DUAL-SEX TORSO WITH HEAD AND OPEN BACK	
PART NUMBER:	0208020100	
BASIC FUNCTION:		
<p>This model consists of interchangeable male & female genitalias, abdomen covers, open back, muscles of head and open & neck internal organs, skull and brain, etc. It also shows the anatomical structure of head, neck, trunk, some part of upper limbs, lower limbs, muscles, thorax, celiac cavity. 333 positions are displayed.</p> <p>Total 32 parts as follow:</p> <p>Left half of brain;</p> <p>Eye with muscles and nerves;</p> <p>Sternocleidomastoid muscle;</p> <p>Female thoracic cover;</p> <p>Male thoracic cover;</p> <p>Abdominal cover;</p> <p>Lung;</p> <p>Heart;</p> <p>Bronchial tree;</p> <p>Liver;</p> <p>Stomach;</p> <p>Kidney;</p> <p>Small and large intestine with duodenum;</p> <p>Appendix;</p>		
SPECIFICATIONS: (As per one set)		
Weight	14.5 kg. N.W.:10Kg	
Material	Advanced PVC material	
Size	(h)80cm*(w)37cm*(t)15cm	
Packing size	101*43*28cm	

Internal Organs and Organ Model

ITEM:	ANATOMICAL EAR	
PART NUMBER:	0208020253	
BASIC FUNCTION:		
<p>Enlarged approx 3 times.</p> <p>It shows the petros part of the temporal bone and section of the auditory canal isremovable, the labyrinth can be taken out and opened. The tympanic membrane with malleus and incus can be removed.</p> <p>Separated into 6 parts , 30 positions are displayed.</p>		
SPECIFICATIONS: (As per one set)		
Weight		1.8 KG N.W.: 1.4Kg,
Packing size		33*21*23.5 CM

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HEAD WITH MUSCLES	
PART NUMBER:	0208020252	
BASIC FUNCTION:		
Separated into 10 parts: Cranium Left half of the brain Eye Cervical vein Cerebral falx 100 positions Right half of the brain are displayed		
SPECIFICATIONS: (As per one set)		
Weight		2.8 kg
Packing size		26.5*26*34.5 cm
Material		Advanced PVC

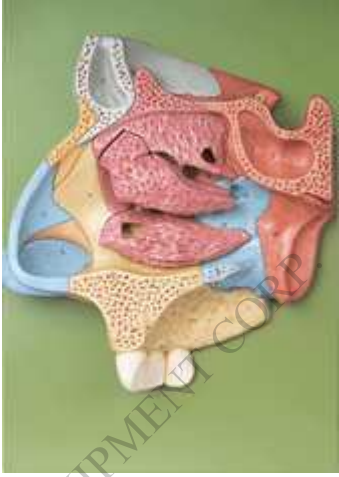

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

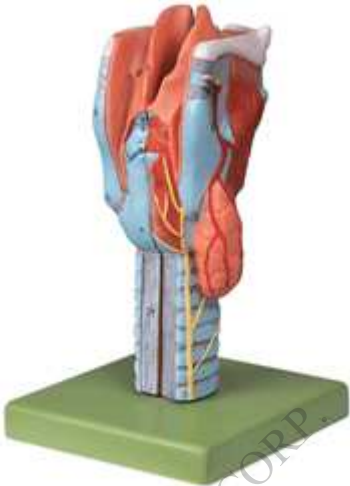

ITEM:	DUAL SEX TORSO: 20-PART	
PART NUMBER:	0208020251	
BASIC FUNCTION:		
<p>1. This life-size, sexless torso is appropriate for any human anatomy course. All of the major organ systems are represented with great attention and accuracy to detail.</p> <p>2. Structures are numbered and identified on the accompanying key.</p> <p>3. The head is open, exposing one half of the brain. The neck is dissected ventrally to expose neural and vascular structures. The thorax and abdomen are completely open, affording an unrestricted view of the internal organs and structures.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 85cm*37cm*19cm
Material:		Advanced PVC and paint

ITEM:	TRANSPARENT TORSO WITH INTERNAL ORGANS	
PART NUMBER:	0208020250	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Hight 105cm
Material:		Advanced PVC and paint

ITEM:	NASAL, ORAL, PHARYNX AND LARYNX CAVITIES	
PART NUMBER:	0208020249	
BASIC FUNCTION:		
<p>1. A model of the respiratory system, including the oral, nasal cavities, pharynx and larynx.</p> <p>2. The upper respiratory tract is dissected into two pieces along the medial sagittal plane.</p> <p>3. Ten parts and 113 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Enlarged two times. Height: 42cm width: 25cm, thickness: 20.5cm
Material:		Advanced PVC

ITEM:	LARYNX WITH TONGUE AND TEETH	
PART NUMBER:	0208020248	
BASIC FUNCTION:	<p>1. This model consists of 5 parts, and shows the anatomical structure of laryngeal cartilages, laryngeal muscles, and laryngeal cavity.</p> <p>2. All parts are in life size and 55 positions are displayed</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	Three times of life size 30cmx15cmx14cm	
Material:	Advanced PVC and paint	
G.W.:	0.6KG	

ITEM:	MEDIAN SAGITTAL SECTION OF NASAL CAVITY	
PART NUMBER:	0208020247	
BASIC FUNCTION:		
<p>1. Nasal cavity is magnified.</p> <p>2. The upper respiratory tract is sectioned along the medial sagittal plane.</p> <p>3. This model consists of 2 parts, one shows the anatomical structure of the lateral wall of nasal cavity, and other middle turbinate.</p> <p>4. Enlarged model. 33 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Height 29cm, width 28cm, thickness 6cm
Material:		Advanced PVC and imported paint.

ITEM:	LARYNX	
PART NUMBER:	0208020246	
BASIC FUNCTION:		
<p>1. A life-size model sectioned longitudinally to reveal details of internal structures, including laryngeal cartilages, laryngeal muscles, laryngeal cavity, muscle, vessels, nerves, and thyroid gland.</p> <p>2. The model consists of two parts and 33 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 18.5cm*7cm*8cm
Material:		Advanced PVC and paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FUNCTIONAL MODEL OF LARYNX	
PART NUMBER:	0208020245	
BASIC FUNCTION:	<p>1. This model shows the anatomical structure of laryngeal cartilages, laryngeal muscles, and laryngeal cavity.</p> <p>2. Cricothyroid joint can be moved, simulating opened or closed glottis.</p> <p>3. 24 positions are displayed.</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	Three times of life size, 30cm*15cm*14cm	
Material:	Advanced PVC and paint	

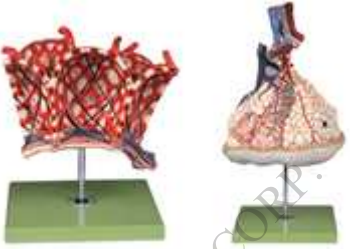

ITEM:	LARYNX, TRACHEA AND BRONCHIAL TREE MODEL	
PART NUMBER:	0208020244	
BASIC FUNCTION:		
<p>1.life-size model sectioned longitudinally to reveal details of internal structures, including larynx, trachea, left and right main bronchus, segmental bronchi, etc.</p> <p>2. 50 positions are displayed.</p>		
		
SPECIFICATIONS:(As per one set)		
Size:	Life size, 35cm*17.5cm*7cm	
Material:	Advanced PVC and paint	

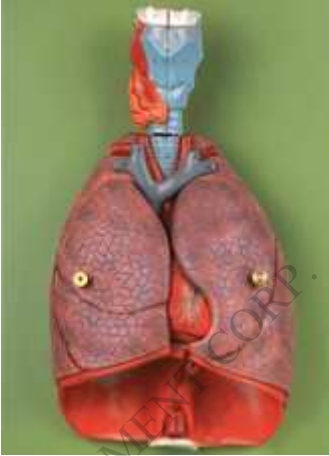

ITEM:	BRONCHIAL TREE	
PART NUMBER:	0208020243	
BASIC FUNCTION:		
<p>1. The model shows trachea, left and right main bronchi, lobular bronchi and segmental bronchi.</p> <p>2. 26 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 20cm*16.5cm*8.5cm
Material:		Advanced PVC and paint

ITEM:	TRANSPARENT LUNG SEGMENTS MODEL	
PART NUMBER:	0208020242	
BASIC FUNCTION:		
The model shows ten lung segments of the left and right lungs.		
SPECIFICATIONS:(As per one set)		
Size:		Magnified
Material:		Advanced PVC and paint

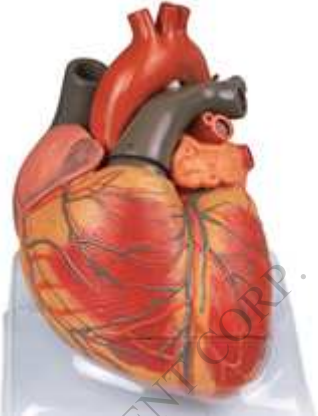

ITEM:	LUNG SEGMENTS MODEL	
PART NUMBER:	0208020241	
BASIC FUNCTION:		
The model shows ten lung segments of the left and right lungs.		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Advanced and paint

ITEM:	MEDIASTINUM MODEL	
PART NUMBER:	0208020240	
BASIC FUNCTION:		
This model consists of 3 parts: sternum, thymus and mediastinum.		
SPECIFICATIONS:(As per one set)		
Size		Life size
Material:		Advanced PVC and paint

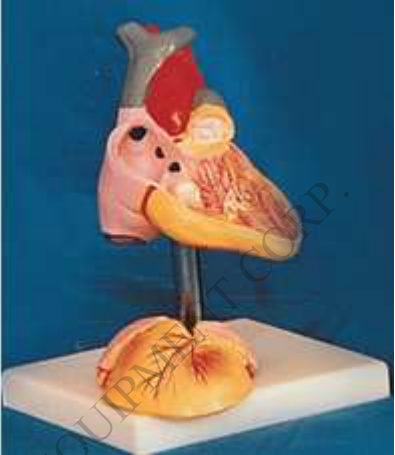

ITEM:	LOBULE AND ALVEOLUS OF LUNG	
PART NUMBER:	0208020239	
BASIC FUNCTION:		
<p>1. This unit consists of Lobule model and Alveolus model.</p> <p>2. Model 1: Magnified lobule shows terminal bronchiole, respiratory bronchiole, alveolar epithelium, etc. 25 positions are displayed.</p> <p>3. Model 2: Magnified alveolus shows alveolus, alveolar epithelium, alveolar saccules, alveolar ducts and alveolar capillary. 10 parts are displayed</p>		
		
SPECIFICATIONS:(As per one set)		
Size:	M1	28cm*21cm*14.5cm
	M2	Magnified, 16.5cm*21cm*8cm
Material:	M1	Advanced PVC and paint
	M2	Advanced PVC and paint

ITEM:	HEART, LUNG AND LARYNX	
PART NUMBER:	0208020238	
BASIC FUNCTION:		
<p>1. The model consists of larynx, lung, heart and blood vessels.</p> <p>2. 70 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	3/4 time of life size, 36cm*20cm*10cm	
Material:	Advanced PVC and paint	

ITEM:	TRANSPARENT LUNG, TRACHEA AND BRONCHIAL TREE WITH HEART	
PART NUMBER:	0208020237	
BASIC FUNCTION:		
<p>1. The model consists of heart, great vessels (aorta, superior vena caval), tracheobronchial tree and mediastinum.</p> <p>2. 57 positions are displayed.</p>		
		
SPECIFICATIONS:(As per one set)		
Size:	2/3 time of life size, 27cm*22cm*19cm	
Material:	Advanced PVC and paint	

ITEM:	ADULT HEART MODEL	
PART NUMBER:	0208020236	
BASIC FUNCTION:		
<p>1. The model shows aortic arch, coronal section of atrium and ventricle.</p> <p>2. 48 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		22.5cm*22cm*22.5cm
Material:		Advanced PVC and paint

ITEM:	ADULT HEART MODEL	
PART NUMBER:	0208020235	
BASIC FUNCTION:		
<p>1. The model shows aortic arch, coronal section of atrium and ventricle, right auricle and left atrium.</p> <p>2. 25 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		1.5 times of life size
Material:		Advanced PVC and paint

ITEM:	CHILDREN HEART MODEL	
PART NUMBER:	0208020234	
BASIC FUNCTION:		
<p>1. The model shows the coronal section of atrium and ventricle.</p> <p>2. 25 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		14cm*9cm*7.5cm
Material:		Advanced PVC and paint

ITEM:	ELECTRIC MODEL OF BLOOD CIRCULATION	
PART NUMBER:	0208020233	
BASIC FUNCTION:	Simulate cardiac cycle, greater and lesser circulations.	
SPECIFICATIONS:(As per one set)		
	Size:	49cm*23cm*91cm

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	EYEBALL	
PART NUMBER:	0208020232	
BASIC FUNCTION:		
<p>1. The model can be dissected on the longitudinal plane to show internal details.</p> <p>2. Dissected into two parts</p>		
SPECIFICATIONS:(As per one set)		
Size:	Five times life size, 21cm*13cm*15cm	
Material:	Advanced PVC and paint	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	EYEBALL	
PART NUMBER:	0208020231	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. The model can be dissected on the horizontal plane to show internal details. 2. Cornea, iris, lens, and vitreous body can be removed. 3. Mounted on base. 4. Dissected into seven parts. 31 positions are displayed. 		
SPECIFICATIONS:(As per one set)		
Size		Five times life size, 17cm*14.5cm*12.5cm
Material		Advanced PVC and paint

ITEM:	EYEBALL WITH PART OF ORBIT	
PART NUMBER:	0208020230	
BASIC FUNCTION:		
<p>1. The eyeball is dissected horizontally including optic nerve entering base of the skull and ocular muscles.</p> <p>2. Dissected into 10 parts. 50 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Three times life size, 19cm*18cm*22cm
Material:		Advanced PVC and paint

ITEM:	ENLARGED EAR	
PART NUMBER:	0208020229	
BASIC FUNCTION:		
<p>1. Four times life-size model shows the external, middle, and inner ear.</p> <p>2. Removable parts include: auricle, external auditory meatus, eardrum, tympanic membrane, auditory ossicle, labyrinth, etc.</p> <p>3. 58 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Four times of life size, 34cm*40cm*22.5cm
Material:		Advanced PVC and paint

ITEM:	AUDITORY OSSICLE MODEL	
PART NUMBER:	0208020228	
BASIC FUNCTION:		
<p>1. Consists of three parts: malleus, incus, stapes 2. 11 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		19 times life size, 14.5cm*13cm*15cm
Material:		Advanced PVC and paint

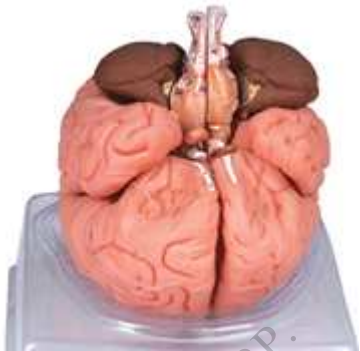

ITEM:	INNER EAR, AUDITORY OSSICLES AND TYMPANIC MEMBRANE	
PART NUMBER:	0208020227	
BASIC FUNCTION:		
<p>1. Consists of three parts: inner ear, auditory ossicle and tympanic membrane</p> <p>2. 20 positions are displayed.</p>		
		
SPECIFICATIONS:(As per one set)		
Size:	Four times life size, 18cm*17cm*17.5cm	
Material:	Advanced PVC and paint	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	LABYRINTH MODEL	
PART NUMBER:	0208020226	
BASIC FUNCTION:		
<p>1. The superior semicircular canal and vestibule are open, showing the saccule and utricle.</p> <p>2. 25 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		18 times life size, 16cm*23cm*9cm
Material:		Advanced PVC and paint

ITEM:	MEDIAN SECTION OF THE HEAD	
PART NUMBER:	0208020225	
BASIC FUNCTION:		
Features: 1. 130 positions are displayed. 2. Size: 26cm*3cm*22cm		
SPECIFICATIONS:(As per one set)		
Size:		26cm*3cm*22cm
Material:		Advanced PVC and import paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BRAIN	
PART NUMBER:	0208020224	
BASIC FUNCTION:		
Features: 1. This model consists of 8 parts, such as the sagittal section of brain, hemicerebrum, cerebellum, brainstem, etc. and shows the structure of hemicerebrum, interbrain, cerebellum, midbrain and brain bridge, medulla. 2. 98 positions are displayed.		
SPECIFICATIONS:(As per one set)		
Size:	Life size. 12.5cm*12.5cm*16cm	
Material:	Advanced PVC and painted with import paint	
G.W.:	0.8kg	

ITEM:	BRAIN	
PART NUMBER:	0208020223	
BASIC FUNCTION:		
<p>Features:</p> <p>Separated into 15 parts as follow:</p> <p>Cerebral hemisphere</p> <p>Temporal and occipital lobes with limbic system</p> <p>Cerebellum</p> <p>Frontal lobe</p> <p>Corpus callosum</p> <p>Brainstem</p> <p>Corpus striatum</p> <p>Insula</p> <p>Nucleus lentiformis (left)</p> <p>Internal capsule (right)</p> <p>Ventricles of the brain</p>		
SPECIFICATIONS:(As per one set)		
Size		Life size, 23cm*15cm*18cm
Material:		Advanced PVC and import paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MAGNIFIED THALAMUS MODEL	
PART NUMBER:	0208020222	
BASIC FUNCTION:		
Separated into 7 parts and 20 positions are displayed.		
Specifications:(As per one set)		
Size	6cm*9cm*13cm	
Material:	Advanced PVC	

ITEM:	BRAINSTEM	
PART NUMBER:	0208020221	
BASIC FUNCTION:		
<p>1. This model consists of two sagittal sections. One shows left side of the brainstem, and the other shows the right.</p> <p>2. It demonstrates the anatomical structure of the brainstem, including midbrain, brain bridge, medulla, interbrain and brain nerves.</p> <p>3. 67 positions are displayed</p>		
SPECIFICATIONS:(As per one set)		
	Size:	18cm*14.5cm*12cm
	Material:	Advanced PVC

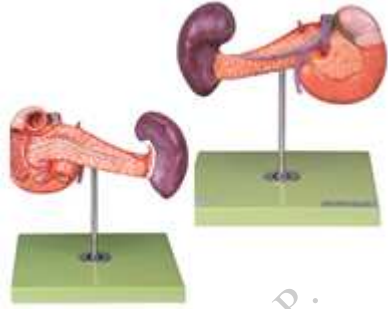

ITEM:	DIGESTIVE SYSTEM	
PART NUMBER:	0208020220	
BASIC FUNCTION:		
<p>1. The model shows alimentary canal from mouth to rectum in median section and included buccal cavity, pharynx, esophagus with half of the stomach, the opened duodenum, small and large intestine, the opened appendix, the unfolded rectum, the transverse colon, liver and pancreas.</p> <p>2. Mounted on a base, separated into 2 parts and 49 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	79cm*27cm*8.5cm	
Material:	Advanced PVC	

ITEM:	STOMACH	
PART NUMBER:	0208020219	
BASIC FUNCTION:		
<p>1. The model shows the longitudinal and circular muscle layers, cardia and pylorus, the mucous membrane membrane and the gastric canal, stomach wall, network of arteries and nerve</p> <p>2. Separated into 2 parts and 27 positions are displayed</p>		
SPECIFICATIONS:(As per one set)		
Size:		17cm*18cm*7cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	STOMACH WALL	
PART NUMBER:	0208020218	
BASIC FUNCTION:		
<p>1. Demonstrated in transverse and vertical section. It shows structure of layers of stomach wall.</p> <p>2. 10 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		13cm*19cm*17cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PANCREAS WITH SPLEEN AND DUODENUM	
PART NUMBER:	0208020217	
BASIC FUNCTION:		
<p>1. The model shows pancreas, pancreatic duct, partly opened duodenum.</p> <p>2. 22 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	10cm*20cm*5.5cm	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	INTERNAL SURFACE OF JEJUNUM	
PART NUMBER:	0208020216	
BASIC FUNCTION:		
<p>1. Shows finger-like protrusions represent villi, cavities crypts.</p> <p>2. 13 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		400 times life size, 13cm*16cm*8.5cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	LIVER	
PART NUMBER:	0208020215	
BASIC FUNCTION:		
<p>1. The model shows four lobes of the liver, peritoneum, gall bladder and vessels.</p> <p>2. 22 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
	Size:	14cm*20cm*9cm
	Material:	Advanced PVC

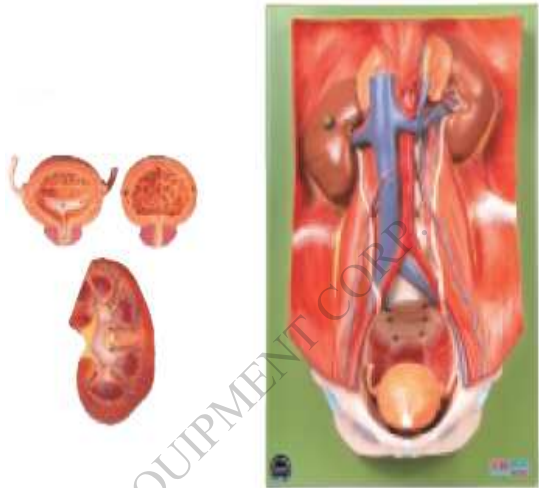

ITEM:	APPENDIX AND VERMIFORM APPENDIX	
PART NUMBER:	0208020214	
BASIC FUNCTION:		
<p>1. Shows wall of the caecum and appendix.</p> <p>2. Separated into 2 parts and 17 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		16.5cm*11cm*7cm
Material:		Advanced PVC

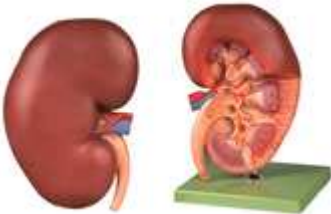

ITEM:	LIVER AND GALL BLADDER	
PART NUMBER:	0208020213	
BASIC FUNCTION:		
<p>1. Shows branches of the vessels in the liver, the bile duct system.</p> <p>2. 28 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		1.5 times life size, 16cm*24.5cm*11.5cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

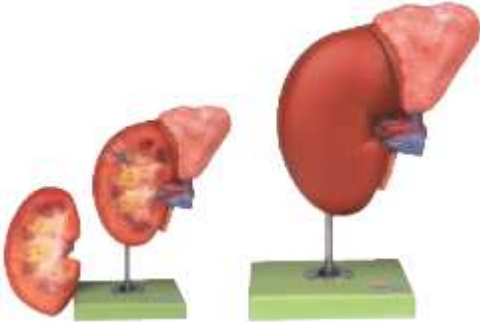

ITEM:	URINARY SYSTEM	
PART NUMBER:	0208020212	
BASIC FUNCTION:		
<p>1. Shows the structure of the urinary system, including kidney, ureter, bladder, etc.</p> <p>2. 30 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 36cm*19.5cm*3.5cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	URINARY SYSTEM	
PART NUMBER:	0208020211	
BASIC FUNCTION:		
<p>1. Shows bladder, prostate and right kidney.</p> <p>2. Separated into 4 parts and 22 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	41cm*28cm*13cm	
Material:	Advanced PVC	

ITEM:	KIDNEY	
PART NUMBER:	0208020210	
BASIC FUNCTION:		
<p>1. Shows the anatomical structure of kidney, including cortical substance, medulla, minor renal calices, greater renal calices, pelvis of ureter, ureter, renal arteries, renal vena, etc.</p> <p>2. 15 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		3 times life size, 41cm*19cm*18cm
Material:		Advanced PVC and imported paint

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	KIDNEY AND ADRENAL GLAND	
PART NUMBER:	0208020209	
BASIC FUNCTION:	<p>Consists of 2 parts, shows the anatomical structure kidney, including cortical substance, medulla, proximal convoluted tubule, distal convoluted tubule, connecting canal, mammillary ducts, minor renal calices, greater renal calices, pelvis of ureter, ureter, interlobular arteries and vena, renal arteries and vena, adrenal gland.</p>	
SPECIFICATIONS:(As per one set)		
Size:	3 times life size, 27cm*17.5cm*7cm	
Material:	Advanced PVC and imported paint	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	KIDNEY, NEPHRON AND GLOMERULUS	
PART NUMBER:	0208020208	
BASIC FUNCTION:		
<p>1. This unit consists of 3 models. They show the structure of the renal section plane (including cortical substance, medulla, proximal convoluted tubule, distal convoluted tubule, connecting canal, mammillary ducts, minor renal calices, greater renal calices, pelvis of ureter, ureter), nephron structure, golomerus (including renal capsule, glomus), and blood vessels.</p> <p>2. Renal section plane displays 28 positions, nephron displays 19positions, and golmerus displays 14 positions.</p>		
SPECIFICATIONS:(As per one set)		
Size:	Renal section plane, 26cm*18.5cm*5cm Nephron, 21.5cm*18cm*2.5cm Glomerus, 8cm*12cm*6.5cm	
Material:	Advanced PVC and imported paint	

ITEM:	TRANSPARENT RENAL SEGMENT	
PART NUMBER:	0208020207	
BASIC FUNCTION:	Shows the structure of blood vessels and nerves inside kidney.	
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	EYEBALL	
PART NUMBER:	0208020206	
BASIC FUNCTION:		
<p>1.The model can dissected on the longitudinal plane to show internal details.</p> <p>2.Dissected into three parts</p>		
SPECIFICATIONS:(As per one set)		
Size:		Five times of life size:14cm * 13cm*14cm
Material:		Advanced PVC and paint
G.W:		1.2kg

ITEM:	THORACIS CAVITY MODEL	
PART NUMBER:	0208020205	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. Separated into 17 parts and mounted on a base. 2. 110 positions are displayed. 		
SPECIFICATIONS:(As per one set)		
Size:		49x19x50cm

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	OCULOPATHY MODEL	
PART NUMBER:	0208020204	
BASIC FUNCTION:		
<p>Features: Imported PVC material and paint, color matching by computer, advanced color painting.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BRAIN LOBE MODEL	
PART NUMBER:	0208020203	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Advanced PVC

ITEM:	FUNCTIONAL LOCALIZATION OF CEREBRAL CORTEX	
PART NUMBER:	0208020202	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Advanced PVC

ITEM:	FUNCTIONAL ZONES OF CEREBRAL CORTEX	
PART NUMBER:	0208020201	
BASIC FUNCTION:		
		
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	

ITEM:	ENDOCRINE ORGAN MODEL	
PART NUMBER:	0208020200	
BASIC FUNCTION:		
<p>Features: The model is mounted on a base and display endocrine gland and endocrine tissue. It consists of pituitary gland, thyroid gland, parathyroid gland, adrenal gland, pancreatic islet, testicle and ovary.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

Reproductive Organs and Embryos Model

ITEM:	FETAL DEVELOPMENT MODELS	
PART NUMBER:	0208020323	
BASIC FUNCTION:		
<p>All in natural size. The total includes 8 models showing the uterus with embryo and fetus from the first to the seventh month of pregnancy.</p>		
SPECIFICATIONS: (As per one set)		
Weight	5.0 KG	8 pcs/1 unit in one carton.
Packing size	35*24*24 CM	
Material	Advanced PVC and paint	
Uterus with embryo of first month	(L)6cm x (W)11cm x (T)9cm	
Uterus with embryo of second month	(L)9cm x (W)11cm x (T)8cm	
Uterus with embryo of third month	(L)8cm x (W)10.5m x (T)10cm	
Uterus with embryo of fourth month	(L)12cm x (W)15cm x (T)10cm	
Uterus with embryo of fifth month	(L)16.5m x (W)12.5m x (T)8.5m	
Uterus with embryo of sixth month	(L)11.5m x (W)16cm x (T)13cm	
Uterus with embryo of seventh month	(L)19.5m x (W)15cm x (T)26cm	
Uterus with twin fetus of second month	(L)17.5m x (W)15.5m x (T)14.5m	

ITEM:	MALE PERINEUM ANATOMY	
PART NUMBER:	0208020322	
BASIC FUNCTION:		
<p>Features: Anatomy show the scope of male perineum, the anterior urogenital triangle (urogenital region), the posterior triangle anus (anal region) and the anatomical structure of perineum (including the genital organ, perineal muscles, etc); 12 positions are displayed;</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

ITEM:	FEMALE PERINEUM ANATOMY	
PART NUMBER:	0208020321	
BASIC FUNCTION:		
<p>Features: Show the scope of female perineum, the anterior urogenital triangle (urogenital region), the posterior triangle anus (anal region) and the anatomical structure of perineum (including the genital organ, perineal muscles, nerves and blood vessels, etc); 20 positions are displayed;</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size
Material:		Imported PVC and paint

ITEM:	ENLARGED MODEL OF PLACENTA	
PART NUMBER:	0208020320	
BASIC FUNCTION:	<p>Features: 1.The model shows the structure of human placenta in cross section. 2.14 positions are displayed.</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	20cm*22cm*4cm	
Material:	Advanced PVC	

ITEM:	HUMAN FERTILIZATION AND EARLY EMBRYOGENY	
PART NUMBER:	0208020319	
BASIC FUNCTION:	Features: 1.Shows the development from ovum to the fetus in third month.2.16 positions are displayed.	
		
SPECIFICATIONS:(As per one set)		
Size:	45cm*54.5cm*8cm	
Material:	Advanced PVC	

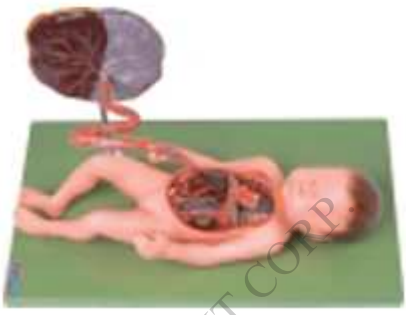

ITEM:	HUMAN FERTILIZATION AND INTERMEDIATE EMBRYOGENY	
PART NUMBER:	0208020318	
BASIC FUNCTION:	Features: Fecundation to the embryo of fourth week.	
		
SPECIFICATIONS:(As per one set)		
Size:	45cm*55cm*5cm	
Material:	Advanced PVC	

ITEM:	PLACENTA MODEL	
PART NUMBER:	0208020317	
BASIC FUNCTION:		
<p>1. The model shows the structure of placenta and the relation between placenta and umbilical cord;</p> <p>2. 7 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	22x23x3cm	
Material:	Advanced PVC	
G.W.:	0.95kg	

ITEM:	FERTILIZATION PROCESS SIMULATOR	
PART NUMBER:	0208020316	
BASIC FUNCTION:	<p>1. Shows two frontal sections through female genital organs.</p> <p>2. Mounted on a board.15 positions are displayed.</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	Twice life size, 24.5cm*85.5cm*3cm	
Material:	Advanced PVC	
G.W.	4.18kg	

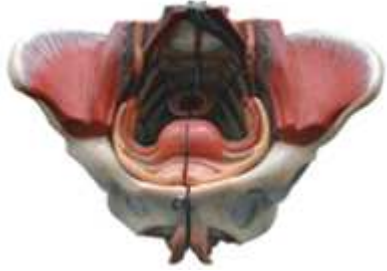

ITEM:	PELVIS WITH UTERUS IN NINTH MONTH PREGNANCY	
PART NUMBER:	0208020315	
BASIC FUNCTION:	Features: 1.Right half of the female pelvis in median section. 2.38 positions are displayed.	
		
SPECIFICATIONS:(As per one set)		
Size:	34cm*17cm*36cm	
Material:	Advanced PVC	

ITEM:	FETUS WITH VISCUS AND PLACENTA	
PART NUMBER:	0208020314	
BASIC FUNCTION:		
Features: 1.Term fetus with placenta, umbilical cord and internal organs. 2.13 positions are displayed.		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 43.5cm*16.5cm*10.5cm
Material:		Advanced PVC

ITEM:	FETAL CIRCULATORY SYSTEM	
PART NUMBER:	0208020313	
BASIC FUNCTION:		
<p>Features: The model shows thoracic, abdominal cavity, heart, umbilical cord and placenta, venous and arterial ducts.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 43.5cm*16.5cm*10.5cm
Material:		Advanced PVC

ITEM:	DEMONSTRATION MODEL OF CHILDBIRTH	
PART NUMBER:	0208020312	
BASIC FUNCTION:		
Features:	<ol style="list-style-type: none"> 1. The model shows the delivery procedure. 2. Consists of uterus, fetus, placenta 	
		
Specifications:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	

ITEM:	ENLARGED OVARY	
PART NUMBER:	0208020311	
BASIC FUNCTION:		
<p>Features: 1.This model consists of 8 parts, including ovary, primary ovarian follicles, secondary ovarian follicles, ovum, ovulation, ovum, corpus luteum, and corpus albicans. It demonstrates the procedure of ovarian follicles's development.</p> <p>2. 10 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		24cm*36.5cm*11cm
Material:		Imported PVC and paint

ITEM:	FEMALE PELVIS	
PART NUMBER:	0208020310	
BASIC FUNCTION:		
<p>1. The model shows representation of the external and internal genital organs with the pelvis floor with network of nerves and vessels.</p> <p>2. 71 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		20cm*27cm*18cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FEMALE INNER GENITAL ORGAN	
PART NUMBER:	0208020309	
BASIC FUNCTION:		
<p>1. The front of the model shows coronal section of uterus and vagina, and the back shows coronal section of ovary and ureter.</p> <p>2. 19 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	7.5cm*17cm*13.5cm	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ANATOMICAL UTERUS	
PART NUMBER:	0208020308	
BASIC FUNCTION:		
<p>1. The model is dissected in sagittal sections, shows bladder, uterus, vagina, ureter and ovary.</p> <p>2. This model consists of 2 parts and 15 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		Life size, 8cm*11cm*8.5cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MAMMARY GLAND IN RESTING PERIOD	
PART NUMBER:	0208020307	
BASIC FUNCTION:		
Separated into 2 parts, mounted on a base and 12 positions displayed.		
SPECIFICATIONS:(As per one set)		
Size:		15cm*12.5cm*10.5cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP

ITEM:	MAMMARY GLAND IN LACTATION	
PART NUMBER:	0208020306	
BASIC FUNCTION:	Separated into 2 parts, mounted on a base and 12 positions displayed.	
SPECIFICATIONS:(As per one set)		
Size:	18.5cm*13cm*13cm	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MALE GENITAL ORGANS	
PART NUMBER:	0208020305	
BASIC FUNCTION:		
<p>1. The model is dissected in median and mounted on a stand.</p> <p>2. Shows the penis, prostate, bladder, seminal vesicle, spermatic cord and inguinal canal and base.</p> <p>3. 72 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		12.5cm*18cm*16.5cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MAGNIFIED TESTICLE	
PART NUMBER:	0208020304	
BASIC FUNCTION:		
The model shows the inner structure of testicle.		
SPECIFICATIONS:(As per one set)		
Size:		10 times of life size
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FEMALE GENITAL ORGANS	
PART NUMBER:	0208020303	
BASIC FUNCTION:		
<p>1. Shows the internal and external female genital organs.</p> <p>2. The model consists of 4 parts and mounted on a stand. 40 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		12cm*14cm*15cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	FEMALE URINARY ORGAN	
PART NUMBER:	0208020302	
BASIC FUNCTION:		
30 positions are displayed.		
SPECIFICATIONS:(As per one set)		
Size:		40cm*28cm*10cm
Material:		Advanced PVC

ITEM:	MALE URINARY ORGAN	
PART NUMBER:	0208020301	
BASIC FUNCTION:		
30 positions are displayed.		
SPECIFICATIONS:(As per one set)		
Size:		40cm*28cm*10cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	Embryo	
PART NUMBER:	0208020300	
BASIC FUNCTION:		
<p>1. The embryo model is about 4 weeks old, and mounted on a stand.</p> <p>2. 12 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		14.5cmx12cmx6cm
Material:		Advanced PVC
G.W.:		0.4kg

Oral Dental Model

ITEM:	SET OF TEETH OF AN ADULT	
PART NUMBER:	0208020410	
BASIC FUNCTION:	Consists of 32 teeth	
		
SPECIFICATIONS:(As per one set)		
Size:	10x8x7cm	
Material:	Advanced PVC	
G.W.:	0.2kg	

ITEM:	LOWER JAW OF A 12-YEAR-OLD	
PART NUMBER:	0208020409	
BASIC FUNCTION:		
<p>1. This model shows the shape and conformation of the sets of permanent teeth of child (11-14 years old), as well as the structure of the decayed teeth.</p> <p>2. 21 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	17cm*29cm*6cm	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MOLAR MODEL	
PART NUMBER:	0208020408	
BASIC FUNCTION:		
The model can be divided to 6 parts. 14 positions are displayed.		
SPECIFICATIONS:(As per one set)		
Size:		16 times life size, 39cm*39cm*26cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	DENTAL CARIES MODEL	
PART NUMBER:	0208020407	
BASIC FUNCTION:		
16 positions are displayed.		
SPECIFICATIONS:(As per one set)		
Size:	16 times life size, 39cm*39cm*26cm	
Material:	Advanced PVC	

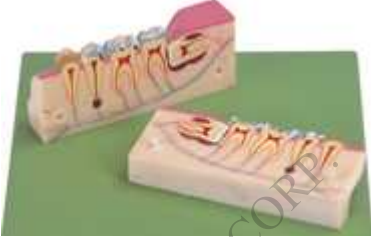

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	TEETH MODEL	
PART NUMBER:	0208020406	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Lower Incisor		17.5x4.5x4.5cm
Lower Canine		22x6.5x6cm
Lower Molar with one Root		18x5.5x7cm
Lower Incisor with two Roots		16.5x8x8.5cm
Lower First Upper Molar with three Roots		16x8x11cm

ITEM:	DEVELOPMENT OF A SET OF TEETH	
PART NUMBER:	0208020405	
BASIC FUNCTION:		
<p>1. The permanent teeth, demonstrating the teeth at the ages of less than 6 months, 2 years, 5 to 7 years, 17 to 26 years.</p> <p>2. Each model shows the upper and lower jaws of right side. They demonstrate the procedures of the germination of temporary teeth, replacement of the teeth, the germination of the permanent teeth, as well as the development of the upper and lower jaws and maxillary sinus.</p> <p>3. 18 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:	Life size	
Material:	Advanced PVC	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	DISSECTED MODEL OF TEETH TISSUE	
PART NUMBER:	0208020404	
BASIC FUNCTION:	<p>1. The model can be dissected in 2 parts, shows the first molar and second molar in lower jaw, demonstrating the shape and conformation of the first molar, second molar, third molar and the repaired decayed tooth.</p> <p>2. 12 positions are displayed.</p>	
		
SPECIFICATIONS:(As per one set)		
Size:	4.5cm*11cm*4cm	
Material:	Advanced PVC	

ITEM:	DENTAL DISEASES MODEL	
PART NUMBER:	0208020403	
BASIC FUNCTION:		
<p>1. This model includes 25 kinds of teeth, such as teeth in rachitis, teeth in Hutchinson's disease, teeth in putrescence, decayed teeth, purulent pulpitis, root abscess, alveolar abscess, etc.</p> <p>2. 25 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		32cm*25cm*2cm
Material:		Advanced PVC

ITEM:	PATHOLOGIC TEETH WITH JAWS	
PART NUMBER:	0208020402	
BASIC FUNCTION:		
<p>1. Shows the pathologic structure of decayed tooth, pulpitis, apical putrescence, paradentitis and apical abscess.</p> <p>2. 20 positions are displayed.</p>		
SPECIFICATIONS:(As per one set)		
Size:		18cm*16.5cm*6cm
Material:		Advanced PVC

ITEM:	LOWER JAW OF AN 18-YEAR-OLD	
PART NUMBER:	0208020400	
BASIC FUNCTION:		
<p>1. The model shows the left half of the lower jaw.</p> <p>2. The canine and first molar can be taken out and is detachable.</p>		
SPECIFICATIONS:(As per one set)		
Size:		2.5 times life size, 18.5cm*31cm*8cm
Material:		Advanced PVC

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

Childbirth Simulation

ITEM:	CHILDBIRTH SIMULATOR	
PART NUMBER:	0208030000	
BASIC FUNCTION:		
<p>The model shows the seven stages of birth: engagement—descent—flexion—internal rolling—spread—reposition and external rolling—childbirthing</p>		
SPECIFICATIONS: (As per one set)		
Weight		11 kg
Packing size		66*49.5*39 cm

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

Gynecological Traing

ITEM:	ADVANCED INSPECTION AND PALPATION OF BREAST MODEL	
PART NUMBER:	0208030142	
BASIC FUNCTION:		
<p>1. This model can be used to exercise mammary tumors palpation skill.</p> <p>2. In order to facilitate training process, we implant benign tumors and malignant tumors into the mammary gland.</p> <p>3. Basing on various position, size, texture, the students can identify the tumor is benign or malignant.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	Gynecological Examination Model	
PART NUMBER:	0208030141	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. Palpation of normal and pregnant uterus 2. Bi-manual pelvic and tri-manual pelvic examination 3. Vaginal examination 4. Contraceptive instrument insertion and removal 5. Observation of uterus, ovary, fallopian tubes, and ligament teres 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

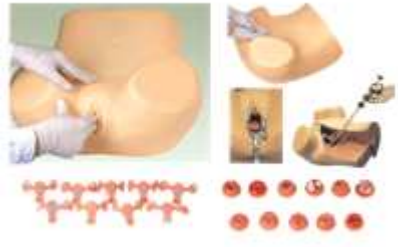

ITEM:	VULVA SUTURING TRAINING SIMULATOR	
PART NUMBER:	0208030140	
BASIC FUNCTION:	Right posterior incision, left posterior incision or median incision can be selected to exercise perineum cutting and suturing.	
SPECIFICATIONS:(As per one set)		
Size:	19.5x21x25cm	
G.W.:	1.2kg	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MATERNITY EXAMINATION MODEL	
PART NUMBER:	0208030139	
BASIC FUNCTION:		
1. Palpation 2. Pelvic measurement and 3. Mammary nursing training		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MATERNITY EXAMINATION MODEL	
PART NUMBER:	0208030138	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. Palpation 2. Embryo heart sound auscultation 3. Pelvic measurement 4. Mammary nursing training 		
Specifications:(As per one set)		
Size	68x28.5x55cm	
G.W.	14.5kg	

ITEM:	GYNECOLOGICAL EXAMINATION MODEL	
PART NUMBER:	0208030137	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Palpation of normal and pregnant uterus 2. Bi-manual pelvic and tri-manual pelvic examination 3. Vaginal examination 4. Visual recognition of normal and abnormal cervixes 5. Contraceptive instrument insertion and removal 6. Observation of uterus, ovary, fallopian tubes, and ligament teres 7. Normal and abnormal uterus and attachment model 8. Place and remove IUD by using the guide fork of contraceptive ring; 9. Gravid uterus (five-mouth fetus) 10. Extra-uterine pregnancy (ampullary pregnancy) 11. Salpingemphraxis 		
SPECIFICATIONS:(As per one set)		
	Size:	68.5x29x55.5cm
	G.W.:	12.5kg

ITEM:	LABOR DELIVERY MODULE	
PART NUMBER:	0208030136	
BASIC FUNCTION:		
<p>1. Six labor stations selected to represent conditions of the cervix and vagina prior to labor, during labor, and at birth.</p> <p>2. Stations illustrated are: STA -5 prior to onset of labor; STA -4 cervix partially effaced; STA -3 cervix fully effaced; STA 0 fetal head at plane of ischial spine; STA +2 cervix nearing full dilation; STA +5 crowning of fetal head.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	VACUUM DELIVERY MODEL	
PART NUMBER:	0208030135	
BASIC FUNCTION:		
Smooth, soft skull with fontanelles for realistic vacuum delivery.		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	DIFFICULT LABOR MODEL	
PART NUMBER:	0208030134	
BASIC FUNCTION:		
The simulator can demonstrate all kinds of difficult deliveries.		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	PERINEUM CUTTING AND SUTURING TRAINING SIMULATOR	
PART NUMBER:	0208030132	
BASIC FUNCTION:		
<p>1. This model is designed for practice of perineum cutting and suturing.</p> <p>2. The main structure of the simulator is a perineum, which is made of simulative foam, and the inner muscle is soft PVC. The simulator is mounted on a plastic framework.</p> <p>3. There are two handles in the back and bottom of the simulator to adjust tension of the perineum.</p> <p>4. Right posterior incision, left posterior incision or median incision can be selected to exercise perineum cutting and suturing.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BREAST EXAMINATION MODEL	
PART NUMBER:	0208030131	
BASIC FUNCTION:		
Palpation of malignant tumor, benign tumor, lymphaden and lobulus accrementition.		
SPECIFICATIONS:(As per one set)		
	Size:	37x18.5x29.5cm
	G.W.:	4kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	INFANT NURSING MODEL	
PART NUMBER:	0208030130	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Realistic fontanel, coronal suture and parietal suture; 2. Place nasal and oral gastric tubes; 3. Rectal temperature measurement; 4. Umbilicus nursing; 5. Realistic testis in the scrotum; 6. Training of bathing, lactation, lavage, etc 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	IUD TRAINING MODEL	
PART NUMBER:	0208030129	
BASIC FUNCTION:		
<p>1. Basing on real anatomy of female genitalia, we designed this model for instructing or training of insertion or removal IUD.</p> <p>2. The uterus is in coronal section and covered with transparent plastic window. So students can directly observe the entire insertion or removal process.</p>		
SPECIFICATIONS:(As per one set)		
	Size:	22x21.5x26.5cm

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	Advanced IUD Training Model	
PART NUMBER:	0208030128	
BASIC FUNCTION:		
<p>1. Removable top section consists of the female genitalia, bladder, and rectum, etc.</p> <p>2. Erect position</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	Childbirth Skills Training Model	
PART NUMBER:	0208030127	
BASIC FUNCTION:		
<p>This model consists of pelvic cavity, fetus (with umbilical cord and placenta), cervix check model (cervix change of antepartum), perineum cutting and suturing training simulator and etc. With lifelike shape, cervix check and childbirth procedure can be operated.</p> <p>Trainees can simulate proper childbirth procedure, assist delivery, perineum protecting and episiotomy.</p> <p>Features:</p> <p>1. Cervix check model: Size of cervical ora, effacement of cervical canal and the position of fetal head corresponding to the plane of ischial spine can be checked.</p> <p>2. Fetus model: The skin is soft and fontanel is visible. Vacuum extraction, umbilical cord ligation and placenta expulsion can be exercised.</p> <p>3. Childbirth model: The model consists of transparent abdominal wall and lifelike skin. Simulate normal or difficult labors, assist delivery and perineum protecting.</p> <p>4. Perineum cutting and suturing training simulator: The simulator can be used repeatedly. One set of the simulator consists of three components; separately simulate the right posterior incision, left posterior incision or median incision.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	LEOPOLD MANEUVERS MODEL	
PART NUMBER:	0208030126	
BASIC FUNCTION:	The automatic birthing system rotates baby as it moves through the birth canal.	
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	MALE CONDOM MODEL	
PART NUMBER:	0208030125	
BASIC FUNCTION:		
<p>1. Mounted on a Lucite stand;</p> <p>2. Penis is erect</p>		
SPECIFICATIONS:(As per one set)		
	Size:	29x20x13cm
	G.W.:	0.7kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	NEWBORN BABY DOLLS	
PART NUMBER:	0208030124	
BASIC FUNCTION:		
Term fetus		
SPECIFICATIONS:(As per one set)		
Size:		52.5cm x 27cm x 15.5cm
G.W.:		2.7kg

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	Newborn baby with visible umbilical cord	
PART NUMBER:	0208030123	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	52.5cm x 27cm x 15.5cm	
G.W.:	2.5kg	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	Newborn baby without umbilical cord	
PART NUMBER:	0208030122	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	52.5cm x 27cm x 15.5cm	
Material:	1.5kg	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	One-month baby	
PART NUMBER:	0208030121	
BASIC FUNCTION:		
SPECIFICATIONS:(As per one set)		
Size:	52.5cm x 27cm x 15.5cm	
Material:	1.5kg	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED DELIVERY AND MATERNAL AND NEONATAL EMERGENCY SIMULATOR	 <p>The image shows a medical simulator for obstetrics. It includes a full-body female mannequin lying on her back, a smaller infant mannequin, and an inset image showing a cross-section of the female torso with internal organs like the uterus and fetus visible. A large diagonal watermark 'CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.' is overlaid on the image.</p>
PART NUMBER:	0208030120	
BASIC FUNCTION:		
<p>Features:</p> <ol style="list-style-type: none"> 1. Prenatal nursing for pregnant women and fetal and postnatal nursing for mother and newborns 2. Life size, flexible joints , soft and removable abdominal wall 3. Tracheal intubation and simulate chest wavy state 4. Automatic birthing system, fully simulate the real delivery process, 5. Obstetric palpation examination 6. Auscultation for multiple fetal heart sound 7. Replaceable dilating cervixes 8. Cervix examination model: Six simulation stages to represent conditions of cervix and the position relation between fetal head and plane of ischial spine ; Stations in the first stage of labor: <ol style="list-style-type: none"> 1) Stage 1: no dilation of cervix, cervical canal does not efface, the position relation between fetal head and plane of ischial spine - 5, 2) Stage 2: dilation of 2cm of cervix, effacement of 50% of cervical canal, position relation between fetal head and plane of ischial spine-4; 3) Stage 3: dilation of 4cm of cervix, full effacement of cervical canal, position relation between fetal head and plane of ischial spine-3; 4) Stage 4: dilation of 5cm of cervix, full effacement of cervical canal, position relationship between fetal head and plane of ischial spine-0 5) Stage 5: dilation of 7cm of cervix, full effacement of cervical canal, position relation between fetal head and plane of ischial spine+2 6) Stage 6: dilation of 10 cm of cervix, full effacement of cervical canal, position relation between fetal head and plane of ischial spine+5; 9. Check fetal head descent and cervix dilation 10. Simulate multiple placenta position 11. Venous channel for administration and nutrition in maternal arm 12. Exercise of postpartum cutting and suturing on perineum 		

<p>13. Life size of normal newborns</p> <p>14. Neonatal tracheal intubation</p> <p>15. CPR of pregnant women: Take artificial respiration and external cardiac compression under the standards of 2005 international CPR guidelines, electronic monitoring of airway open, blowing volume, times and frequency, and compression times, frequency, position and depth;</p> <p>15. Administration through umbilical vein</p>

SPECIFICATIONS:(As per one set)

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED WEARABLE GRAVIDA MODEL	
PART NUMBER:	0208030118	
BASIC FUNCTION:		
<p>1. Provide exercises of four maneuvers of Leopold, auscultation of fetal heart sound, external measurement of pelvis and breast nursing;</p> <p>2. Wearable design and suitable for a group of two students to practice;</p> <p>3. Accurate anatomical structure and the abdominal bulge model is made of imported thermoplastic elastic plastic material with lifelike shape and touch feeling;</p> <p>4. The auscultation of fetal heart sound is controlled by computer chip, and the speed and volume of the fetal heart sound is also adjustable. Available of realistic fetal heart sound and exercise of hearing fetal heart sound via stethoscope or public broadcast;</p> <p>5. Inject air into the uterus through exterior balloon, measure the vertical height of uterus and abdomen circumference;</p> <p>6. To be closest to human body along with the conditioning of air, and chorionic villi sampling (simulate 8-10 weeks of pregnancy), amniocentesis (simulate 16-20 weeks of pregnancy), can be replaceable.</p>		
SPECIFICATIONS:(As per one set)		
Size:	10 times of life size	
Material:	Advanced PVC	

ITEM:	ADVANCED FUNDUS OF UTERUS EXAMINATION AND EVALUATION MODEL	
PART NUMBER:	0208030117	
BASIC FUNCTION:		
<p>1. With normal physiological changes of the postpartum women, provide assessment of postpartum fundus of uterus and massage skills training;</p> <p>2. Hip joint is movable and can be placed correct body position.</p> <p>3. Realistic anatomical landmark of united bones of toes;</p> <p>4. Interchangeable Uterus:</p> <ul style="list-style-type: none"> Normal uterus Postpartum uterus of the first hour Postpartum uterus of the second day Postpartum uterus of the second week Callous uterus with good contraction Soft uterus without good contraction <p>5. Expansion of vaginal orifice</p> <p>6. Easy to separate the labium minus and expose the vagina;</p> <p>7. Lear energy of cunnus</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	BREAST EXAMINATION MODEL
PART NUMBER:	0208030116
BASIC FUNCTION:	
<p>1. Simulate a female upper body with moderate size breast, be made of imported material, soft skin and realistic touch feeling;</p> <p>2. Can be tiled on the desktop to demonstrate teaching;</p> <p>3. With cloth elastic and can be worn in front of breast for self-examination, adjustable length and tightness;</p> <p>4. Breast tumor and typical features:</p> <ol style="list-style-type: none"> 1) Hyperplasia of mammary glands 2) Slick fringe of the benign tumor and movable; 3) Lots of different size and hardness malignant tumor in mammary glands; 4) Metastasis of malignant tumor and lymph, intumescence and accretion of absorbent gland in left arm pit and clavicle; 5) Sagging breasts 6) Tangerine pericarp-like changes of skin 7) Suffusion of one side mamilla 	
SPECIFICATIONS:(As per one set)	

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED EMBRYO DEVELOPMENT MODEL	EMBRYO PROCESS	
PART NUMBER:	0208030115		
BASIC FUNCTION:			
<p>1. Be placed in the beautiful rigid box, divided into 8 different process of embryo development;</p> <p>2. Videos vividly describe the embryonic development, the magical process of embryonic growth and reveal the mysteries of life;</p>			
SPECIFICATIONS:(As per one set)			

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED TWENTY-FOUR/THIRTY WEEKS PREMATURE INFANT MODEL	
PART NUMBER:	0208030114	
BASIC FUNCTION:		
<p>1. With physiological features of preterm infant: Under 2500 grams in weight, less than 47cm in body length, soft skin with bright red, thin epidermis and visible of blood vessel, loose and wrinkling facial skin, flabby cervical muscle, hypotonia of limbs, hypertrichosis lanuginose, soft ear conch, unclear areola mammae, little dermatoglyphic patterns of sole, retained testicle of male infant, and labium majus can not cover labium minus for female; Can observe the physiologic icterus.</p> <p>2. Bregmatic Palpation for preterm infant, broad seam of bones of cranium, large fontanel and soft fringe of fontanel;</p> <p>3. Cleaning and bathing exercise of preterm infant in the incubator;</p> <p>4. Sputum suction and nasal feeding practice</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	HIGH INTELLIGENT INFANT SIMULATOR	
PART NUMBER:	0208030113	
BASIC FUNCTION:		
<p>1. The infant simulator is made of imported thermoplastic, with features of high and low temperature resistant, non-deformation, flexible and water-proof and realistic shape.</p> <p>2. Totally three sets of nursing and care procedures which are suitable for most of the babies' anxiety. Baby would show the anxiety feeling, such as noisiness, and crying from time to time. Learners can take correct nursing accordingly.</p> <p>3. The whole procedure would take continuously for 48 hours. And in every 48 hours, there will be 25-27 times of care process occurs from time to time, and each time would last 5 to 30 minutes. During these times, students should focus on caring for their "children". And the total caring time within the 48 hours for the students is 7 hours.</p> <p>4. Provide a set of key. Students will use the key to let the noisy and disturbing baby quiet down without interrupting the whole simulating procedure. And students must make correct judgment for baby crying so as to solve the problem with the correct key, what is so-called one key for one lock. If you use the wrong key, the baby would continue crying.</p> <p>5. One "Emergency Key" is used to make baby quiet down when students can not make correct judgment and take correct nursing for baby crying because of without the whole simulating device.</p> <p>6. The control box would remind teachers and students of their wrong nursing way.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	TRANSPARENT CURRENTAGE MODEL	
PART NUMBER:	0208030112	
BASIC FUNCTION:		
<p>This model is designed for learners to learn artificial abortion curettage in clinical practice. It allows beginners to learn the anatomy of obstetrics and gynecology, and practice dilation, curettage, urethral catheterization and other related operation. And it is useful for classroom teaching.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Transparent casing, solid, beautiful and visible of the pelvic internal structure, operation steps can be observed if they are correct; 2. Good flexibility of vagina, vaginal speculum can be used, soft and elastic uterine material, realistic shape; 3. Soft touching feeling of genitals, simulation shape, correct structure of the labia majora, labia minora, urethra, vagina; 4. Realistic internal anatomical structure: uterus, fallopian tube, ovary, bladder, ureter; 5. Around 6-7 weeks of gestation sac can be seen in the transparent uterus; 6. Urethral catheterization operation , female bladder irrigation 7. Uterine dilator and curet can be inserted into cervix 8. With basement support and can fix the uterus in the right position 9. Transparent curettage demonstration model: anteversion position ,horizontal position, and retroversion position. 		
SPECIFICATIONS:(As per one set)		

ITEM:	ADVANCED ABORTION UTERUS	ARTIFICIAL SIMULATED	
PART NUMBER:	0208030111		
BASIC FUNCTION:			
<p>This model is designed for students to learn artificial abortion curettage in clinical practice. It includes three modules: horizontal position uterus, anteversion uterus of 6-7weeks pregnancy, and retroversion uterus of 6-7 pregnancy.</p> <p>Features:</p> <ol style="list-style-type: none"> 1. Imported material, soft and elastic, realistic shape; 2. Three pregnant uterus can be open and add to simulated gestation sac; 3. Uterine dilator and curet can be inserted into cervix; can simulate curettage operation and the simulated gestation sac can be scraped; 4. With basement support and can fix the uterus in the right position. 			
SPECIFICATIONS:(As per one set)			

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED FAMILY PLANNING EDUCATION MODEL	
PART NUMBER:	0208030110	
BASIC FUNCTION:		
<p>1. Accurate anatomical structure: soft abdominal wall, uterus, accessories, etc.</p> <p>2. Designed for family planning and skills operation.</p> <p>3. The transparent part can help to observe the placement of intrauterine contraceptive device, and operators can observe if the steps are correct.</p> <p>4. Indicate three different position of uterus: anteversion position, horizontal position, and retroversion position.</p> <p>5. Practice bimanual examination techniques, placing and removing the vaginal diaphragm, intrauterine contraceptive device and foam sponge contraceptive device.</p>		
SPECIFICATIONS:(As per one set)		

ITEM:	MALE CONDOM MODEL	
PART NUMBER:	0208030109	
BASIC FUNCTION:		
<p>Imported material, soft and realistic feel, can demonstrate and practice right and wrong using method of condom</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED FEMALE CONTRACEPTION PRACTICE MODEL	
PART NUMBER:	0208030108	
BASIC FUNCTION:		
<p>1. Imported material, high-quality and environmental protection.</p> <p>2. Simulate anteversion uterus, fallopian tubes, labium, vagina and transparent abdominal wall cover in the pelvic cavity.</p> <p>3. Expansion of vagina, the use of vaginal speculum, operation of female condom, contraceptive sponge and cervical cap.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED SUBCUTANEOUS EMBEDDED CONTRACEPTIVE TRAINING ARM	
PART NUMBER:	0208030107	
BASIC FUNCTION:		
<ol style="list-style-type: none"> 1. Imported material, realistic model, simulating left upper arm and lampros layer, and be mounted on the base plate 2. Exercise of subcutaneous embed and dislodging contraceptive material; 3. Skin can be fixed 		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	ADVANCED SUBCUTANEOUS EMBEDDED GUIDING MODEL	
PART NUMBER:	0208030106	
BASIC FUNCTION:	<p>1. Imported material, realistic touching feeling, simulate deltoid muscle</p> <p>2. Be mounted on the base plate, practice subcutaneous embed and removing of contraceptive material</p>	
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	IUD TRAINING MODEL	
PART NUMBER:	0208030105	
BASIC FUNCTION:		
<p>The model accurately show uterine lateral section, with transparent membrane covering on the model, can clearly observe IUD insertion and placement process.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	IUD TRAINING MODEL	
PART NUMBER:	0208030104	
BASIC FUNCTION:		
<p>The model accurately show uterine lateral section and internal structure of the internal genital, clearly observe IUD insertion and placement process.</p>		
SPECIFICATIONS:(As per one set)		

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	EPISIOTOMY SUTURING SIMULATORS	
PART NUMBER:	0208030103	
BASIC FUNCTION:		
The models demonstrate the wound in different positions in pudendum. It's made of soft materials, can be used in many times suturing training.		
SPECIFICATIONS: (As per one set)		
Weight		1.2 kg.
Packing size		19.5*21*25 cm

CHINA EDUCATIONAL INSTRUMENT & EQUIPMENT CORP.

ITEM:	GYNECOLOGICAL EXAMINATION MODEL	
PART NUMBER:	0208030101	
BASIC FUNCTION:	<ol style="list-style-type: none"> 1. Palpation of normal and pregnant uterus 2. Bi-manual pelvic and tri-manual pelvic examination 3. Vaginal examination 4. Visual recognition of normal and abnormal cervixes 5. Contraceptive instrument insertion and removal 6. Observation of uterus, ovary, fallopian tubes, and ligament teres 7. Normal and abnormal uterus and attachment model 8. Place and remove IUD by using the guide fork of contraceptive ring; 9. Gravid uterus (five-mouth fetus) 10. Extra-uterine pregnancy (ampullary pregnancy) 11. Salpingemphraxis 	
SPECIFICATIONS:(As per one set)		
	Size:	68.5x29x55.5cm
	G.W.:	12.5kg
